Thibaudau, Deputy Registrar of Voters, announces that he will be in the Newhall Realty Office, from 9:00 a. m. to 6:00 p. m., Saturday and at his home the remainder of the evening. He will be glad to take care of anyone wishing to register, either at his home or at his office.

Dinner and Dancing Party Enjoyed at Haskell's

Mr. and Mrs. Jack Haskell entertained last Monday nite with a dinner and dancing party. Their attractive home was tastefully decorated with garden flowers, lilac predominating. Those to enjoy the big turkey dinner were Mrs. Ruby Kellogg, Mr. and Mrs. Ernie Ostrup, Miss Eva Madsen, William Culver, Charles Kellogg and the Haskell family.

Later, many more guests assembled for dancing and cards. The three card tables favored many. Those winning prizes were Mesdames Nina B. Wright, Ora B. Cass, Ed Rumsey, Guy Wilmot, and Messrs Guy Wilmot, Charles Kellogg, Ed Rumsey and Ilo Sincoc.

Mr. Ostrup's lively music and the well polished floor claimed the dancers until after little April tripped in.

In completion of the delightful evening, Mrs. Haskell, assisted by several of the ladies, served her fifty guests a dainty repast, very suggestive of the Easter season.

This community needs no comment on the charm and ability of the Haskell's as entertainers.

Mint Canyon School Benefit Dance Great Success

Time will reckon in Mint Canyon from the big benefit given last Saturday nite March 29, for the Mint Canyon school. It was indeed a big nite and the result was far beyond expectations. The large hall coupled with a fine floor and music by an orchestra that never fails to please, made the nite irresistible. The school children for whom the benefit dance was given, under their instructress, Mrs. Held, made unique posters which they hung on the walls to entertain the guests.

Delectable food such as pies,

cakes, sandwiches, salads and coffee, were furnished by the community. The hall was donated by Mr. and Mrs. Wm. Erwin of Soledad. Many cash gifts were received. A table nicely arranged and decorated with pepper boughs made an ideal place from which to serve refreshments in cafeteria style. By the time Home Sweet Home was played everything had been sold, even the ten gallons of coffee. Door receipts were \$150.00 and \$40.00 from the refreshments. Gifts of food and money from the Newhall Woman's Club were highly appreciated. Prizes for the kiddie costumes were awarded to Miss Lucille Brown of Mint Canyon, Walter Neale of Saugus. The judges were Mrs. E. A. Smith of Soledad Canyon and Messrs John Hewitt and Fred Wilkins of Los Angeles. "City Blocks" were presented to each guest during the Grand March by the Misses Lucy Meissner and Lucille Robertson, both of Sterling. The Mint Canyon School Board and patrons wish to thank the community and each individual for all gifts and patronage that made the dance a success. Especially do we wish to thank Mr. and Mrs. Wm. Erwin for the many courtesies shown in connection with the hall. The McVea Orchestra catching the spirit of the dancers played with more enthusiasm than ever. "School Days" was played by request, reminding all guests of the true import of the gathering, that it was a real benefit dance. The proceeds will go on the \$1,300 bonded for the erection of a new school house in Mint Canyon.

Hoof and Mouth Disease ---Warning!

Dr. C. J. Wallen representing the veterinarian department of Southern California and Dr. Kirkpatrick of the County health office were in this section Tuesday to overlook the stock situation in regard to the hoof and mouth disease. In company with Constable Pilcher they made an extensive trip during which many different ranches were visited, but they came across no cases of the disease.

We give as follows the important part of the Governor's proclamation:

San Francisco, Alameda, Contra Costa, San Joaquin, Stanislaus, Mariposa, Merced and Los Angeles and certain areas of Solano and Napa Counties shall be known and designated as the Closed Quarantined Area regulated as follows:

From and after the 28th day of March 1924, every person, persons, firm, corporation, their agents and servants are prohibited from transporting or shipping or receiving for transportation or shipment any live stock including poultry for the purpose of being transported or shipped from place to place within, or from the said Closed Quarantined Area.

