Dear Jeanne,
You're funny. And
a good friend. I hope
you get a better grade
next year in science,
Love,
Val

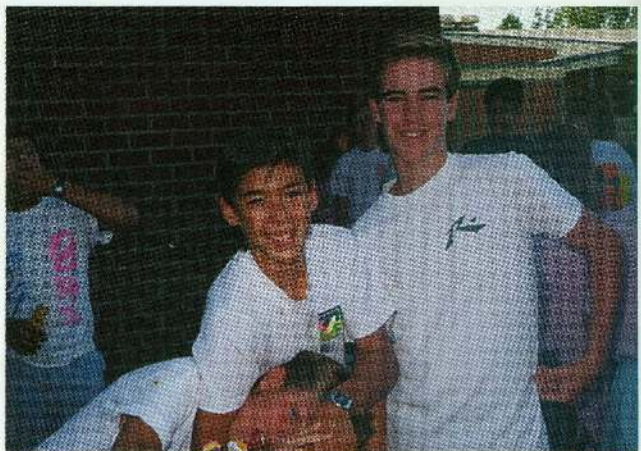

Remember all of those embarrassing moments when you were caught in the act of doing something really dumb? How about that time you made that stupid mistake in front of everyone and thought you would die? Or remember the day you opened your locker and everything fell out, right on top of you? Your friends were there to help you laugh at yourself. Here are a few of those times captured for you forever!!

I over P
Janna*

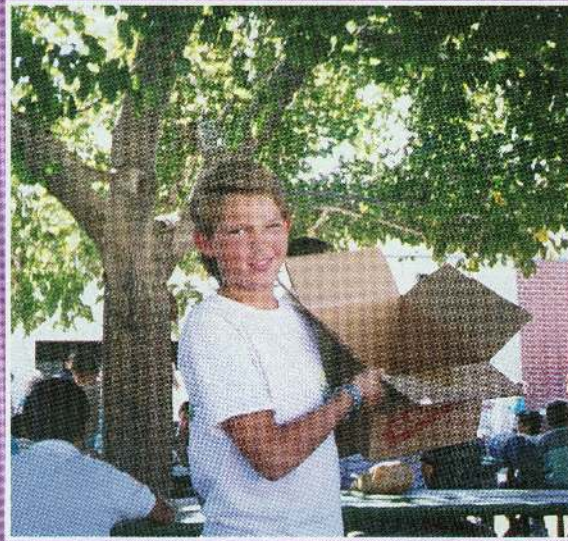

The school year is over and the work is done. It seems like only yesterday that school was just starting. Just goes to prove that time flies when you're having a good time! After Mr. Hallman's miles, Mrs. Long's math tests, and Mr. Pardi's English essays were done, then we sure did have fun. The year may be in the past, but the memory of the fun will last forever.

