

The Newhall Signal

VOLUME SIX

NEWHALL, CALIFORNIA, FRIDAY, DECEMBER 5, 1924

NUMBER 49

"For Each Other---Not Against Each Other."

Ellenor Shaffer New Church Treasurer

At a recent meeting of the church building committee of the new Community Presbyterian Church, A. H. Wilkie, who had served as treasurer of the building fund at the urgent request of the committee for the past year and a half, resigned in favor of Miss Ellenor Shaffer.

Mr. Wilkie as chairman of the committee, and elder of the church as well as the superintendent of the Sunday school, has his hands full, and wished to be relieved of the treasurership so as to give him more time to help finish the new church building.

Those wishing to make payment or their pledges, or assist in finishing the building, please make checks payable to Miss Ellenor Shaffer, treasurer of the church building fund. Those who have taken windows please make out checks to the church window fund and give it to Brother Evans, or leave it at the bank with Mr. Riedel.

Community Church Notes

The subject of the sermon Sunday morning will be, "Choosing the Better Part."

The subject of the Sunday school lesson is, The Man Born Blind. The golden text: "One thing I know, that whereas, I was blind, I now see."

There will be special group singing, and a vocal solo by Dr. Mackey, at the morning service.

Don't forget the evening service. There will be an old-time gospel song service, followed by a great C. E. service. The groups will be there in full force. Yes, there will be some surprise numbers.

Group No. 2 gave a splendid song, Sunday evening. Bring on another, Brother Edwards.

About 35 of our folks attended the Thanksgiving service at the Angelus Temple, Thursday night. It was a service beautiful in a temple beautiful and giving praise to Him who is beautiful.

Now comes the splendid news in regard to the church windows. There are 34 of them, and they are all taken. Work will commence in a short time.

The writer wishes to express his very great appreciation to everyone who has had a part in any way in making these beautiful windows possible, and to state that he has enjoyed his part more than he can express in words, for

Wrinkles must be written on our brows,
let them not be written on the heart.
The spirit should not grow old."

JAMES A. GARFIELD.

Beauty Shop Opens

The opening of Ye Village Beauty Shoppe Wednesday, was one of the pretty little events of the season. Mrs. Harker the teacher, and three assistants from the Rosemary in Los Angeles where Mrs. Densmore graduated, assisted her in fixing pin curls, making marcelles and manieuring nails. And there was such a demand from our ladies for work of this kind that the little shop was busy until nine o'clock.

Every business that opens adds to our commercial enterprise and we welcome Mrs. Densmore's beauty parlor.

S'more Dots and Dashes

James Chiorano, of Los Angeles has taken Mr. Martin's place in the barber shop.

The Newhall postoffice has a new sign.

George Ahlers will hold a recital of his violin class at Fillmore this Friday evening.

A man giving the name of W. A. Robinson was brought down from Saugus Sunday evening and taken to Dr. McAdory for medical attention. The doctor noted that he seemed very much intoxicated, but was busy with another patient for a few moments. Returning to attend Robinson he found the man beyond help. It is said he drank wood alcohol and Jamaica ginger.

every one he has come in contact with during the campaign for the windows has been so very kind.

Yours for church windows.

BROTHER EVANS.

Notice

Don't forget the Woman's Club meeting Wednesday, Dec. 10 at 2 p. m. sharp. There will be a special program and speaker. We wish all to be present, as special business is to be brought up. Visitors are always welcome.

Don't forget the big New Year dance, Dec. 31. Bush's Orchestra, Los Angeles.

Bazaar A Fine Affair

There were viands in abundance good waiters to serve them and all kinds of fancy articles on display, besides a goodly quantity of home made candy, to satisfy the tastes and please the eyes of the good crowd that attended the Ladies' Aid Society Bazaar, at Hap-a-Lan Hall, Wednesday evening.

Over one hundred and fifty sat down to the delicious supper, and the throngs around the booths containing the needlework, attested the interest in them.

The proceeds totaled over \$160, which is a very welcome addition to the Aid Society's funds at this time.

No special mention can be made of individuals, for every member called upon did her best to help make it the great success which it was.

CARD OF THANKS

The Ladies Aid wish to thank those who helped to make their bazaar a success. Everything was appreciated.

Mr and Mrs J J Neighbours of Downey and Robert Wilson of Whittier visited at the Wilkie home over Sunday.

