If I could be invisible for one day, I would skate around the valley with a Pepsi in my hand and mess with people. When I am upset with my parents, I get a funky haircut and embarrass them in public. My biggest fear is growing up, wearing a suit, and having a head of hair. If I had the choice of a strict or relaxed teacher, of course, I'd pick a strict one!

Richard Reyes

A

CH

I am more proud of becoming my mom's closest friend than anything else. The silliest thing I've ever done was sit in a cardboard box and pretend I was in Top Gun. If I could time travel, I'd go back to the 60's and go to Woodstock. If I could make one CHANGE in my life, I would play the guitar more often than I do.

Liana Elliott

The worst job I could pick for the future would be a guinea pig for the government. I don't think I'll ever grow up, just grow old. If I had \$1,000 to help people, I would feed as many people as possible. My favorite day-dream is the one where I end the world of racism. If I could make one CHANGE in my life, I would have finished high school in the first 4 years.

Chris Borella

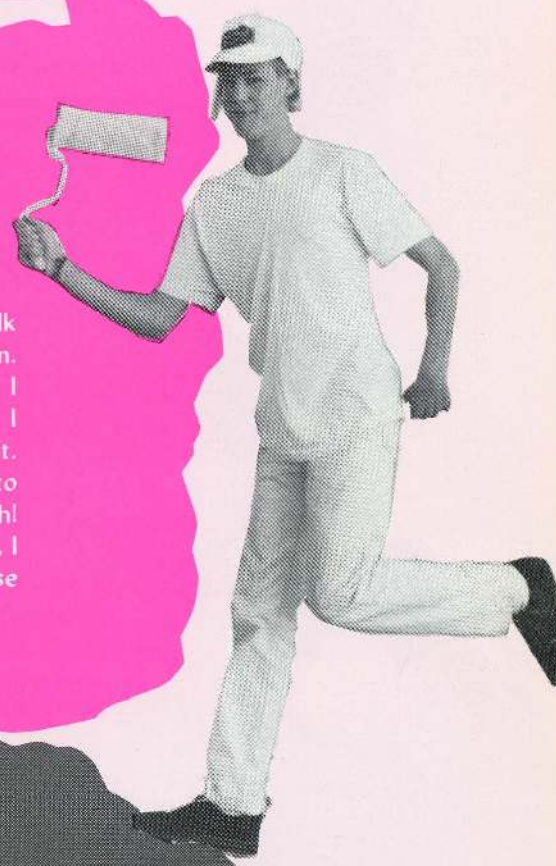

N

GET

If I had 24 hours to do anything I wanted, I'd probably do something boring, like sleep. My biggest fear is growing old. Every once in a while I say I don't like something that I really do, just for the sake of argument. I love life as it is, but if I could CHANGE one thing, I would make myself a better person.

Courtney Hudson

When I am angry with my parents, I talk back to them and roll my eyes at them. If I could CHANGE into someone else, I would CHANGE into Jackie Smith, so I could hear what all the girls talk about. Debbie is my favorite teacher. I like to work in her class, but she smiles too much! If I could make one CHANGE in my life, I would go back to the 7th grade because that's where I started to lag.

The silliest thing I've ever done was whistle as loud as I could during a math exam just to break the tension. Open closets at night scare me even though I know there's nothing to really be afraid of. Thinking about my future is what makes me work as hard as I can. The best thing a person could say to me would be, "You are a good person". If I could CHANGE one thing, I'd make myself more willing to do things. I want to be more motivated.

Heidi Kinney

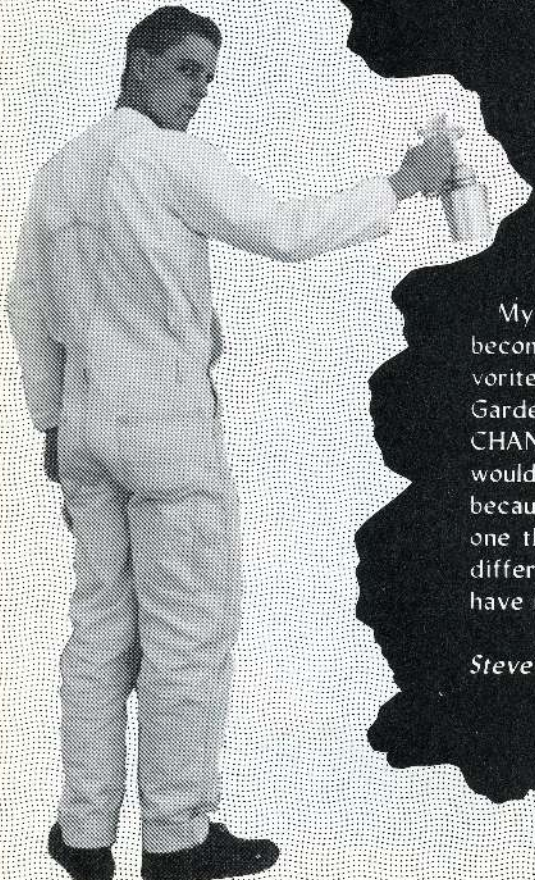

To be invisible for a day would be great! I would listen in the boy's room. Should someone give me \$1,0000 to help others, I'd give it to my mom to pay the bills. I would like to be Liana for awhile, so I could know how she thinks and sees things. If I could CHANGE one thing, It would be the fact that people can hurt other people.

Sonya Bryant

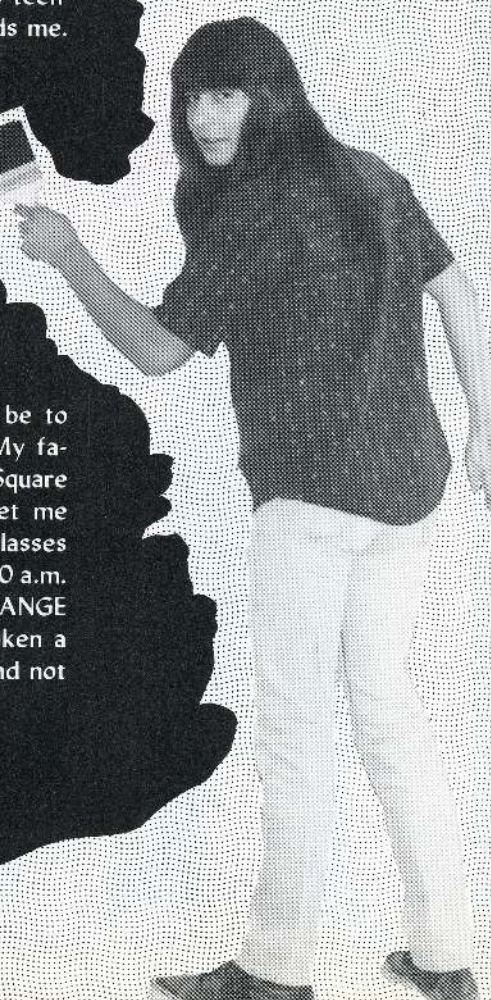

If I had 24 hours to do anything I wanted, I would go into outer space just to walk around. If I could be invisible for a day, I would spy on my parents to see if they are hypocrites. My favorite daydream is the one where I am diving in the Bahamas. The one thing I would CHANGE in my life is my teenage years because no one understands me.

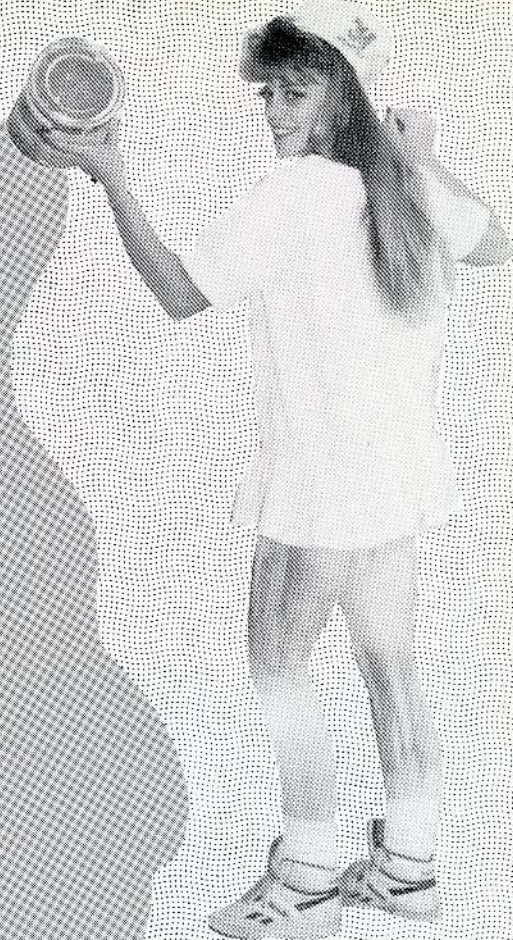

Mark Irvin

My choice for a future job would be to become a successful band member. My favorite daydream is playing at Madison Square Gardens. If Mr. Artzer decided to let me CHANGE one rule, it would be that classes would start at 8:30 a.m. instead of 8.00 a.m. because I am always late! If I could CHANGE one thing in my life, I would have taken a different route home on March 5th and not have been in a car accident!

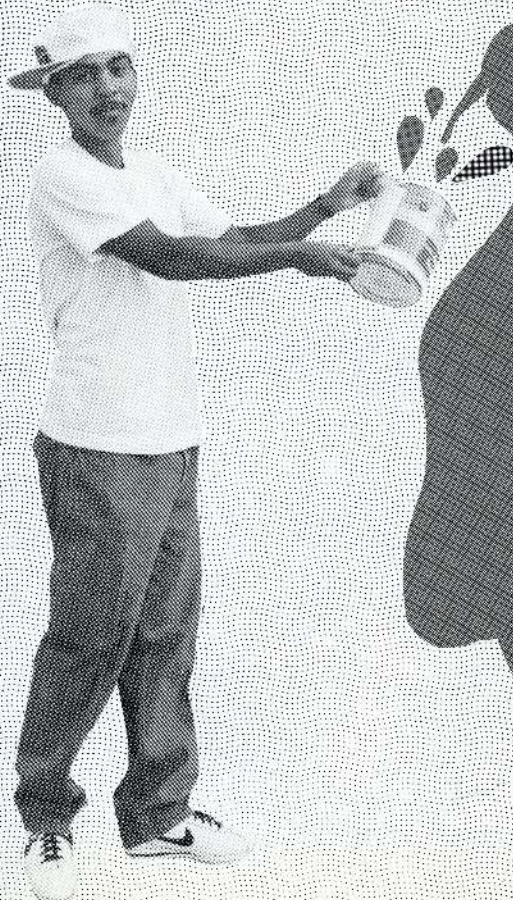

Steve Contreras

The best job I could choose for myself would be a marine biologist. "Jake, the Snake" is the nickname I would choose. If I could be invisible for a day, I would go house to house and make everyone think their house was haunted. The thing that scares me is that BIG, furry monster under my bed. He's nice, so he won't hurt me, but he's scary-looking.