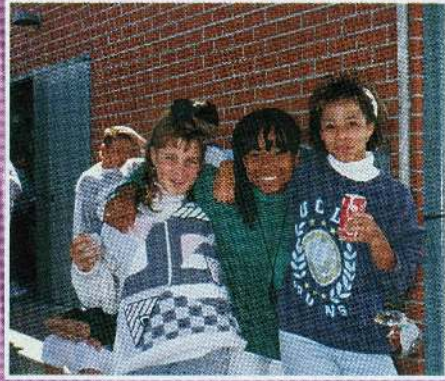

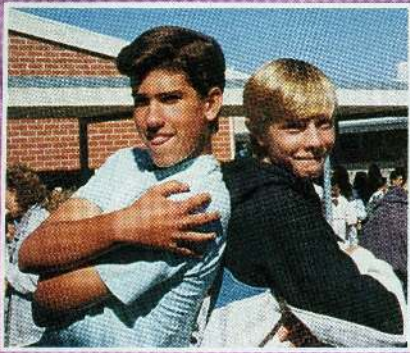

TIMES TO REMEMBER

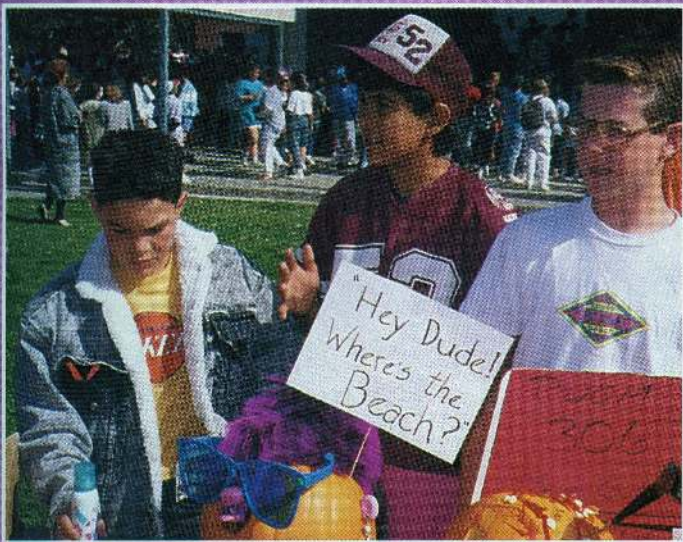

Our year at Sierra Vista brought many good times we will remember. We made many new friends and spent every moment we could hanging out with them. Remember when you were tardy and got paper pick-up, or when you were in class and someone snapped your picture? You were captured forever and someday you will look back to the good old days and remember when you were young and free. Now, there is a long road ahead, and our times in junior high were preparation. Look back and recall the best of times.

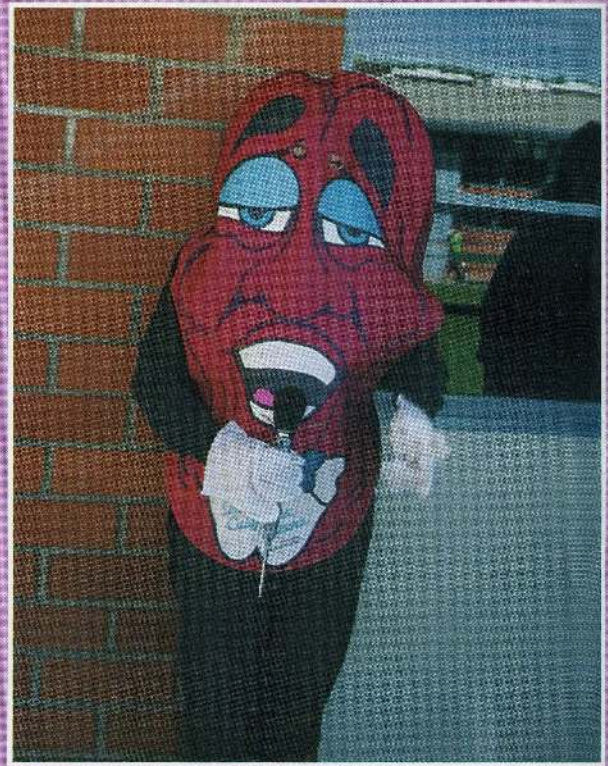

GOOD TIMES

Faint, illegible text, possibly bleed-through from the reverse side of the page.