Visit To Trading Post

A visit to Harry Carey's Trading Post last Sunday brought to mind the trading posts that were characteristic, maybe, of the old pioneer days on the frontier in California.

On the walls were hung blankets and along with these, bobcat pelts of all colors and sizes. Saddles that on a moment's warning, if need be could be lifted from the pegs on the low log-beamed ceiling and thrown across the backs of the ponies that sometimes stand in a row along the hitching posts as they were seen last Sunday while pictures were being taken. The long adobe building has a porch extending the entire frontage. A "barroom" is strongly featured, with high stool and a real foot rail where spurred boots and weary feet may rest. Card tables were also in evidence. The floors are all of concrete, even in the stock room. A large wood or coal stove occupied the center of the room, and around it is the inevitable built-in cuspidor, about four feet square and filled with sawdust. And no doubt during the long winter evenings will be seen many a tilted chair around the fireside, whose occupants will bet as to which one can come the nearest or shoot the straightest with a quid of tobacco, or expectorate, a la gusto, to a certain corner of the box, or perhaps hit a "snipe" that has been thrown into this generous receptacle.

Whether this be true or not, and traditionally carried out on the would-be frontier trading post, is just merely surmised, but at a glance that is what the picture registered. However, in this day and age, and in a civilized land, with patrons mostly screen stars and "picture persons" where tourists come in their fine cars instead of driving yoked oxen, and lovers of the sunny south like to bask in the cloudless skies of winter, these are the guests to whom Mr. Carey will be host.

A more picturesque ranch site could not have been chosen than that in San Francisquito Canyon, with broad fields in the foreground and the long lane that has no turn, leading to the ranch house, while the caretaker's house and the new trading post are in close proximity on the highway.

Harry Carey, famous on the screen, and well known in this community, has the best wishes of his friends in his unique enterprise.

Entered as second-class matter, February 21, 1919, at the postoffice at Newhall, California, under act of Congress of March 3, 1879.

The men who so enthusiastically read Senator LaFollette and his followers out of the republican party were more foolish than we thought. Not only are their votes and help needed in the short session, but two and four years from now the task of winning back the nearly five million resentful voters who supported LaFollette, or any part of them, will be almost impossible. And some of these votes may be badly needed then. Another thing these men who are so eager to read some one out of the party should remember, and that is this: every defeat the republican party has sustained in the last fifty years has been caused by some such fool blunder by the party's apparently half-baked leaders.

And again a member of the League of Nations tells that body to go hang. Japan will not agree to do anything about the narcotic business, because she sells Chinese dopesters their supply. China wants to stop the evil, but Japan says "No." What a really benevolent thing that League is, anyway.

Help make your town grow.

Now we'll have to begin figuring on the Christmas presents.

Well, one thing is rather grimly comforting about those mysterious Los Angeles murders. Those who get it, seem to have it coming, if the news columns are to be believed.

And now for a last word as to the League of Nations, the writer, who has been an opponent of the plan from the start, though rather favorable to it with the famous Lodge Reservations, has seen every one of his objection materialize and his predictions as to its results come exactly true.

You can figure it any way you want, but the combined experience of mankind for the last 2000 years, tempered as it is with the teachings of the Man of Galilee, is the best and safest rule for human conduct. All other rules and experiments only lead to disaster, or simply fail.

Something drastic should be done, and that right speedily, with those whelps in human form who are so infernally persistent in their attempts to re-write American history and discredit the revolutionary heroes of 1776. Those dirty traitors and their slanderous book should never be tolerated by any decent American. The American Legion has been leading the fight against this devilish work, and will need all the help it can get, if the traitorous work is to be stopped. And the fight must be carried right to the source of the trouble, the great colleges that permit such men to call themselves historians. No patriot should rest satisfied until the poisonous reptiles are cleared out from their comfortable quarters, and their lying, slanderous "histories" thrown out of American schools.

Your Checks Are as Safe as You Make Them

Paying by check is far safer than using cash—but the degree of safety depends on how carefully you write your checks.

Use ink always; never sign a check until it is filled out and ready for use; fill in blank spaces with lines so that the amount cannot be changed; keep an accurate record on the stubs so that you will always know how much money you have on hand.