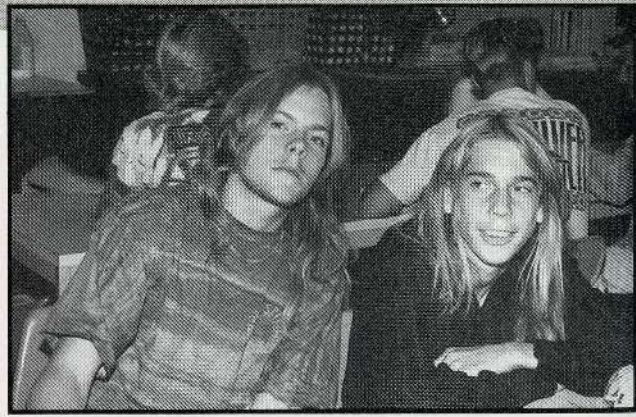

Jackie Smith

The nicest thing a person could tell me is, "You're nice". The one thing that I am most proud of is starting to care about my education. I am afraid of dogs that bark although there is nothing to be afraid of. If I had \$1,000 to spend on others, I'd help all the Hispanics less fortunate than myself. If I could make one CHANGE in my life, I would go back to my old neighborhood.

Dennis Franco

People CHANGE ...

"Friends are always there when you need them."

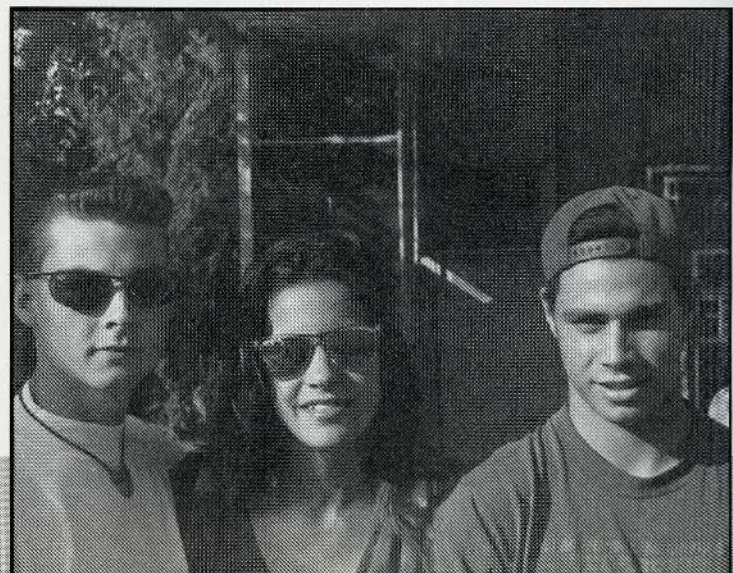

"We're better off just friends."

"A friend is someone who knows all about you and still loves you."

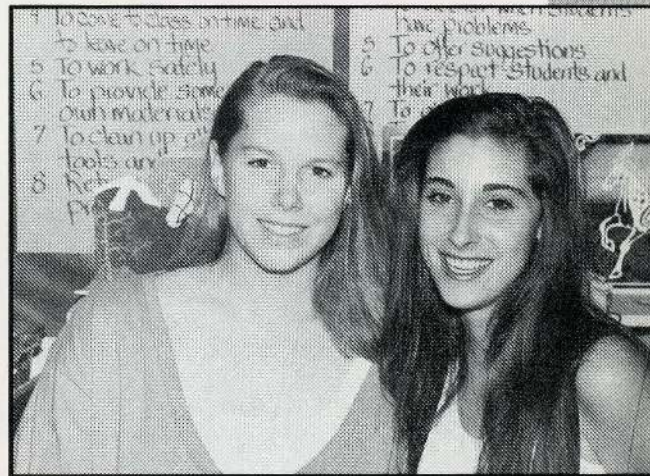

"It's nice to have a peaceful friend."

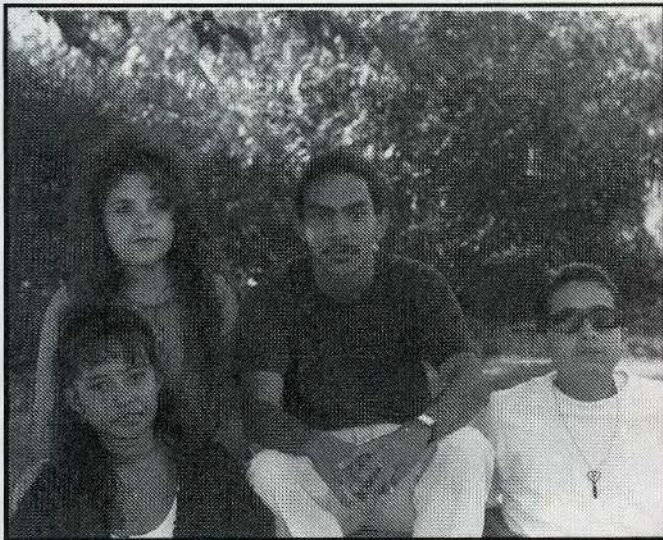

"Friends are someone you can kick back with when your girlfriend flakes on you."

"I can remember when we used to hate each other."

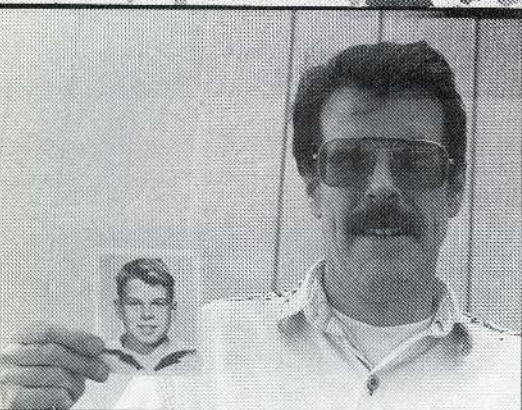

"Friends are always there to back you up."

But our real friends stay the same.

A CHANGE in my life . . .

This year the 1992 "Visions" staff asked our Bowman teachers what one thing has inspired them to change the most.

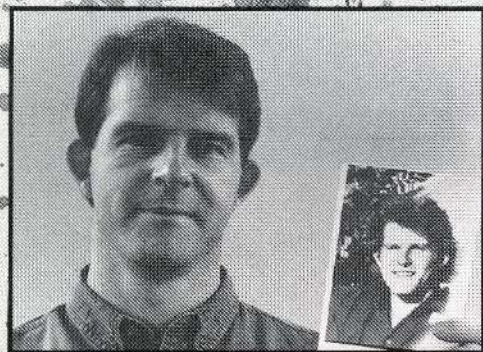

Steve Mahan
English

"Literature has changed and greatly affected everything in my life."

JoAnn Ward
Modern Civ., U.S. History, Psychology

"Going to college and moving out on my own inspired me to change the most. Having to pay all of my bills from my own hard-earned money was a lot of responsibility."

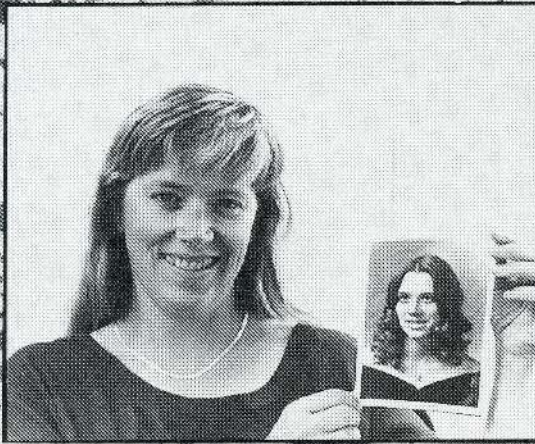

Kent Swick
Science, Health

"Knowing there is honor in aspiring to do what is right and believing that integrity is the reward."

Debbie Hild
Art, Photo, Yearbook

"I had a part-time job at a drug-rehab and was inspired by a counselor there and how he taught. It made me want to become a teacher."

Suzy Mansfield
English, Science Fiction, Poetry

"When my first child was born, I realized that there was someone looking to me for answers and as a model."

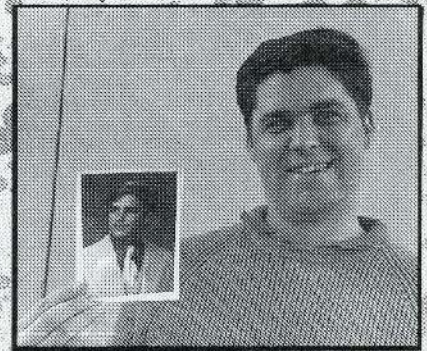

Fume Tonkinson
Business, Singles Living, Effective Parenting, Government, Economics

"Georgia Smith was a person who inspired me and taught me to be a teacher. Her enthusiasm and joyousness made me want to achieve."

Al Scrase
English Labs, Driver Education

"I came from an impoverished environment and had to pay for my entire education. Accomplishing this has changed me and fostered my self-esteem."