Every person, persons, firm, company, corporation, their agents and servants are prohibited from carrying any domestic animal including poultry in vehicles on or across the public highways or roads of said Closed Quarantined Area.

Every person, persons, firm, company, corporation, their agents and servants are prohibited from driving, moving or allowing to roam any live stock including poultry on or across the public highways or roads of said Closed Quarantined Area; provided, however, that nothing in these regulations shall apply to horses and mules when actually working in harness when such horses and mules do not belong or have not entered premises where foot and mouth disease infection exists.

San Fernando Chapter, Order of De Molay, was instituted last Saturday nite, with 36 charter members. The chapter is sponsored by the Masonic Order. Among the new officers appointed, was Marvin Pilcher, Senior Councillor, and John Edward Pilcher, Preceptor. The boys are the sons of Constable and Mrs. Pilcher.

A. H. Wilkie Buys Store

A business change of importance took place in Newhall affairs this week when A. H. Wilkie became the owner of the A. B. McNutt merchandise store.

Mr. McNutt for various reasons has been unable to give his undivided attention to the business and Mr. Wilkie altho not really experienced in the dry goods business, has been a business man in Newhall for some time and has many friends in our commercial circles.

This store is one of the neatest little places to be found anywhere and Mr. Wilkie has already begun adding to the stock which he will keep up to a high standard.

The many patrons of the store will be glad to know that Miss Florence Beulke will remain with Mr. Wilkie as saleslady. Miss Beulke has been in the store for some time and is efficient in caring for the needs of patrons.

Mr. Wilkie in his new undertaking.

BRIEF PARAGRAPHS

A San Fernando marriage of local interest is that of Mr. Maurice Hodge and Miss Mildred Hartshorn. The bride is the owner of a beauty parlor in San Fernando and the groom used to be with the Hixenbaughs when they owned the Motor Stage Cafe here.

Walton Young took a number of friends over to Ventura to attend an outing given by the L. A. Shriners at which about 5,000 were present. Nearly 200 candidates were initiated.

Notification has just been sent out by the Pacific Telephone Co. that long distance calls from Newhall to and thru Los Angeles, may be placed at the home of Constable Pilcher or the Forest Ranger station, before 7 a. m. and after 7 p. m. This move by the Telephone Co. for all night service will be greatly appreciated.

FOR SALE—Mammoth Bronze turkey eggs. Mrs. F. A. Wright, Mint Canyon.

Mr. and Mrs. Carl Braley left Sunday for San Bernardino where Mr. Braley will fill a position with an oil company on the Cajon Pass.

The Menace of Dope

The "menace of Dope" is the most terrible, most treacherous and most destructive menace in the world. It has increased a hundred-fold since the world war, regardless of the strenuous efforts to abate it. Every country in the world is within its grip. It ferrets out its prospects and secures its victims from every walk of life, from the newsboy to the Wall Street financier. Once a person is enticed into its clutches it is almost impossible to break away, except thru death.

The liquor evil, degrading as it may be, is not one-tenth as degrading, demoralizing or destructive as the dope menace.

There are many kinds of dope. Some are smoked, some are eaten and some are injected into the body with a hypodermic. It would take a huge book to outline in detail the various kinds of dope, their individual peculiarities and their effects on the human body. Suffice to say that cocaine, morphine, heroin, marianna and opium are the chief lures to which addicts have fallen.

We believe that many members of the medical fraternity in America, have a great deal to answer for as far as the dope menace is concerned, especially as to the use of cocaine, morphine and opium, which, it is claimed, are the three dopes which have claimed the greatest number of victims.

It is a well known fact that most doctors give dope to their patients in one form or another, to ease pain or quiet the nerves. This form of lunacy on the part of many doctors has without a doubt started a number of persons on the road to the dope habit. Many a patient has come out of some doctor's care so "hopped-up" and nerve-shattered that the dope habit has claimed him without a struggle.