When you open your Checking Account* at this bank we will gladly explain how to write your checks properly

Dots and Dashes

Louie Lejeune returned from his San Francisco trip, Friday evening, and is serving night lunches as usual.

"Newhall Cafe, Jim & Dolly Bemis" is the way that fine new sign reads on the windows of what was formerly Russell's.

Mr. and Mrs. W. M. Mullen went to Riverside to eat Thanksgiving dinner with Mrs. Mullen's parents. They remained over Sunday.

E. D. Wilson accidentally tripped over something in the yard Friday morning, and fell striking a small boulder. An examination by Dr. McAdory disclosed a broken rib, which will give Mr. Wilson a few days vacation.

Mr. and Mrs. Ed Hart have been down from King City the past two weeks visiting relatives and friends. The Harts are farming 600 acres of land in Monterey County, 200 acres in peas and the balance in beans. Their many friends in this section will be glad to know that they expect to return to Southern California some time next year.

Mrs. Fred Clark is taking orders for the California Perfume Company's articles. These are very fine and include face powders, talcum, perfume and extracts. Give your orders promptly.

An item heretofore overlooked by the Signal was the change in the bank, by which Miss Wildrick was transferred to one of the Los Angeles branches of the Bank of Italy, and Miss Mary Lowden of Newhall took the position of bookkeeper of the Newhall branch. We wish Miss Wildrick success in her new promotion, and know that Miss Mary will make good in her position here.

Mr. Scherer, who bought the property on the boulevard a little south of and across the road from Walter Cook's ranch, sold the place a few days ago to a man who has put up a filling station on the boulevard. This will make one more in addition to the fifteen mentioned last week.

Bob Andersen returned Sunday from Arizona, where he had been in attendance on the state fair and race meet. He says they just stole everything he had except the sweater he wore, and would have gotten that too, but he kept it on. Which of course was Bob's way of telling what he thought of the bunch over there.

Work at the drilling of the Associated oil well west of Castaic was halted a few days the past week, while a new "drum" was

being put in. So far there are no indications of oil. The company does not expect anything much under four thousand feet.

G. O. Kidder sold his service station at Castaic last week, and moved to the cottage on the Call property out of town. He expects to take a position as traveling salesman.

The showing of gas at the Morgan Syndicate well in Placerita has become so strong that the forge has been removed from the derrick, but at this writing no oil has been located.

A. Lane, owner of the building in which J. W. Edwards has his Community Tailoring establishment, is building on eight feet in front, and will put in display window. Mr. Edwards is desirous of increasing his stock to meet the demands of his trade, and Mr. Lane has made the addition to accommodate him.

Someone who must be out for a record for smartness, in the county assessor's office assessed the unfinished church building for taxes this year, the flimsy ground being that it had not been used for church purposes. The building is not destined for any other but church uses, and is so unfinished that it cannot be used for anything, and any official who would construe the law to permit taxing it, must want to tax something pretty badly.

The truck drivers report that the shipment of hay from Antelope Valley is about finished, the last cuttings having been made a couple of weeks ago. At present several loads a day are going to Los Angeles. The price is \$27 a ton, in the field.

So far this year several hundred loads of cotton have gone down the boulevard, and more keep going each day. California certainly produces her share of the clothing material.

Mr. Weiss of the Army and Navy store, has gone to Los Angeles to attend the last term of U. S. court. This will complete his six months' service as a juror in that court. He says that ought to be enough service to excuse him from further service for the rest of his life.

Mint Canyon Juleps

Miss Lina Myers, a teacher at Hinkley, accompanied by Mr. Yearly, were Wednesday evening dinner guests at the G. A. Wright home. They were enroute to Glendale to be with home folks over Thanksgiving.

Homer Schmid enjoyed a week's vacation through Thanksgiving with a party of sixteen on a sight-seeing trip through Zion National Park, Utah. The party was chaperoned by Mr. and Mrs. Walker, of the Fifth Street Store. They returned Monday evening.

Mr. and Mrs. Helm Schmidt attended the opening of the races at Tia Juana, and remained there for several days.

The Agua Dulce school dance held on November 26, was greatly enjoyed by those present. The player piano recently purchased for the school, will no doubt be a great incentive for the public to turn out and assist with the payments. Buzzard Gulch orchestra composed of popular Mint Canyon boys, rendered the music. Refreshments of sandwiches, cake and coffee were served.