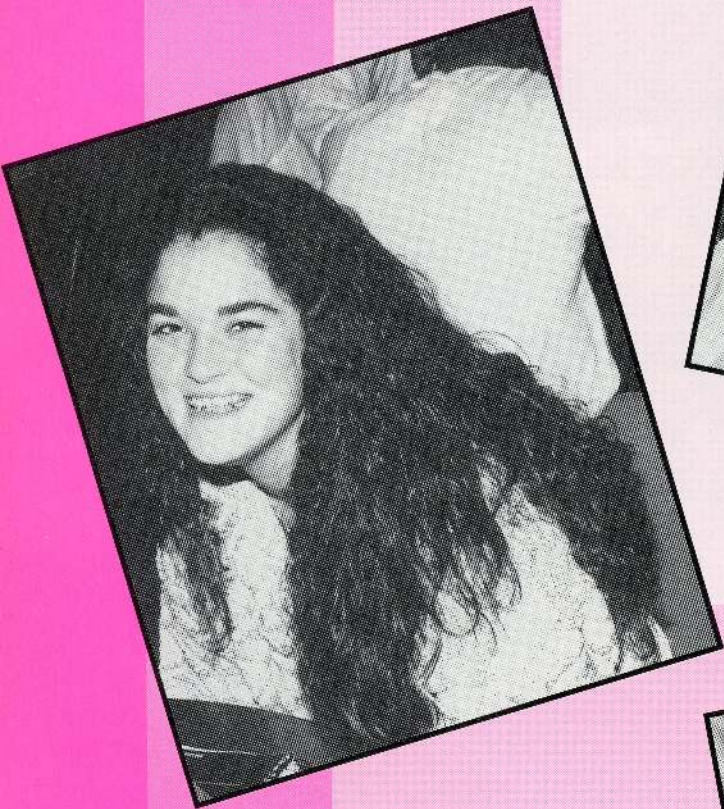

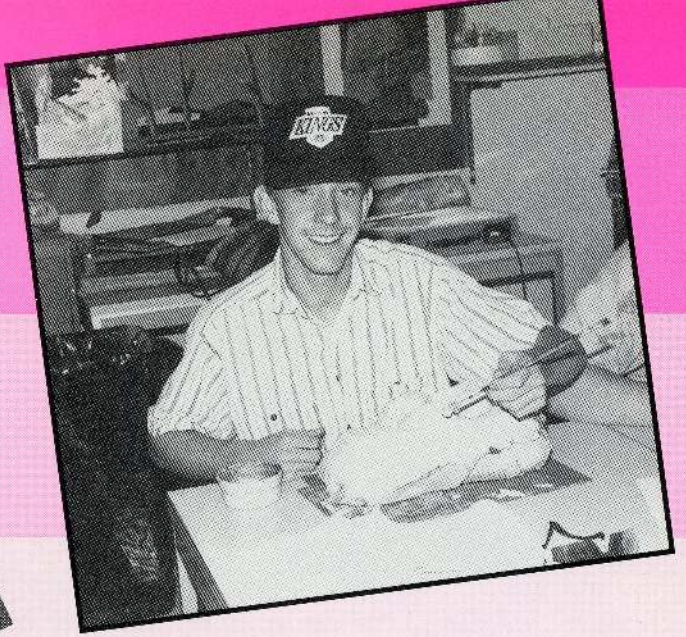

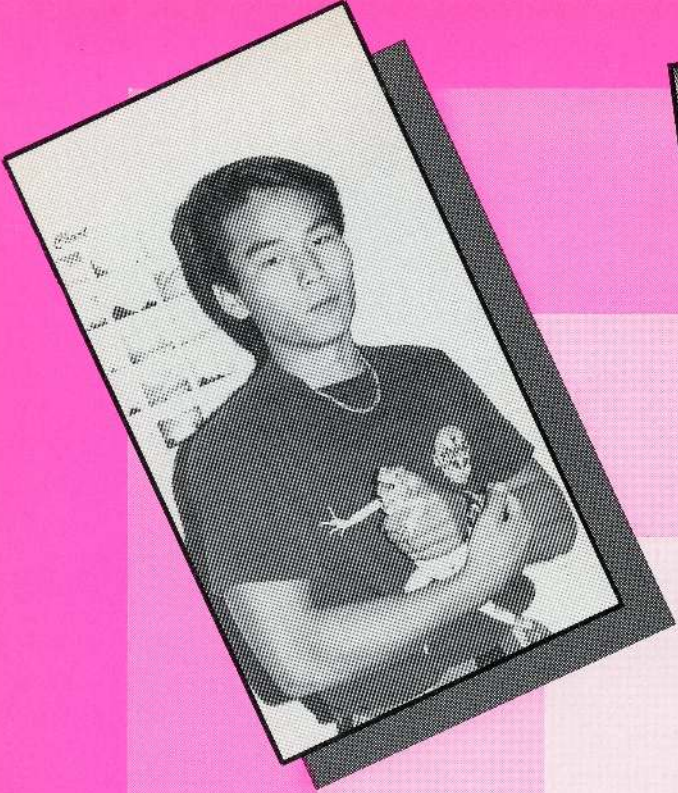

Dan Doggett
Math

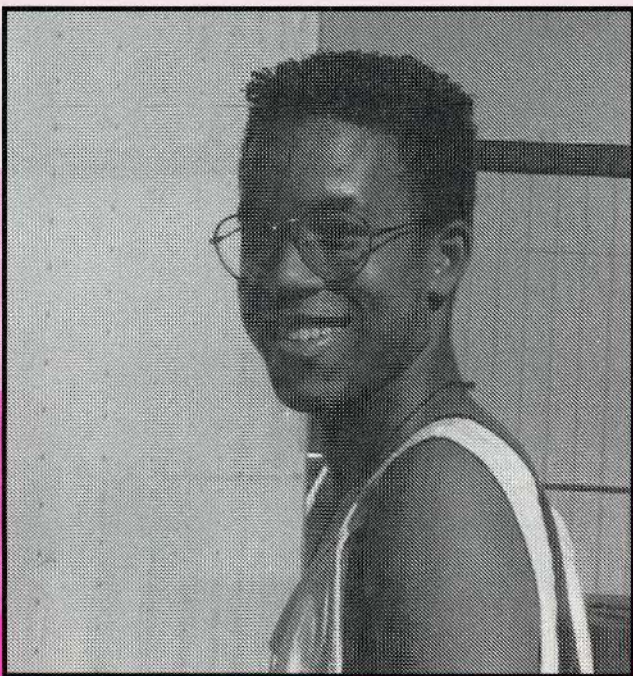

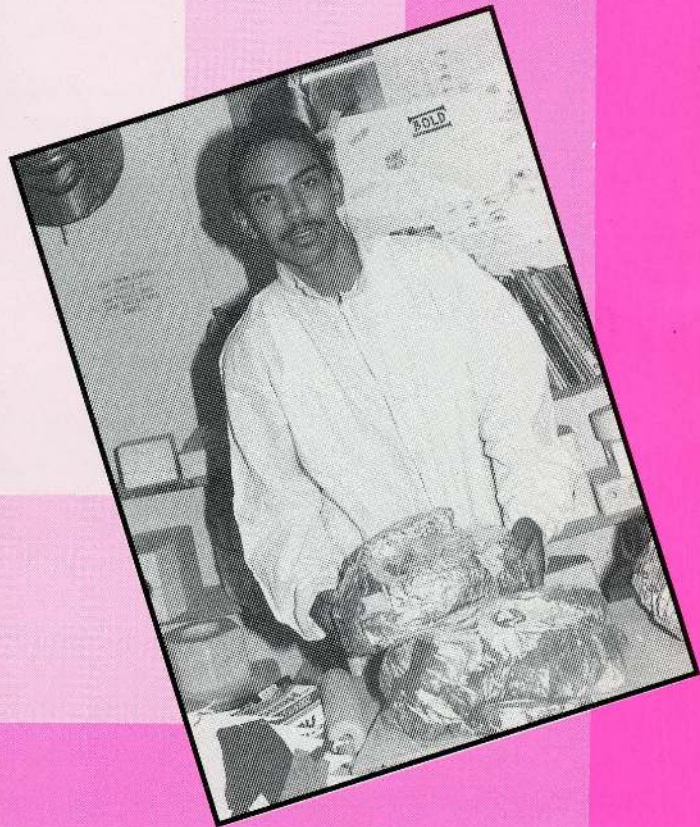

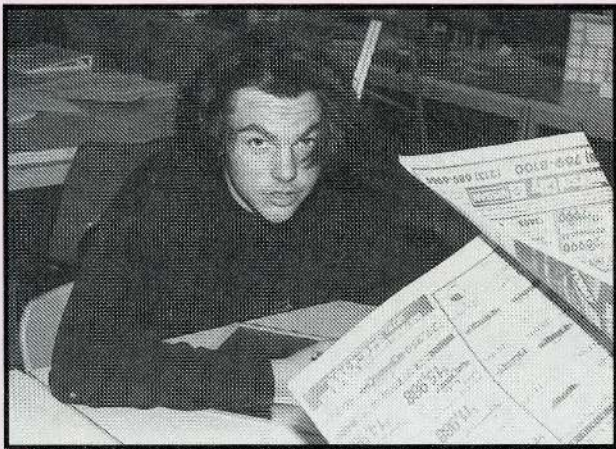

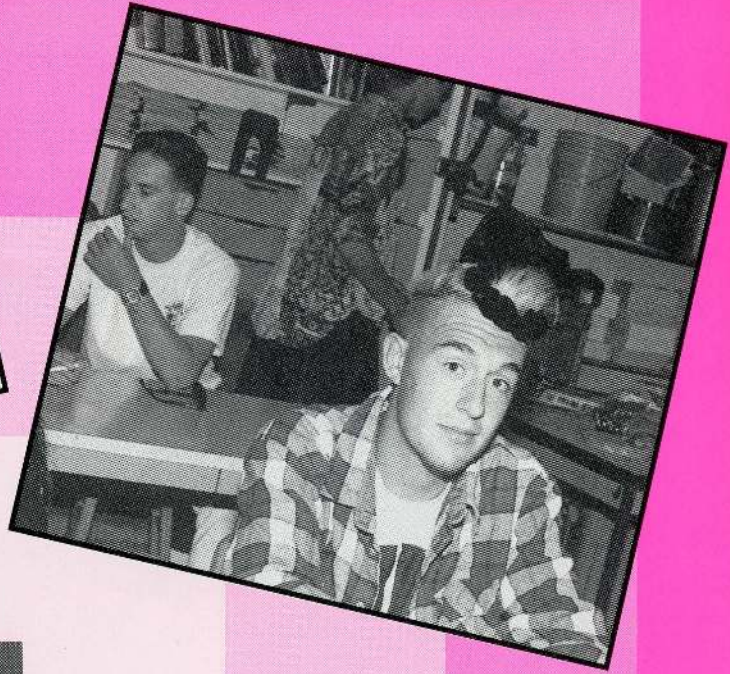

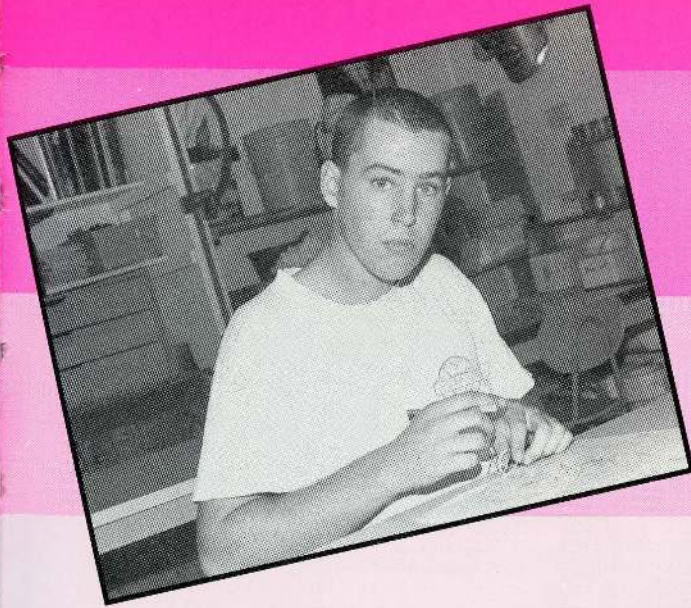

"I have been inspired to change by my involvement in the scouting program which developed my skills in leadership and communication."

JoAnn Aceto
Work Experience, Computers, A.S.B.

"I decided to go back to school and get a college degree. Pursuing a career has given me a greater sense of independence."

The 1992 "Visions" staff asked each Bowman staff member what one memory they would change from their school years. The following are their responses . . .

The one memory I'd CHANGE . . .

Lynn Forster
Counselor

"I wish I had been more involved in school activities because high school would have been more fun."

Marsha Brigleb
Principal's secretary

"I was invited to attend the junior prom and accepted. A better offer came along so I made an excuse to get out of the first date. I shouldn't have done that."

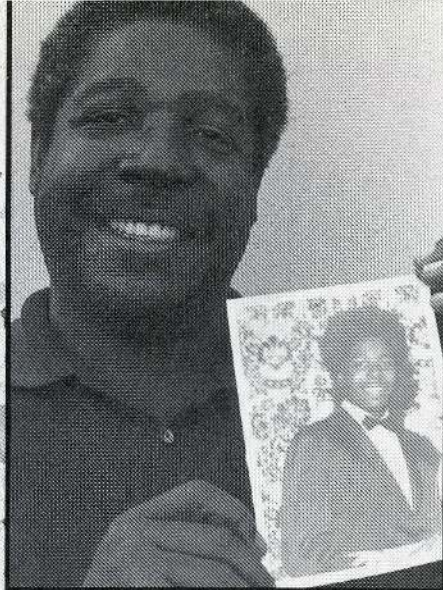

Peggy Effertz
Attendance Secretary, Registrar

"I never cut a class in high school so I missed being friends with the attendance secretary."

