## It can run the mile in 5¢ flat.

Who says a nickel won't buy anything anymore?

That solitary nickel pays for your gas. (Naturally.)

And oil. And tires. And maintenance. And repairs. And depreciation. And registration. And insurance.

And even some nifty accessories. (Like a radio. Floor mats. Luggage rack.)

Five cents

That's all it takes to run the mile in a Volkswagen.

Of course if you want, you can run the mile in someone else's car.

But you'll never see the finish line on a nickel.

Because a U.S. Government study says the average conventional car costs more:

10.9 cents a mile.

Heh-heh-heh.

One year ago I challenged you, the people of the community to become more involved in the activities of the Newhall Saugus Athletic Club. Many of you accepted that challenge and have contributed your time and efforts into the continuing success of our sports for youth programs. The number of new faces seen on our coaching staffs, supplementing the efforts of those who have been with the club from its early years, is encouraging. Hopefully more of you will pick up the challenge and participate within the organization.

The year-round activities of our club and the number of youth involved continues to grow and provide a vital service to the community. We can all be proud of the accomplishments.

I personally extend my thanks and appreciation to those of you who have worked hard towards reaching our goals. Also, we can not overlook the support of the business community, the schools and the Parks and Recreation Department. Without their acceptance and cooperation our activities would be limited.

Again my sincere thanks to everyone who has helped in making this year successful.

## FINANCIALLY SPEAKING

The fees established for participating in NSAC programs are minimal compared to many others in the Valley. We attempt to maintain low fees to attract as many boys and girls as possible. These fees in no way cover the cost of the football program, which averages \$110.00 per boy. Therefore, to supplement the players fees and to offset charging \$90.00 to \$120.00 per boy we must conduct fund raising programs such as raffles, candy sales and other events such as advertising in this yearbook. We were fortunate this year to receive a \$250.00 donation from Union Home Loans. This helps to provide for those who are unable to pay the full fees, and is greatly appreciated. Interested business support is a welcome assist to our program.

In this book you will find a breakdown of our investment per boy for football, basketball and track. This should help you to recognize the continuing need for funds. \$40,000 was budgeted for the 1973 programs. This is less than 1972, however a considerable amount of equipment was purchased last year, part of which had to be paid for this year. At this point it is safe to say that the 1973 football program will be self-supporting, reaching the same success that our Basketball and Track programs have experienced over the years.

New methods of financing are being pursued and hopefully we will be successful. In the meantime we must continue our present fund raising activities.

## N.S.A.C. FOOTBALL

The 1973 Football program is off to a great start with 360 players and 110 cheerleaders participating. Seven teams, Gremlins thru Bantams, competing in Valley Conference Leagues and five Mitey Mite teams round out our local Farm League program. League play began on September 15 following 6 weeks of workouts and scrimmages which started on August 1.

In preparation for this year's program a series of successful coaches' clinics were held beginning last March. Emphasis was on basics, uniformity and continuity in our football program. The local high school coaches are to be commended for the help they offered during the clinics.

This season promises to be a great season; a lot of games will be won by our teams competing in the Valley Conference and sportsmanship and teamwork will be emphasized for everyone.

## N.S.A.C. YOUTH BASKETBALL SPORTSMANSHIP & INTEGRITY

The 1973 Basketball program consisted of 820 boys playing on 74 teams in 5 divisions. Many hard fought battles took place in all 6 of our local gyms. League play began January 13, with the Tournament Finals taking place on March 17.

One of the season highlights was when 2 of our teams were invited to play before and during half-time of the Los Angeles Lakers and Philadelphia 76'ers game at the Forum. Hopefully we will receive another invitation sometime in the near future.