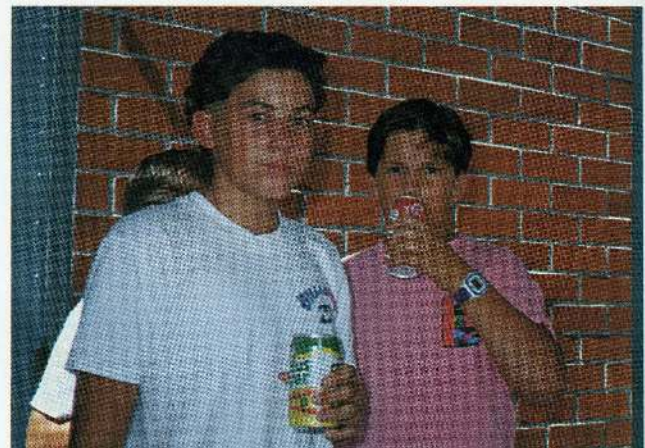

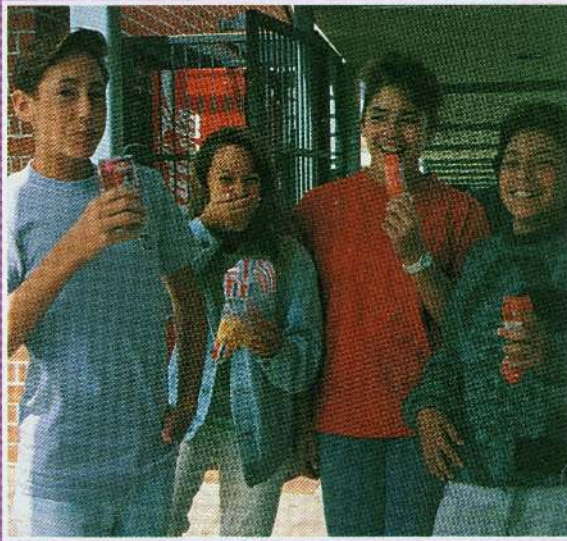

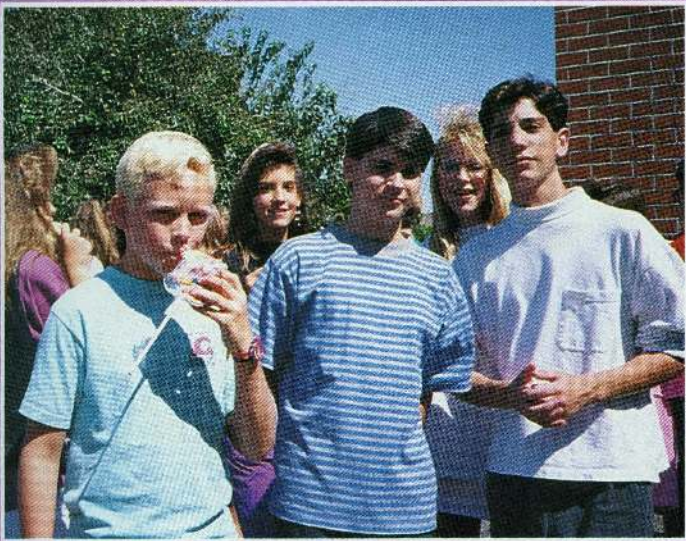

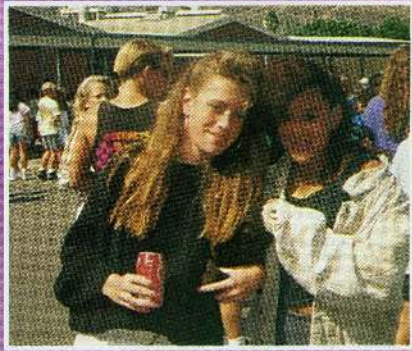

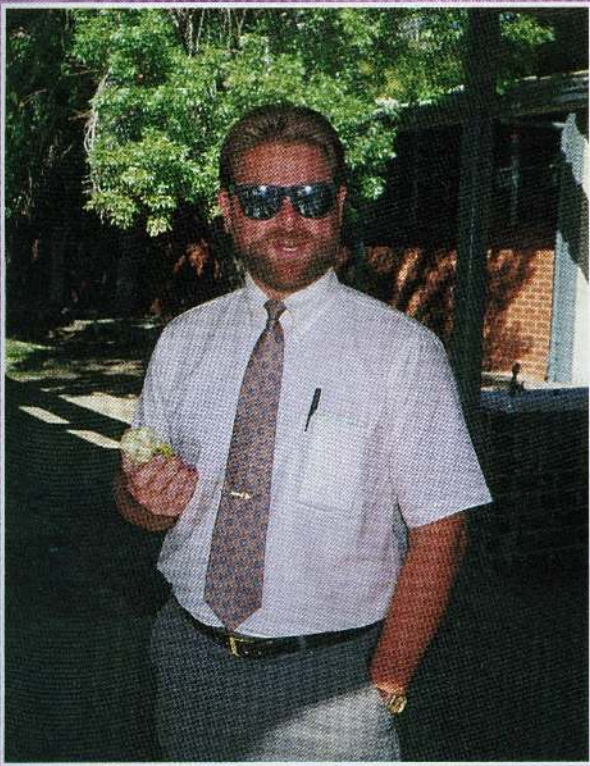

Do you remember the good times? How about the day you received a good grade on a seriously hard test? Or the magazine drive when you won a prize or earned a weepie? Maybe you went to Raging Waters, or won the big money in the Caught Right Raffle on Monday mornings. The activities and classes we had made up a lot of good times we will always remember. Here is evidence of just how much you enjoyed the 1989-90 year!