Bonnie Jaharis
Campus Supervisor

"I would have gotten more involved in all school activities such as A.S.B., yearbook and all other activities."

Mike Calhoun
Campus Supervisor

"I had no one to share my thoughts with about Dr. Martin Luther King's death except for my parent and priest. The kids in this valley didn't understand the problems that would come with this event."

Juanita Haase
Instructional Assistant

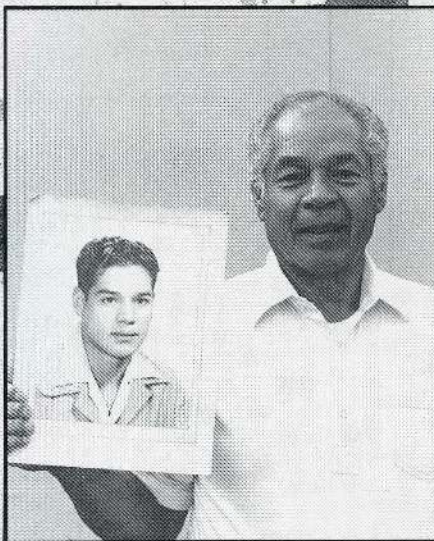

"The one memory I'd change would be learning to smoke. It was an expensive, dirty habit, and has most likely done damage to my body."

Johnny Inzunza
Custodian, Maintenance

"Going into the service is the one memory I would change from my school years because I didn't care too much for it."

Joy Williamson
Instructional Assistant

"I wish I'd taken more fun electives such as art and chorus, rather than study hall and drafting. I hated chemistry, and years later discovered how interesting physics would have been."

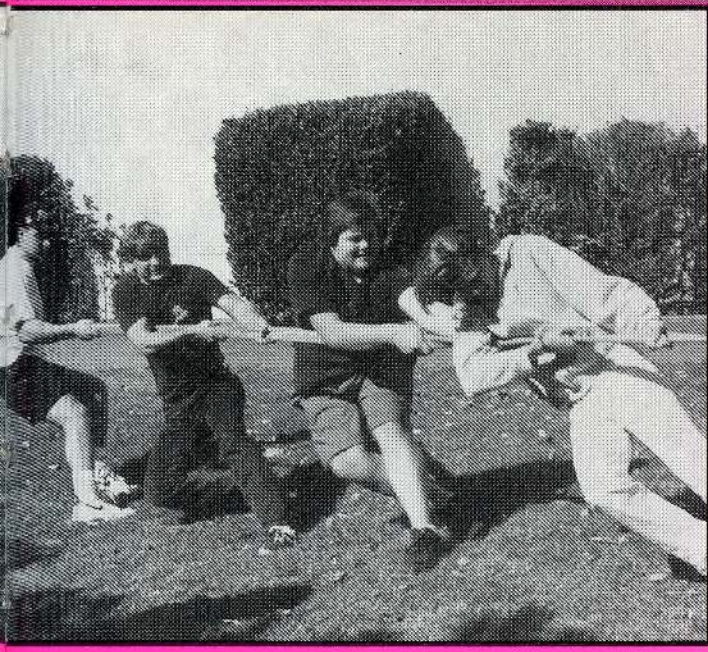

Linda Stredwick-Horn
Instructional Assistant

"I should have dated two very nice young men who wanted to go out with me."

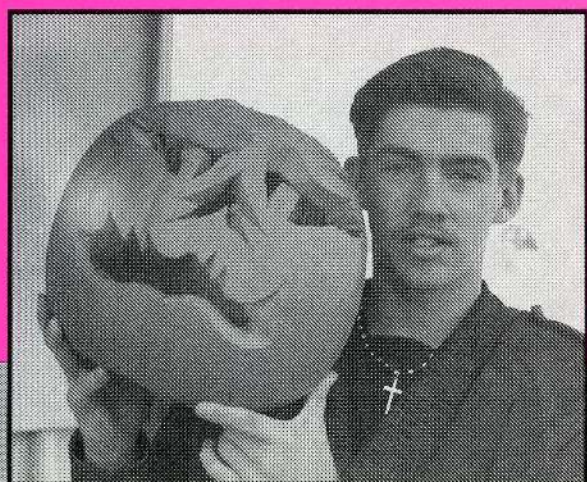

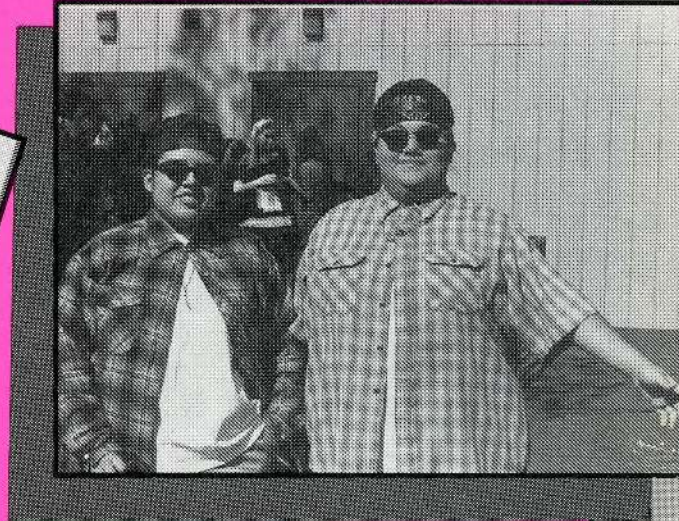

*CHANGING
FACES . . .*

Halloween was a howling success this year at Bowman High School. Normal, everyday students CHANGED into cave girls, dismantled soldiers, French maids, and there was even a Madonna impersonator. Normal pumpkins were CHANGED into ghastly jack-o'-lanterns by the likes of Tony Peavler, Frankie Cordova, and Mark Irvin. Randy Taylor CHANGED his face into a big mess of whipped cream on his way to victory in the Jelly Bean-Whipped Cream Hunt.

"We will continue to change"

As I file away the old Bowman and close the door for the last time. I am reminded of the thousands of students and many staff members who have passed through this small "temporary" school since 1969. They will always have their memories of the old place, and I will have mine. But, we are entering a new era with a brand new school which has no memories - but, they will come.

The changes will be shocking - it is a real, permanent school with modern classrooms and offices, new furniture and equipment, a parking lot, trepidus neighbors across the street, a playing field, exercise room, food preparation-serving building, a covered eating area, computer lab, basketball-volleyball courts, PA system, an outdoor stage .. and an ancient oak tree which must surely treasure a thousand memories. But, "the more it changes, the more it stays the same" and I am thankful for that because a great staff serving great students will be that "same" which will, stay the same.

Sure, we will continue to change, that is a reward we receive for being people in touch with people . . . and that old oak tree will change too-because it will feel our sorrows, bristle at our quarrels, be amused with our pettiness, stand fast in our perseverance, grow with our progress, stand proud with our accomplishments . . . but above all, it will share in our dreams.

Mr. Richard Artzer
Principal

WHAT ASB IS ALL ABOUT!

ASB stands for Associated Student Body which is a group of students who have chosen to dedicate their time and talents to plan activities for the entire student body. These hard-working people are: Ana Chavez - president, Tannia Cordova - secretary, Jose Diaz, April Gowdy, Brad Sumner, Valeria Sanchez, Melanie Crowder, Jed Dautenhahn, and Aracely Gamez. They meet each Wednesday in Room 3 to make posters to promote their next great activity or to discuss details of upcoming events. They all help to promote school spirit and keep kids in school by planning activity days that include contests with cool prizes for the winners. ASB also sponsors school-wide community programs like collecting food for the needy families of the S.C.V. and the annual Red Cross Blood Drive. They also arrange for the Armed Forces recruiters to give ASVAB tests to interested students on campus.

VISIONS STAFF '92

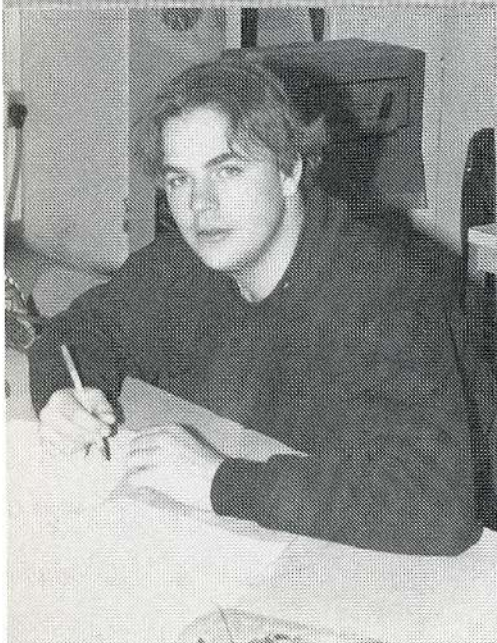

The yearbook theme may *CHANGE*, but we will always be called the Visions' Staff. In 1980 when the first book was made, the staff chose Visions as the name because it gives those who read it a current vision of what the school year at Bowman is like. It continues to be a vision of the past for students who look back on it many years later. Most people, when looking back, find it hard to remember the faces of their old friends and teachers - the fads and favorite things - the slang and silly moments, but a yearbook records those things forever.

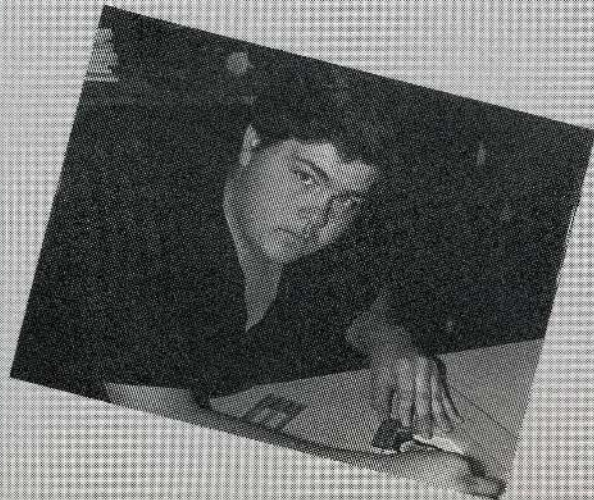

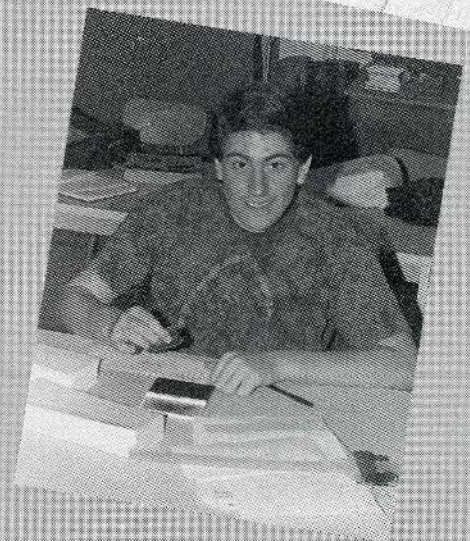

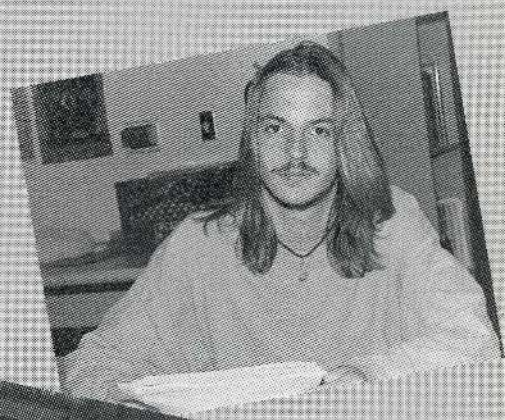

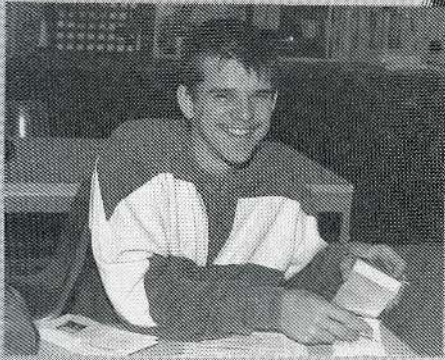

We tried to include as many people and events as we could to accurately reflect the times at Bowman High this year.