All doctors do not resort to the use of dope in practicing medicine but most of them do.

Incidentally, we may add that the medical fraternity in America is so substantially organized and so powerful that it is extremely difficult to get its members to discontinue any custom which they wish to maintain.

Several pitiful "dope habit" cases in our own township have recently been brot to our attention. They are not uncommon cases.

We sight one case in particular: It seems that a certain doctor in Venice has for some months past been paid a liberal sum to cure a couple of addicts. He put them out on a homestead, in an isolated section of Soledad and instead of making any effort to cure them he let them have all the dope they could use.

The dope ring in this country is equally powerful with the medical trust in keeping alive the "dope menace." The arms of the ring extend from San Francisco to New York and it has agents in the Orient and all the principal seaports of Europe. Tia Juana is a regular "dope nest."

Dope is smuggled into America in enormous quantities each month. For every \$1000 worth of dope confiscated, \$10,000 worth slips thru the net and in one way or another finds its way to its users.

A dope addict will resort to any kind of a crime to get a "shot" of dope when he runs out and will commit any kind of crime when under the influence of a "shot." Police records show that many of the most elusive and dangerous criminals are dope fiends.

Harry Dunlap is an example of the dope criminal.

Breaking up the dope menace is a touchy game, not mapped out for cowards. It is a game that requires skill, tenacity, shrewdness and super-courage.

Until the "dope fighters" have formed a combative organization equal to the medical trust and the dope ring, little can be accomplished in ridding America of the menace.

THE WEST

By CATHERINE PARMENTER

Across the undulating plains the evening dusk has fallen,
While low against the star-flecked sky a lonely camp-fire gleams;
And beside the flick'ring fire, in the silence soft and brooding,
A man is seeing visions, and a man is dreaming dreams . . .

Lord God of Hosts, give Thou the West, unscathed by worldly schemes,
The gift of seeing visions, and the gift of dreaming dreams!

And miles away the sunset light is fading into darkness,
As a dusty prairie schooner halts, to give the horses rest;
A tired woman lifts her eyes that glow with buoyant courage,—
To glimpse the rugged mountains—the mountains of the West . . .

Lord God of Hosts, far, far beyond where prairie grasses wave,
Give to Thy Western peoples, Lord, the courage of the brave!

Lord God of Hosts, give to Thy Western peoples strength—compassion;
Give them the laughter and the tears of crystal mountain streams;
Give them the cleanness of the hills—the courage of the prairies;
The gift of seeing visions, and the gift of dreaming dreams.

Lord God of Hosts, make Thou the West that land where, fearless—free,
A man is judged by other men, as judged, O Lord, by Thee!

"THE NEXT CORNER"

DOROTHY Mackaill dropped into the motion picture game out of a clear sky. Up to a few short months ago we had never heard of her. Today she is one of the most promising stars on the screen. She combines in an interesting personality, all the qualities necessary to attain success on the screen including beauty, magnetism, vitality and temperament. Her emotional work is especially fine.

As Elsie, the restless wife, in "The Next Corner," shown at Cody's the early part of this week, Miss Mackaill proved her ability beyond a doubt.

The story itself is not particularly new or gripping but it embodies some intensely dramatic scenes and Miss Mackaill did them full justice.

Conway Tearle played opposite Miss Mackaill in the part of Robert Maury, the husband. His work was impressive and sincere as usual.

The work of Lon Chaney was very good. Chaney is always good. He is one of the best character actors on the screen.

Settings and photography typically Sam Wood's. In other words, hard to improve upon.

TANK-CAR TO BATTLE FOREST FIRES IN NORTHWEST

THE Northwest Pacific Railroad has just been equipped with a fire fighting tank-car for use along its forest land right of way. Much of the mileage of the road runs thru big redwood stands and cut-over areas. The tank-car is to be used in defending the forests against fires caused by locomotives operating within the wooded zones.

