PRINCIPAL

Principal's Message

With the close of the school year we can look both forward and backward, but we can only face in one direction at a time. Let this book help with the memories of a backward glance, as you prepare to go forward. For those of you who are graduating, next year will mean a new school, new friends, and new challenges to meet. We who are continuing our education at Sierra Vista wish you well in your pursuit of your educational goals. We have learned many things together and shared many fine experiences.