Some people *CHANGED* their hair, some people *CHANGED* their style and some people *CHANGED* their minds about school friends and the way they look at life.

We hope those of you who take the time to read the book appreciate the work that all of us on the Visions' staff have done.

John Buchan, DeAnn Keller, Steve Ranken, Tony Perrine, Zac King, Jose Diaz, Randy Taylor, Valeria Sanchez, Brad Sumner, Tannia Cordova, Heather Burke, Melissa Adams, Tammy Phillips, Richard Inman

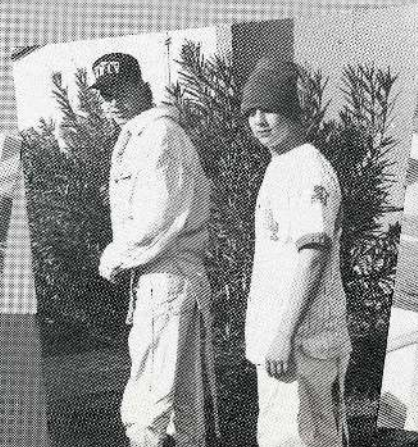

Throughout '91-'92 you've shown us what's up and what's NOT.

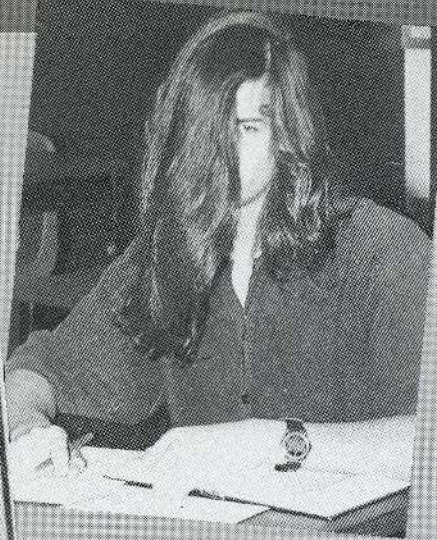

Believe it or not, we've been watching you! We have seen many styles around this campus . . . from flannels to ponchos, Doc Martins to Vans, and stretch pants to baggy pants, hats backwards and forwards. Not only is there a wide range of styles in clothing but in music as well. We've got Metal to Rap, and even Oldies. Hey, we've been listening to the way you talk tool And here's what you say . . .

"Let's bolt, psych, later, your melon, stylin', chillin', excellent, anti, fully, oh, I know, shagged, totally, 'er what

"We don't have to get our lunch from the back of a U-Haul truck any more. We have hot food and cold drinks. Now that's real brain food."

"I don't miss anything about the old Bowman - even the Jetson trash cans are better here."

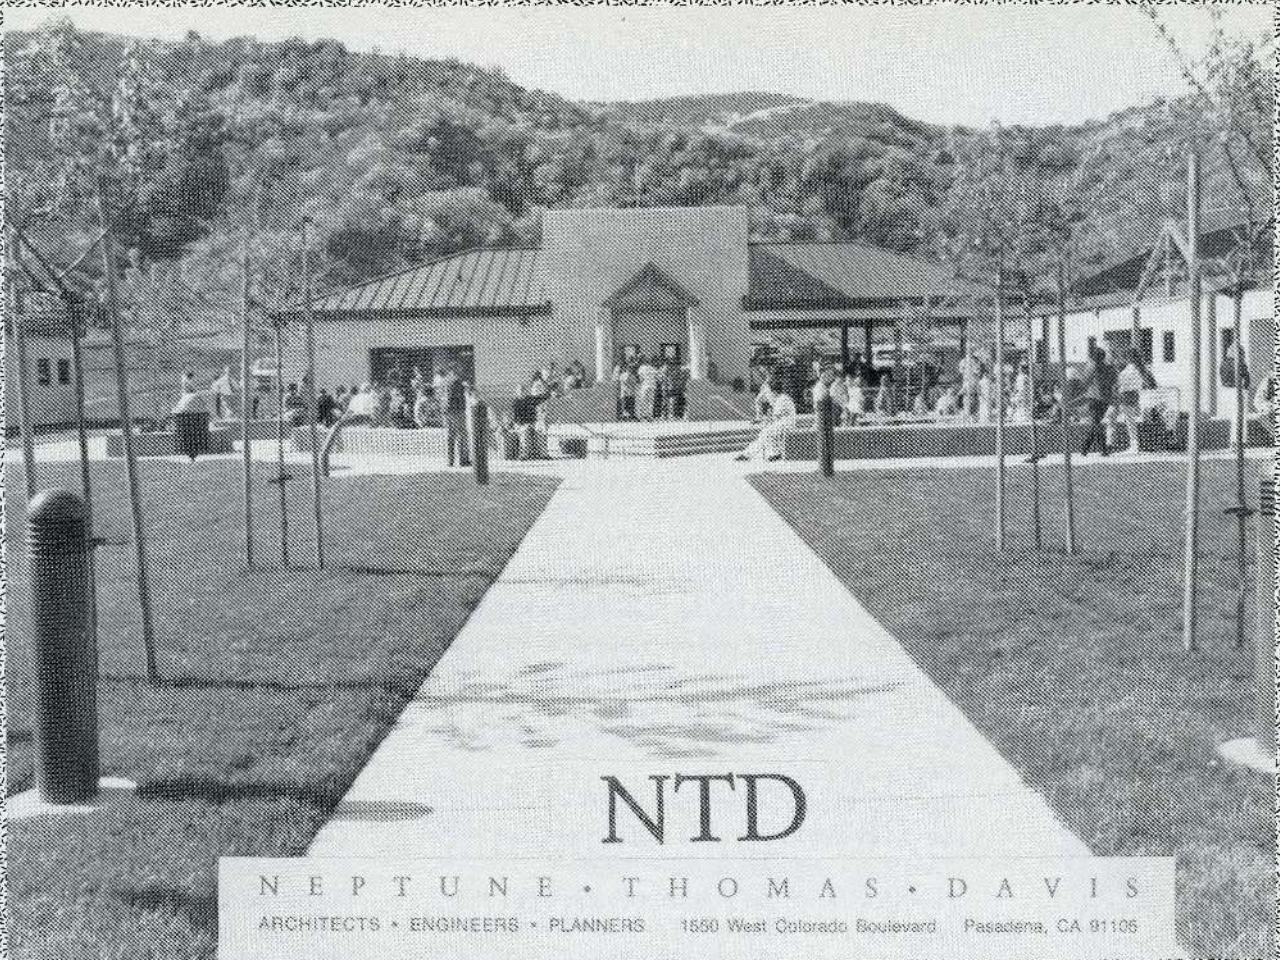

In case you didn't know . . .

The oak tree in front of our school, according to experts, is approximately 300 to 500 years old.

Oaks are the native trees of the Santa Clarita area and have always been an important part of the Indian culture. When home builders began developing the land here, they cut oaks down by the hundreds. Groups formed to preserve the remaining trees, and it is now illegal to remove an oak tree without a permit to do so.

Our oak tree, which stands proudly in front of the new Jereann Bowman High School, was in trouble at the time the building was begun. It was suffering from a fungus, and the weight of the branches was thought to be a danger to the severely rotted trunk. The Hart District Board of Education felt that it was important to attempt to save the tree. After much investigation the right people were found to perform the surgery and lifesaving procedures to keep it going. Hopefully it will stand as a symbol of strength and tenacity for many years to come.

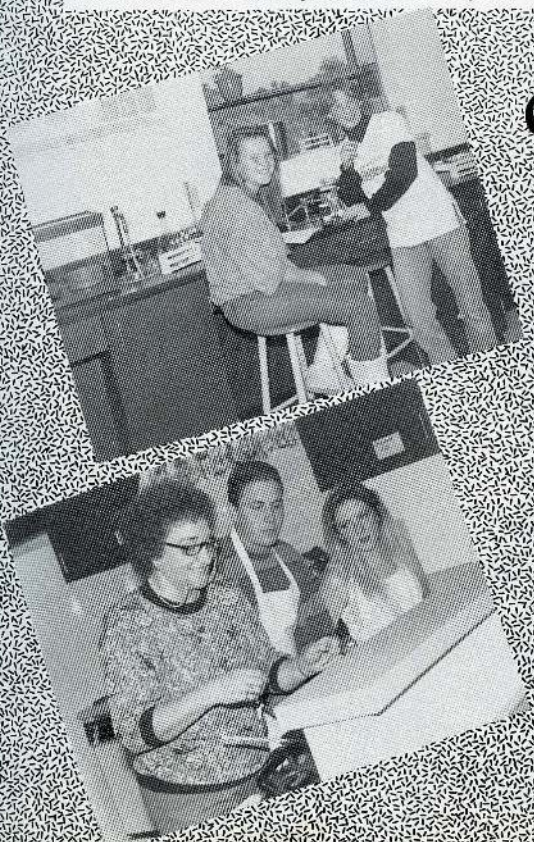

"The Jereann Bowman High School is the combined result of educators and architects working together as a team. We are proud to be a part of that team."