A wooden tank, mounted on a flat-car body has a capacity of 8,700 gallons. A

duplex steam pump is on the top of the tank, to which a 300 foot fire hose is attached. The hose is tested to 400 pounds pressure to the square inch. The monitor to which the equipment is attached is capable of being rotated thru a complete sphere and can be operated at maximum pressure by one man.

This equipment is a real innovation in forest land protection. Other railroads might maintain a similar equipment to advantage.

16,000 LIVES LOST IN AUTO ACCIDENTS IN 1923

LOSE to 16,000 lives were lost in auto accidents in the United States during the year of 1923. It is claimed that this estimate is quite conservative. It is nevertheless appalling.

"The lives which are being lost to an increasing extent year after year thru automobile accidents are, very largely, those of children. Approximately one-half of all the deaths from this cause occur among those under fifteen years of age. If ever the tide turns, and any progress is made in the suppression of fatal automobile injuries, that progress will constitute, very largely, a step in the direction of the conservation of child life. If we were to disregard for a moment those deaths which occur among passengers of motor vehicles, and consider the relatively greater mortality among those who are struck or run over, the fatalities among children would be much more than one-half of the total.

Riedel-Young Nuptials

A wedding of much interest occurred when Mr. R. R. Riedel and Mrs. Julia H. Young were married Thursday, March 27, 1924, at Riverside. The couple slipped away quietly in the early morning hours and drove to the city mentioned, afterwards telegraphing friends of the happy event.

Mr. and Mrs. Riedel made a trip to San Diego and Tia Juana, arriving home Tuesday nite to receive congratulations of their many friends.

The charming bride is very well known in this section, thru her business prominence a proprietor of the Newhall Pharmacy which she manages. As an expression of her popularity she was last year selected by popular vote for queen of the local Rodeo and in all social affairs she takes a prominent part.

Mr. Riedel is the popular manager of the local bank, a position he has held since the bank opened two years ago.

Early Wednesday evening, Mr. and Mrs. Riedel had their car out as they intended going to San Fernando. But when they were ready the car wouldn't "go." Later they were "called upon" by their hosts of friends, who came in several cars, and "capturing" the popular couple took them for a "joy-ride."

Upon their return Mr. and Mrs. Riedel entertained their friends with a dancing party at Hap-a-lan.

Newhall School Election

School election held the 28th passed off calmly and the outcome was apparently a satisfaction to the majority.

Fred Lamkin was elected by a walk away, the votes cast for him numbering 123. The next highest number of votes cast for a candidate was 3 and the next was 1.

Miss Lucile Smith, Miss Marie Foster, Jesse Graves and "Bunny" Ross formed an auto party to Old Baldy last Sunday. They report a delightful day spent among the snow and pines.

Exasperated Nerves Are Very Infectious

"It has been my experience in life, and I find the experience of others confirms me, that irritability begets irritability and scolding begets scolding."

"Exasperated nerves are very infectious. Beware of the tongue of that husband who has a shrewish wife. Beware of the company of those children who have a nervous invalid in authority over them!"

"Satire, properly speaking, is the scorn of fools. The satirist, therefore, claims a personal exemption. He, by some miracle, has escaped from folly. It is an assumption which I, for one, am never prepared to grant him. Are you? Well, you will not be when you are older. And you may take this from me."—Lee Wilson Dodd in McNaught's Monthly.

Where Science Falls Down

At the club they were talking on germs and germ carriers. One member maintained that kisses carried germs. Another considered paper money the chief offender.

"Your opinions are merely vague guesses," declared a third. "What have the scientists found out on the subject?"

Nobody knew. A college professor drifted in and they called on him.

"We were discussing germ carriers, professor. What do the scientists have to say about kisses and paper money?"

"Kisses and paper money, eh?" echoed the professor. "The average scientist has had little experience with either."

Her Favorite "Him"

Miss Teachem, wishing to arouse the interest of her Sunday school class, asked them each to write down the name of their favorite hymn.

All the scholars bent their heads over pencil and paper for a few minutes and then handed in their slips. All, that is to say, except Mary.