Last call for the Mint Canyon School benefit dance, to take place tomorrow nite, December 6. Refreshments will be served free. Buzzard Gulch Orchestra of Mint Canyon will play. Proceeds go towards player piano for school. Remember this is the season for your bit to the kiddies. They are wishing you all a Merry and happy Christmas.

A Christmas program will be given December 12th, Friday nite, by the Mint Canyon school. Ladies are requested to bring cakes. Santa Claus will be there to distribute presents among the children. A feature of the evening will be a Christmas tree. Dancing afterwards. Everyone welcome.

On Tuesday night, November 25, Frank Rossi passed away at his home in Sierra Pelona Valley where he had moved nearly a year ago in search of health. Prior to this he conducted a grocery store in Los Angeles. Mr. Rossi was in his early thirties, and made many friends during his short stay in the Valley. Kindly neighbors assisted Mr. Noble of San Fernando in sending the body to relatives in

Chicago. The remains were accompanied by his widow and little seven year old daughter, Marguerite, and to whom the sympathy of the community is extended.

Nearly every family in Mint either went out to Thanksgiving dinner or had guests at home as the following would indicate. Among the many guests at the Johnson home were Bert Nepper and E A Johnson of Los Angeles. Miss Helma, Earl and Junior Schmidt ate their Thanksgiving dinner in Los Angeles and attended the matinee. To show that they could not be outdone, Mr and Mrs. Walter Murphy of Soledad invited relatives and friends to the number of eighteen to their home to be feasted on turkey and "fixin's". C B Lary of Lang enjoyed the day and incidentally the bird too, when Mr and Mrs Creech and three children arrived at their home. Mr Nadeau of Huntington Park, and Mr R Garland of Hollywood, were visitors of Mr and Mrs Garland. Mr and Mrs J K Shappee were not overlooked when the invitations went 'round, for they dined at the Felix B Murphy home in upper Soledad. Then the Helds received their share of turkey thru the hospitality of the George Shafers home in Sierra Pelona Valley, while the W B Baugher's only had to go a few steps to their neighbors Mr and Mrs Wm Heim for turkey. They had also prepared enuf for their daughter, Miss Edith Heim of Los Angeles. Mr Hayhurst and mother of Sterling and Mr Jesse Walker were dinner guests of the day with Mr and Mrs Glen A Wright while Mr and Mrs F A and Leslie Wright motored to Fullerton where they raised the number to twenty who sat around the table at the home of Dr and Mrs C. O Petty. Miss Thelma Russell was entertained that day at the home of Mr and Mrs C W Good.

Unharmed by Long Falls

Among the classic English falls may be mentioned that of a steeplejack, who fell from the top of the church of St. George in Bolton-le-Moors to the ground, the whole distance traversed being some 120 feet. The man's skull struck some sheet lead upon the earth and left its impact upon it, but though this fall was quite unbroken the man was only slightly injured and resumed work in a few days. Not long ago a man with his shoes on fell from the top of a cliff at Dover, the height of which was afterward found to be 400 feet. He was picked up floating insensible in some five feet of water, but his shoes were off, which proves that he must have retained sufficient consciousness on reaching the water to enable him to draw his shoes from his feet.

New Palindrome Found

New palindromes are rare, but a western newspaper writer has revealed several especially good ones. A palindrome is merely a phrase that spells backward and forward. A classic example of the palindrome is the speech put into the mouth of Napoleon: "Able was I ere I saw Elba." Among the new ones sent was the following purporting to be a sign which a store manager placed over a rat catching preparation composed of Dutch cheese and tar: "Rat trap made in Edam, part tar." Years ago when "red root" was popular as a cure-all, a druggist's sign ran: "Red root put up to order."

Doubt Anecdote of Drake

One of the features of the great historical pageant of Devon, produced at Torquay, was the use, in one scene, of the identical set of bows with which Drake was playing when the Armada came in sight. These bows are among the treasures of Torquay museum, says London Answers.

There are people, however, who doubt their authenticity or rather the truth of the famous anecdote of Drake and his celebrated game on Plymouth Hoe. There is no contemporary account of the incident, which was described for the first time in Britain in an eighteenth century book. It is mentioned, however, in a Spanish political pamphlet published in 1624.