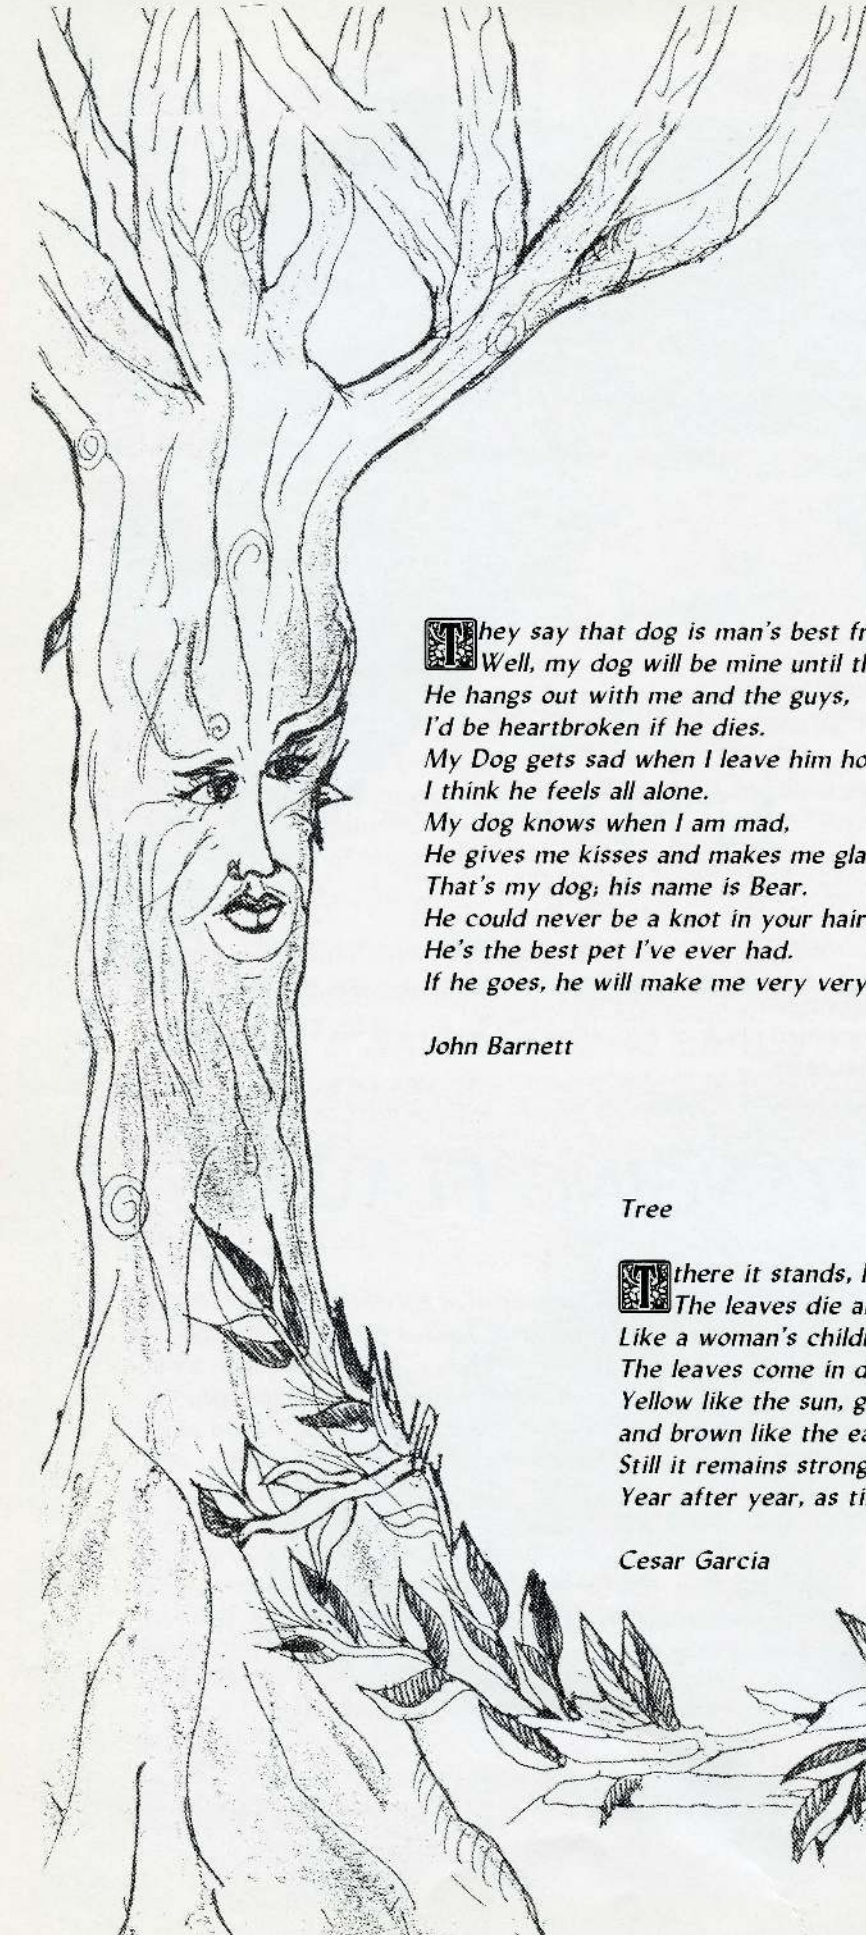

CHANGING PLACES

In 1969 Bowman High School opened its doors to students. The campus consisted of 6 portable classrooms, one of which was a surplus unit provided by the Navy. The school was named after a Hart School Board member, Jereann Bowman, who was a major force in getting the school established. The old school had a capacity of 175 students and always had a waiting list.

The new school was funded on Oct. 25, 1988 from taxes paid by local builders. The total cost, including land, was approximately 4.2 million dollars. The ground was broken on Sept. 4, 1990. We now have 10 classrooms, including a science lab, computer lab, home economics lab, modern art room, library, exercise room, and administration offices. We will eventually increase the enrollment at the new Bowman to 450.

The formal dedication took place on March 21, 1992.

They say that dog is man's best friend.
Well, my dog will be mine until the end.
He hangs out with me and the guys,
I'd be heartbroken if he dies.
My Dog gets sad when I leave him home,
I think he feels all alone.
My dog knows when I am mad,
He gives me kisses and makes me glad.
That's my dog; his name is Bear.
He could never be a knot in your hair.
He's the best pet I've ever had.
If he goes, he will make me very very sad.

John Barnett

Drinking Fountain

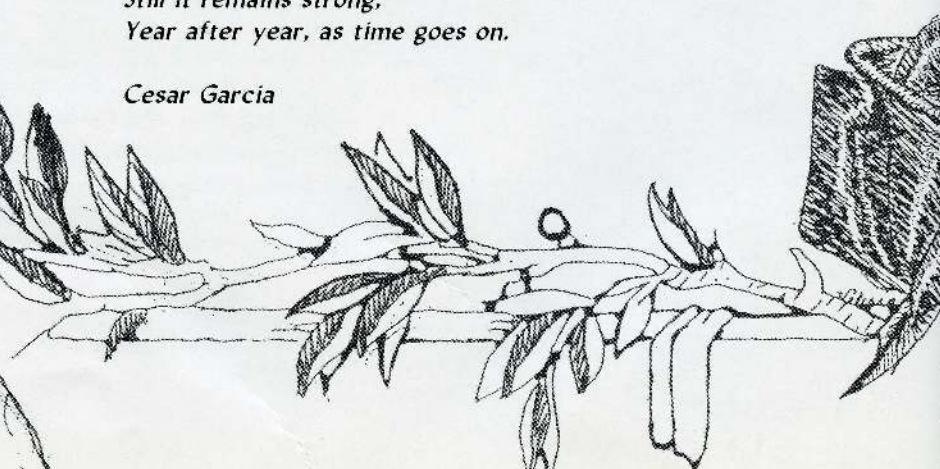

Our drinking fountain
Is like a running river
From the highest mountain.
Next to the bathrooms
It poses,
Leaning against the office
Surrounded by roses.
Its white solid porcelain
Stands out like a knight;
Our drinking fountain
Is a wonderful sight.
All people lined up,
From the last to the first,
All dying to quench
Their starving thirst.

Ryan Manclow

Tree

There it stands, lonely and aged.
The leaves die and blow away
Like a woman's children leaving home.
The leaves come in different shades
Yellow like the sun, green like the grass,
and brown like the earth
Still it remains strong,
Year after year, as time goes on.

Cesar Garcia

Inside Out

On Nature

Oh, how the mountains stand so high;
Now I only wish I could fly.
The trees that stand so tall
Make me so very small.
All the leaves that fall to the ground
Make my day turn around.
The wind that blows through my hair
Makes me shiver everywhere.

Alisha Johnston

My Wilted Flower

A beautiful bud I was given once;
I wanted to keep it and make it grow.
I watched it bloom, day by day,
The whole time knowing soon it would go.
I tried and tried to make it stay,
But, all too soon came the day
When my beautiful flower wilted away.

Diana Dilworth

Outside

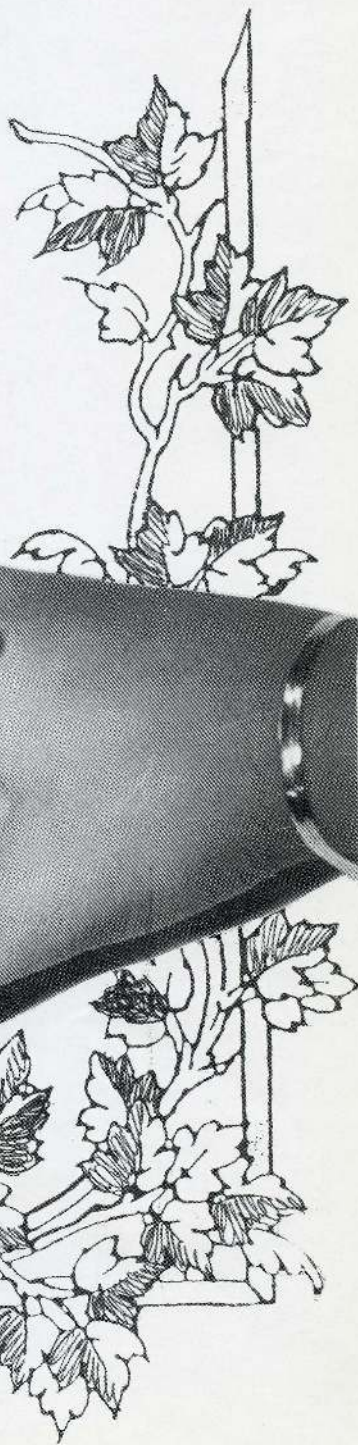

The outside is so still,
But yet so violent.
The fog covers the hills,
Yet they are so silent.
The rain falls from the sky
Like teardrops from our eyes.
The trees just stand still
With no real disguise;
The birds are soaring high,
High above our heads they fly.