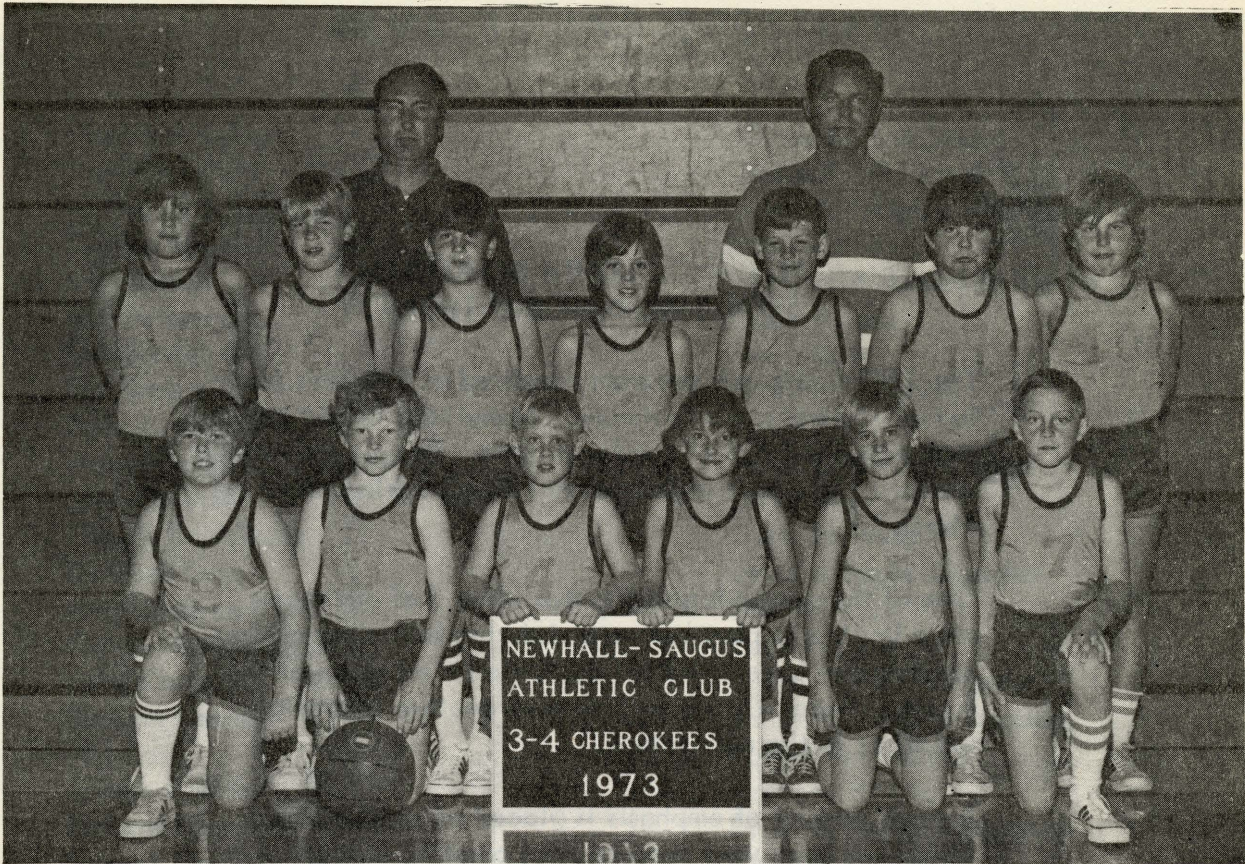

A great amount of emphasis is placed on sportsmanship, which has been very successful in creating contest of a high caliber. Sportsmanship awards receive equal if not greater status with divisional championship awards.

Unfortunately we cannot show pictures of all 74 teams, therefore the sportsmanship and championship teams were selected to represent the entire program.

### INVESTMENT PER BOY

Uniforms . . . . .	\$11.50 ea.
Awards . . . . .	1.70 ea.
Officials . . . . .	4.00 ea.
Operating Expense . . . . .	<u>2.00 ea.</u>
Total	\$19.20 ea.

## N.S.A.C. TRACK

The 1973 Track program consisted of 260 boys and girls competing on two teams. Competition began on April 7 with a warm-up meet between our own two teams at College of the Canyons. Both teams competed with teams from the Valley Conference during the season and we were represented well in the Conference Finals on June 9.

The Track program requires a far greater number of adult participation, not only in coaching, but as judges and timers at each meet. Here again the parents came through and fulfilled the requirements. The season was a great success only through the help and cooperation shown by everyone.

### INVESTMENT PER BOY OR GIRL

Uniforms	.....	\$10.00 ea.
Insurance	.....	4.50 ea.
Operating Expense/Awards	.....	<u>8.00 ea.</u>
Total		\$22.00 ea.

Club Meets; Every Tuesday, Evening Newhall Bowl, 23700 Lyons Blvd. Newhall

### *The Optimist Creed*

Promise Yourself —

To be so strong that nothing can disturb your peace of mind.

To talk health, happiness and prosperity to every person you meet.

To make all your friends feel that there is something in them.

To look at the sunny side of everything and make your optimism come true.

To think only of the best, to work only for the best and expect only the best.

To be just as enthusiastic about the success of others as you are about your own.

To forget the mistakes of the past and press on to the greater achievements of the future.

To wear a cheerful countenance at all times and give every living creature you meet a smile.

To give so much time to the improvement of yourself that you have no time to criticize others.

To be too large for worry, too noble for anger, too strong for fear and too happy to permit the presence of a jumble.
