SIERRA VISTA JUNIOR HIGH SCHOOL

1964-65

SAUGUS, CALIFORNIA

FOREWORD

It is with great pleasure that we present to you Sierra Vista Junior High's first yearbook. The following pages are our effort to give the full scope of what it is like to be a part of a "Growing School," our yearbook theme. When we began to hold classes in the fall of 1964 only a part of our buildings were finished. It has been very exciting to watch the other units take shape as we all worked together to get things moving smoothly. We believe you will come to cherish your yearbook as you someday reminisce about helping "break in a brand new school."

PRINCIPAL'S MESSAGE

I am very proud, as I look back over the past year, of the manner in which Sierra Vista's students, the community, and our teachers have, together, cooperated and endured the discomforts of a building program to provide education at its best.

As true Plainsmen, they have carved out of the raw material and have fashioned a structure to manifest an American ideal--a school.