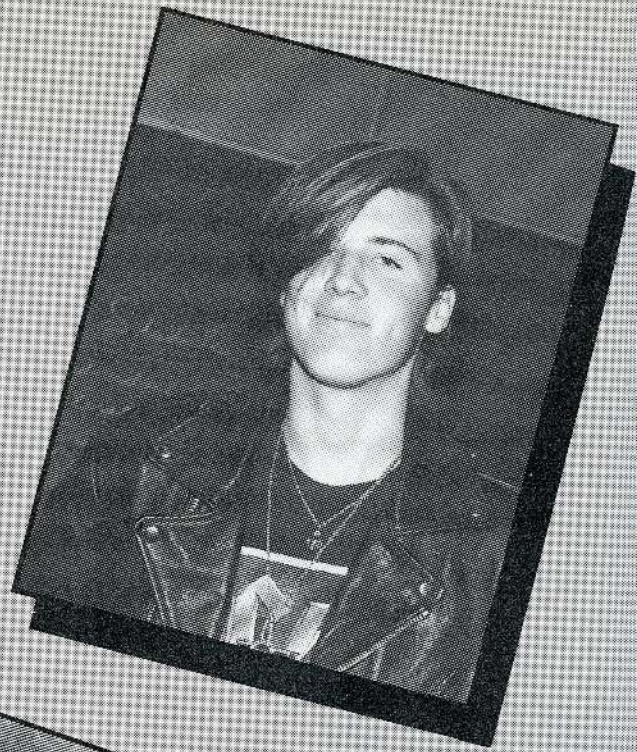

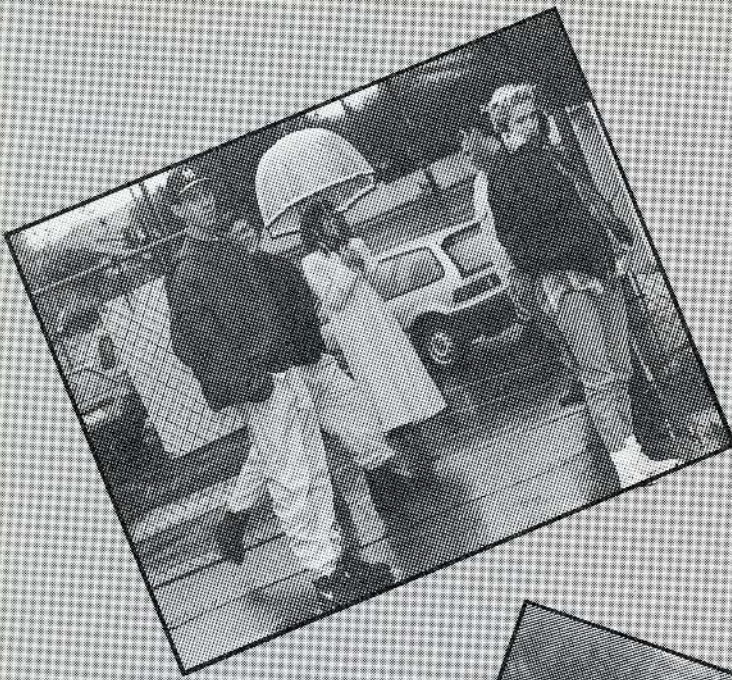

Theresa Crosby

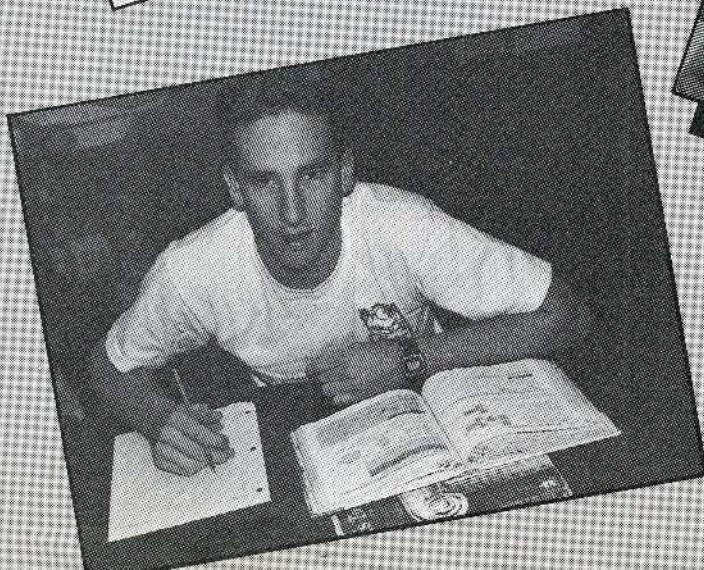

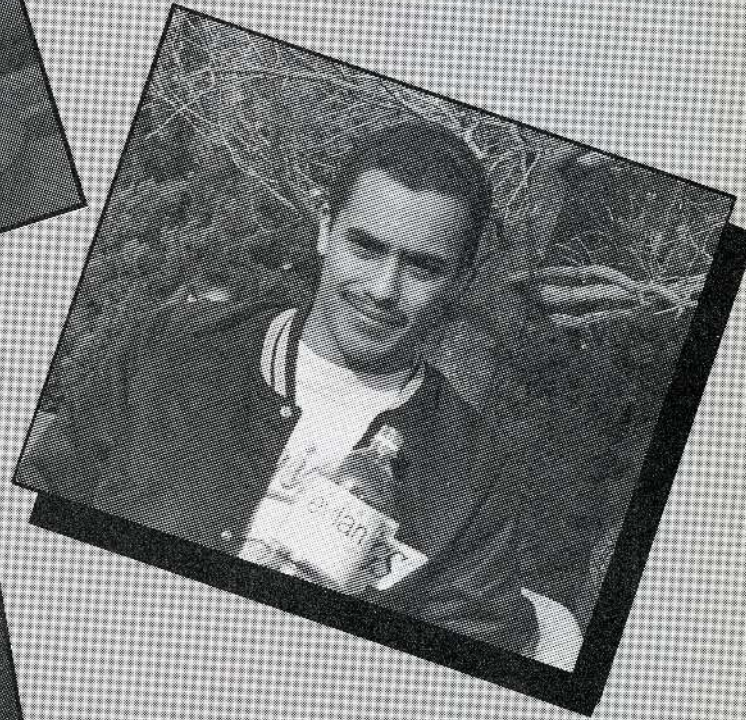

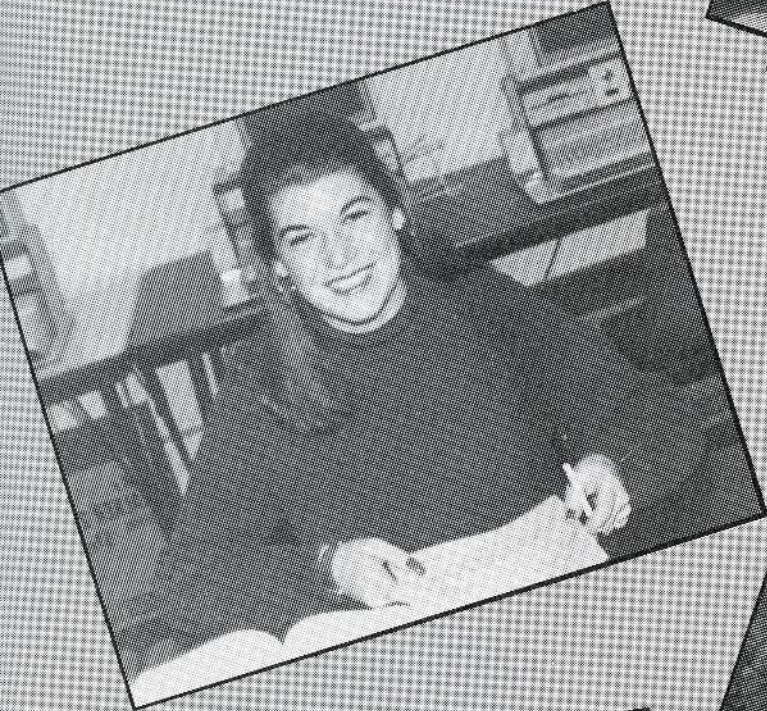

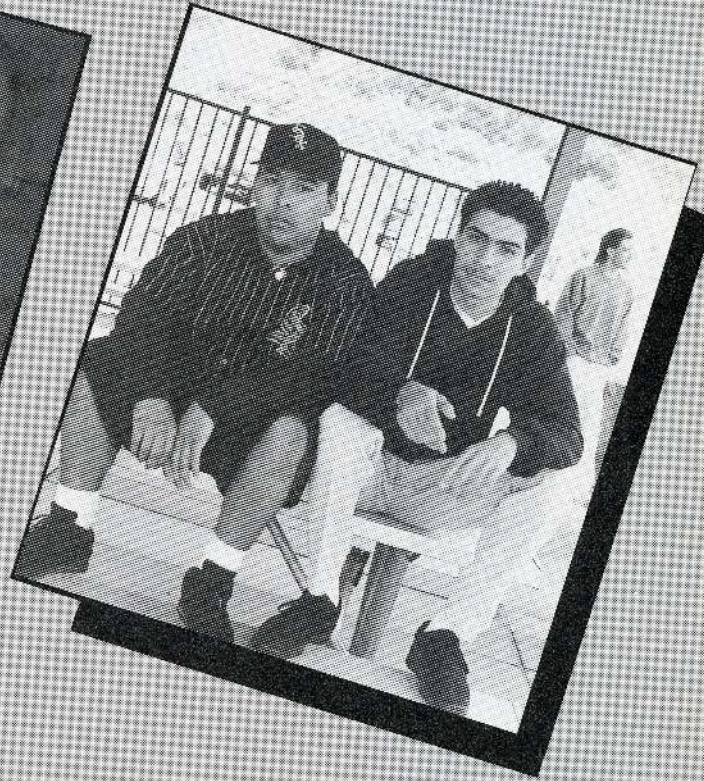

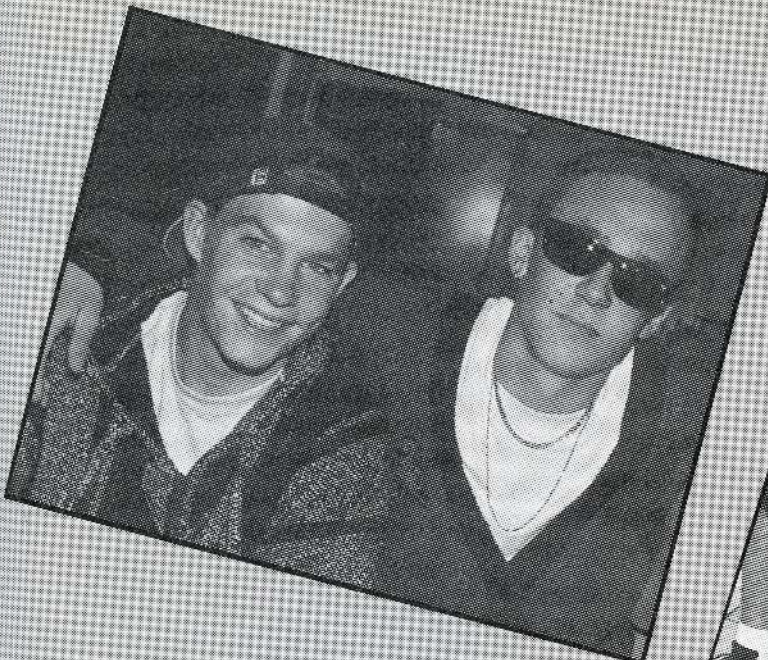

The Rose

It sits on its stem looking beautiful
As it bathes in the sun day after day;
It opens one new petal.
Finally it opens.
The whole flower is visible to us all.
Time passes and each petal
One by one falls slowly to the ground.
The rose is gone, and a new one begins life.

Murphy Predicts -

Ten Years from Now . . .

Jackie Smith - I'll be working at a zoo, playing with the animals. I'll live in a cabin house in the woods. I'll be married to Jason and have two boys and a girl.

Murphy predicts that Jackie will fall in love with the hyenas while working at the zoo. She runs off to Africa to do a long-term study of their habits.

Bryan Buckler - I picture myself owning my own mechanic shop, living in a 7 bedroom house.

Murphy predicts that Bryan builds a mechanical house and has seven garages, one for each of his prized Yugos.

Valeria Sanchez - I plan to be married with 2 children and have graduated from USC with a M.D. in pediatrics. I will live in Westwood, and have mucho dinero.

Murphy predicts that Valeria will run a pediatric podiatry business for children who have worn the wrong shoes. She will become rich because of her invention of the perfect orthopedic designer shoes for them.

Sever Contreras - I'll be in a successful band. I'll have a big mansion here and several others in England, France and Italy.

Murphy predicts that Steve will be living on Venice beach, playing his guitar for spare change.

Sonya Bryant - I picture myself as a nurse living in a normal but nice home in Oregon. I will have a big family, and I'll take my education as far as I can stand to.