"Come, Mary," the teacher said, "write down the name of your favorite hymn and bring the paper to me."

Mary wrote and, with downcast eyes and flaming cheeks, handed the teacher a slip of paper bearing the words: "Willie Smith."

Peculiar Bark on Tree

The characteristic of the shagbark hickory from which it derives its name, is the peculiar manner in which the bark is attached to the trunk, says the American Tree Association of Washington. This is light gray and from one-half to three-quarters of an inch in thickness. It separates from the trunk in thick strips from a few inches in length to from two to three feet and from one to six inches in width. These strips retain their attachment to the tree at the middle and usually curl up at each end, giving a decidedly rough and shaggy appearance to the trunk.

Ha! Ha!

Wife—I feel the need of a good time this evening. Let's do something reckless.

Husband—Ha! With business as rotten as it is? Why, I'm losing money by the minute. I simply had to take a golf lesson this afternoon to forget it.

Wife—Yes, and by the way, the professional said that in six months he'd make you one of the star players of the course.

Husband—Did he say that? Get your things on! Where shall we go?—Town Topics.

Battling the Wolves

Dogs alone will never solve the wolf problem. Greater dependence has been placed on professional "wolfers" who make their living by trapping and poisoning wolves and other destructive animals. In April and May they track the wolves to their dens and dig out the puppies. If the hunter is a small man he will sometimes crawl into the den, and by the light of a flash lamp shoot the she-wolf and put the pups into a bag.—Nature Magazine.

A Serious Case

A notoriously absent-minded man was observed walking down the street with one foot continually in the gutter, the other on the pavement. A friend meeting him said: "Good evening. How are you?"

"Well," replied the absent-minded one, "I thought I was very well when I left home, but now I don't know what's the matter with me. I've been limping for the last half hour."

Newhall Woman's Club Notes

Next Wednesday, April 9, the Club will hold its regular session. Please be punctual—2 o'clock—as there is important business to transact, and the program will be a little longer.

Have you registered? If not, do so at once, for we want the Newhall Woman's Club to be reported 100 per cent at the State convention that will be held in Pasadena, May 30-31.

Every Club member should subscribe for The Federated News, or Clubwoman, as you owe it to yourself and your Club to be posted on Club work, especially just now during the three conventions that are being held in our own community, April 8, 9, 10, at Glendale, May 30, 31, Pasadena, and Biennial in June 3, 13, Los Angeles.

When the Club gives their entertainment and dance on Saturday night, April 12, at Hap-a-lan Hall, it is hoped that keen interest will be manifested by the public, in that they will respond to the hearty welcome that will be extended to everyone. These entertainments require a great deal of work and expense on the part of

the different committees. The Club is very appreciative of the community's patronage and expect to give the public a run for its money. Oodles of good things to eat. The entertainment will be in charge of the program and social sections of the Club. The entertainment begins promptly at 7:30 p. m., April 12.

With days of planning and nites of wakefulness the Newhall Woman's Club was made richer last Saturday afternoon by \$65.00 thru their cooked food sale.

An attractive feature of the afternoon was the drawing of numbers that had previously been sold on a glass box containing assorted canned goods. This box alone netted the Club \$23.00, Mrs. Boyer drawing the lucky number. Of the proceeds \$10.00 will go towards purchasing a \$1,000.00 picture, painted by a California artist, by the Los Angeles District C. F. W. C. The picture will be displayed at the clubs giving the \$10.00.

The remainder of the money will go into the Building Fund. The ladies in charge should be congratulated on the success of the sale and the Club wishes to thank all who contributed so generously.

Mrs. Agnes Taylor acted as chairman, choosing Mesdames Penhorwood, Suraco, Wertz, Dawson and Waite as assistants.

FOR SALE—Two all leather saddles, bridles and straps, goat milking tables with feed stanchions, old-fashioned harness and straps, all sorts of hand farming tools, garden push plow, yard brooms, garden push or pull wagon, and lots of things, cheap.