Follies of 1924

All of the "Follies of 1924" are not jazz theatrical productions by any means, if observations of the Automobile Club of Southern California may be taken as a guide. These show that in spite of continued warnings, the follies of the past years are being repeated with disastrous results.

Among the most foolish follies the club notes:

Failure to stop, look and listen at grade crossings.

Trying to pass cars at intersections.

Turning suddenly without signalling.

Endangering lives and risking thousands of dollars worth of property to save a quarter's of a minute's time.

Leaving cars unprotected from thieves.

Jamming the brakes on hard on slippery streets.

These are only a few of the "Follies of 1924," but they are among the most costly.

Ostracise The Road Hog

Ostracism of the road hog of today, just as the slacker during war times was given the cold shoulder by his fellows, is advocated as one method of reducing automobile casualties, according to traffic authorities. Failure to give right of way is responsible for many accidents in the tabulations that have been compiled by motoring organizations, and it is the unanimous opinion that the road hog is the chief hazard of the highways.

The Automobile Club of Southern California is leading in a nation-wide movement to make the highways safe both for pedestrians and motorists and is urging the co-operation of every individual to this end.

Millions Now Living Will Never Die!!

You May Be One of Them

That such a time would come in earth's history is the testimony of the Bible, the prophets, our Lord Jesus, and the apostles.

In the 24th chapter of Matthew our Lord Jesus mentions more than 20 events as signs to point out the time when millions living would not need to die.

This booklet examines these signs and identifies the events which in fact are transpiring before our very eyes. It cites the Bible references so you can prove the proposition for yourself.

There 17 pages of Bible citations in substantiation of the claim that millions now living will never die, together with brief words connecting the passages with the main theme.

A subject of such immediate interest to every person living is surely worth one evening's time for investigation.

128 Pages, 25c a Copy.

Happy Valley News

Born to Mr and Mrs Imhoff of Fillmore, a baby girl November 22, 1924. Mrs Imhoff is the daughter of Mr and Mrs Reece Smith of Happy Valley.

Mrs Virginia B Pennywitt has been quite ill at the home of her daughter, Mrs Avis P Cook.

Mr and Mrs Samson entertained Mr and Mrs Thompson of San Pedro, Lieutenant and Mrs Higgins of Los Angeles and others with a turkey dinner Thanksgiving.

Mr and Mrs Mills and family, Mr and Mrs Charlie Smith and family took Thanksgiving dinner with Grandpa Smith.

Mrs P Lions of Inglewood, who purchased the Cai ranch is now living in her new home.

Mr Deitz was a visitor in the Valley Sunday.

- Fancy border Handkerchiefs

Come in and see what we have. We will be glad to show you and help select your presents.

Community Cleaners And Gents Furnishings - Newhall, Calif.

The Jin-Jer Jar

I want to be a speeder
 And with the speeders stand,
 A sour old judge upon the bench,
 A speed cop close at hand.
 I want to hear the sentence—
 Five days in jail—or ten
 As to the cell I gayly march
 Oh I'll be happy then—
 YES, I WILL!

A Newhall man presented his wife with a picture of President Coolidge. It was twenty-four hours before she saw the point. The present is not noted for talking.

Where, oh where is Rainmaker Hatfield?. Or are we too busted in this region to employ him? Or is this the vacation season for rainmakers? Or do people only go to Hatfield after they think everything else has failed?

"Come on here, where do you think you are going, to a funeral? Come on, and quit blockin' th' traffic," shouted the San Francisco traffic cop to an autoist who was creeping slowly along the street. "Excuse me," meekly answered the slow one, "I'm from Los Angeles." "You're excused," said the officer.

Los Angeles' "second million" would be realized sooner, if she could do something to keep many fellows from walking out on her.

Song by officials at Washington who don't like Congress: "Cheer, cheer, (darn 'em) the gang's all here (darn 'em) what the heck do we care (if they stay at home forever) (darn 'em.)"

From the sounds one hears when he comes upon some one working a cross-word puzzle, he is sure the thing was rightly named.

They'll soon have to build a "war prison" for those Los Angeles speeders, if they keep on sending them to jail.

Day by day, in every way, it is proved that you can't get the best of a truck with a lighter car. But drivers keep on trying it.

One coroner says Banker Fee was murdered, and another says he died a natural death. So far the only result is a lot of foolish stuff called news, and considerable expense—and the banker is as dead as he ever will be.