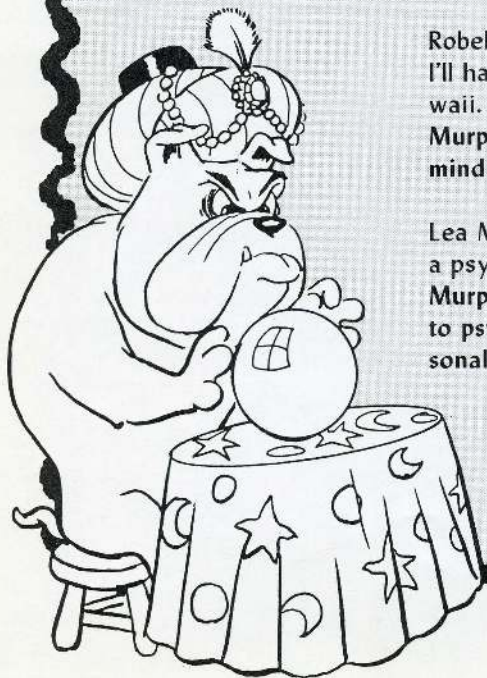

Murphy predicts that Sonya moves to Oregon, enrolls in a graduate program at the university and studies slug science. Her home is far from normal - decorated with snail trail art.

Robel Douglas - I picture myself working at Hughes Aircraft. I won't be married. I'll have passed the G.E.D. and have received a scholarship to University of Hawaii.

Murphy predicts that Robel meets the woman of his dreams who changes his mind about marriage. She convinces him that bungee jumping is a fun hobby.

Lea Metz - I will be married to my boyfriend Corey. I will have two kids and be a psychologist.

Murphy predicts that Lea marries her boyfriend but cannot resist the temptation to psychoanalyze him. She discovers he had tendencies to develop multiple personalities and argues with himself. Thus she stays at home to break up the fights.

Stacey Stephens - I will live in a mansion in Beverly Hills, and I'll be fully wealthy because of my successful hairspray company.

Murphy predicts that Stacey goes big time with her Wil-Hold Hairspray company. So big, that automobile designers add 6 inches of headroom to the newest cars, allowing for the tall, stiff hair dos that Stacey's company promotes. She brings new meaning to the term "bouffant".

Kamm Ackerson - I will be graduated from medical school with a specialty in psychiatry. I'll still live at home until I start raking in the bucks.

Murphy predicts that Kamm will donate her time and energy to performing clown acts at the local psychiatric hospital. The only raking she'll be doing is in the front yard of her parents' house.

John Barnett - I picture myself as a family person and of course, I'll be racing cars. I'll live in a rad place outside of California. I'll have 2 years of college under my belt.

Murphy predicts that John moves to France and learns to enjoy racing his family to the dinner table. Soon he discovers that even his own belly won't fit under his belt.

Ian Hunter - I see myself working as a Hospital Administrator. I'll live in Stevenson Ranch and be married to Shannon. We'll have several children.

Murphy predicts that Ian marries Shannon, and they open a medical clinic on a remote island of Madagascar.

April Bryant - I will own a yacht in the Caribbean. I will be extremely wealthy and "live it up" in the sun.

Murphy predicts that April will be working at Disneyland on the Pirates of the Caribbean ride.

Jed Dautenhahn - I'll live in a house on top of a hill surrounded by beautiful women.

Murphy predicts that Jed will build a giant house in the desert to accommodate his beautiful wife who happens to be the size of a hill.

Chris Cole - I picture myself as a rich millionaire who owns a big company. I'll live in a mansion in Alaska. I will be married to someone who looks like Christy Brinkley.

Murphy predicts that Chris will have a designed igloo in Nome. His company will be famous for its quality pooper-scoopers for sled dogs. His Eskimo wife will look a lot like Roseanne Barr.

Tannia Cordova - I see myself as a fashion designer making the big bucks and having three wonderful daughters. That's a life!

Murphy predicts that Tannia's career takes an interesting turn when her three daughters become professional wrestlers. She brings class and style to G.L.O.W.

Message to Bowman from 1981 GRAD

*Growing up they always said
That I was a flaky kid.
An underachiever, will never succeed.
Believing it, that's just what I did.*

*Feeling that way I sailed along
With nothing much to tout.
Partying a lot and rock 'n' roll
Were what it was all about.*

*Than I landed (via the boot)
At a school in nowhere town.
You go to Bowman? Well that's it for you!
You life is truly going down.*

*How wrong they were because I had found
A door opened for me.
Teachers at Bowman took the time
To show me what I could be.*

*I was smart! I didn't know that!
And creative and talented too!
Math wasn't so difficult after all.
Enter: Positive 'tude.*

*There's noting I can't learn to do.
No mountain I cant' climb.
No such thing as impossible.
No cap on my mind.*

*I left that life called Bowman High
Too long ago to say,
But the lessons I learned about myself,
I live by to this day.*

*Enjoy these days my Bowman friends,
They are brief and precious few,
And when you leave to begin your life,
Remember, only you can make your dreams come true.*

EDDIE TORRES

August 23, 1974 - December 18, 1991

Eddie was the type of person you could trust. You could talk to him about anything. He always had a smile on his face and was always cheerful. He had a good personality, and there was never a day when you would see him mad. He was a good friend to all of us, and he will be greatly missed.

In Memory of Eddie

PEOPLE AND PERSPECTIVES

Clarrence Thomas was preparing to be sworn in as history's second black Supreme Court Justice when Anita Hill alleged he had sexually harassed her. After three days of testimony, Thomas was confirmed. • America was stunned as it watched the brutal beating of Rodney King by four Los Angeles police officers. The assault of the 25 year old black man was videotaped by an amateur photographer. • William Kennedy Smith was accused of raping a young girl in Palm Beach, Florida. Jurors only took 77 minutes to return a verdict of "not-guilty." • Biosphere 2 was plagued with controversy. Following rumors of fraud and deception, it was questioned whether the project was an experiment of science or business. • Former heavyweight champion Mike Tyson was charged with one count of rape, two counts of deviate sexual conduct, and one count of confinement. Tyson was found guilty on three counts.

RODNEY KING is beaten by four Los Angeles police officers while 12 other officers stand watching.

BIOSPHERE's crew enters a life of total isolation. The project is criticized for having little or no scientific value.

CLARENCE THOMAS describes the Supreme Court Confirmation Hearings as a "high-tech lynching."

ANITA HILL testifies to the Senate Judiciary Committee. Polls reveal a majority of American men and women do not believe her story.

SPECIAL REPORT

Thursday, November 14, 1991, Earvin "Magic" Johnson announced his retirement from the Los Angeles Lakers after testing positive for the HIV virus. Determined to turn tragedy into opportunity, Magic pledged to become a spokesman for AIDS research. • In the past year, eleven hostages were released from captivity in Lebanon, including six Americans. Terry Anderson, held for 2,455 days, was the last American hostage released. He was held captive longer than any other hostage. Two German relief workers remained in captivity. • The nation's attention turned to Hawaii on December 7, as we marked the 50th Anniversary of the Japanese attack on Pearl Harbor. • Milwaukee serial killer Jeffrey Dahmer pled guilty by reason of insanity on 15 counts of murder. After a search of his apartment, police found 11 dismembered bodies, seven skulls, and a heart in the refrigerator. Dahmer was found sane on all counts and sentenced to 937 years in prison.

B. NATION/SYGMA

MAGIC JOHNSON becomes a National Spokesman for AIDS. "Here I am saying it can happen to anybody, even me, Magic Johnson." Many celebrities wore red ribbons to promote AIDS awareness.

YOUR VIEWS ON NEWS

What do you believe was the most memorable or controversial issue of the year?

NATIONAL REVIEW

After the Gulf War, President George Bush's approval rating of 89% was one of the highest in history. However, domestic problems, especially the economy, caused his rating to drop as low as 44% before the New Hampshire Primary. The people of that state sent the

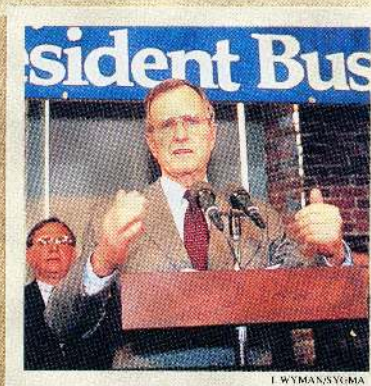

President a message with their vote. While President Bush won, his opponent, Pat Buchanan, received over 40% of the vote. • Former Massachusetts Senator, Paul Tsongas, led the Democratic candidates in New Hampshire. Former California Governor, Jerry Brown, came from last place in New Hampshire to tie Tsongas in the Maine caucuses. • The Democrats waited for "Super Tuesday" to determine a clear-cut presidential contender. • Last year, 25 million people were unemployed at some time and the number of homeless Americans grew at an alarming rate. • In 1991,

retailers experienced the lowest sales growth in three decades. • After the initial elation about the Gulf War victory, some Americans came to feel that the war ended too soon and Saddam Hussein still posed a threat. In November of 1991, the last of the 714 burning Kuwait oil wells was capped off as the people of Kuwait struggled to rebuild their homeland.

U.S. AND ALLIED FORCES liberate Kuwait. Hundreds of burning oil wells, sabotaged by the Iraqis, take 10 months to extinguish.

THE HOMELESS exemplify the many people suffering from the longest recession since the Great Depression of the 1930s.

ACCORDING TO POLITICAL STRATEGISTS, George Bush's international leadership is the cornerstone of his re-election campaign.

FIVE OF THE MEN who are in the race for the Democratic nomination: Senator Bob Kerrey of Nebraska, Senator Tom Harkin of Iowa, former California Governor Jerry Brown, Governor Bill Clinton of Arkansas, and former Massachusetts Senator Paul Tsongas.

INTERNATIONAL AFFAIRS

In August 1991, Communist hard-liners attempted to overthrow Soviet President Mikhail Gorbachev in a military coup. Resisted by supporters of reform, the coup failed, but weakened Gorbachev's position. Soon thereafter, Gorbachev resigned and the Soviet Union dissolved.

Russian President Boris Yeltsin, along with the leaders of 10 other former Soviet republics, formed a Commonwealth of Independent States. Yeltsin promised to accelerate market-driven economic reforms, but the lives of people did not improve quickly enough to prevent food shortages and homelessness. Muscovites flocked to the streets to sell their personal belongings to help pay for food and clothing. • Despite George Bush's aggressive trade stand with Japan, United States exports were not expected to be much affected. However, Bush did come away with an agreement by Japan to open a \$6 billion government computer market to foreign firms. Japanese auto companies also agreed to ask their dealers to sell a token number of additional U.S. cars. • Yugoslavia broke into a bitter civil war on June 25, 1991, when the republics of Croatia and Slovenia declared their independence from the

federal government in Belgrade.

RESISTANCE BY SUPPORTERS of independence and reform assist in the failure of the coup attempt to overthrow Gorbachev.

THE YUGOSLAVIAN REPUBLICS of Croatia and Slovenia declare independence, 14 cease-fires are broken, and more than 7,000 people are dead.

JAPANESE CAR MAKERS agree to purchase more U.S. auto parts over the next 3 years with commitments adding up to \$10 billion.