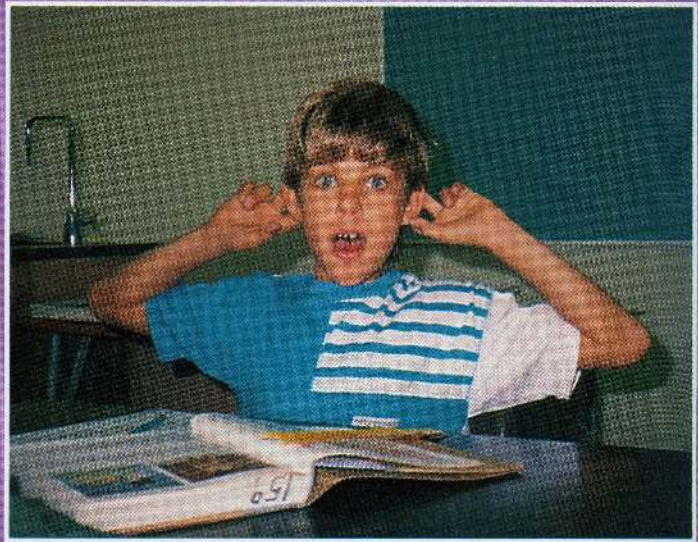

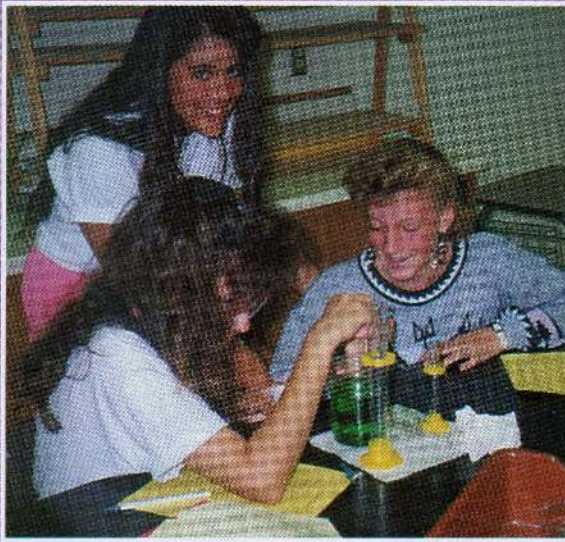

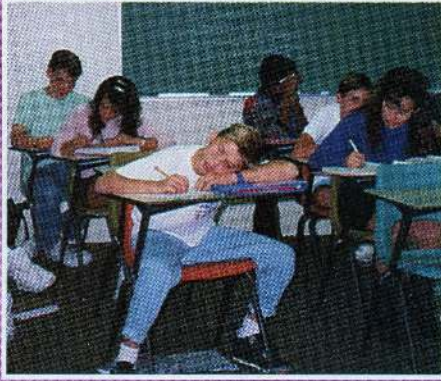

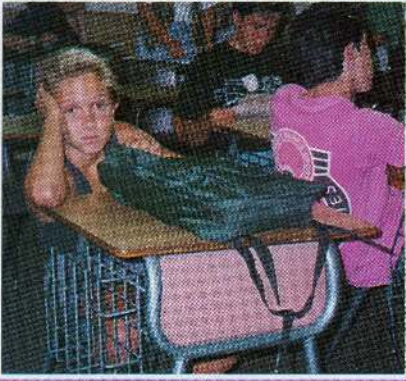

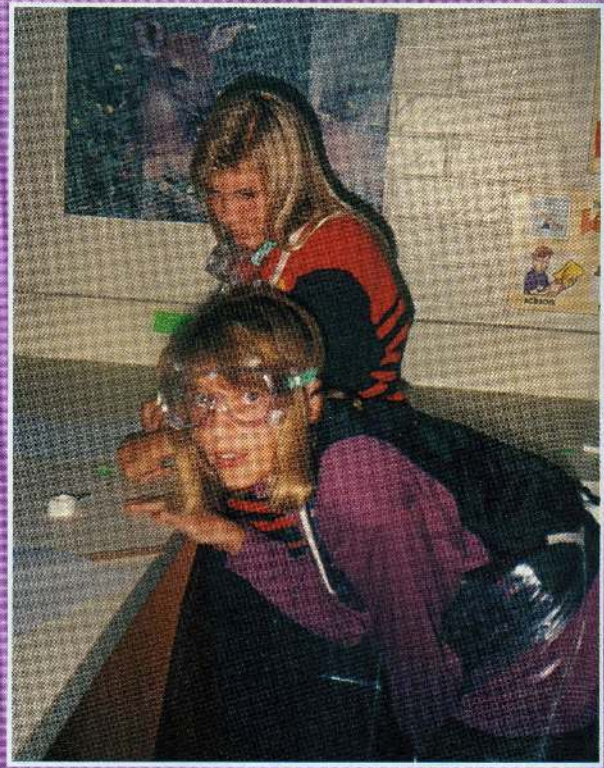

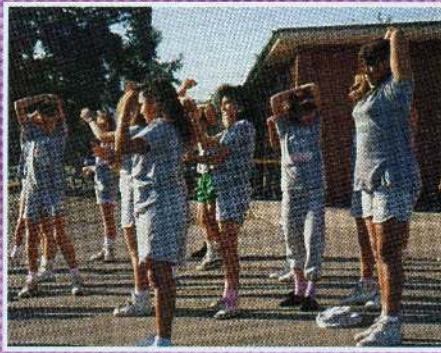

*I love you
♥ Kathleen*

CHOW TIME

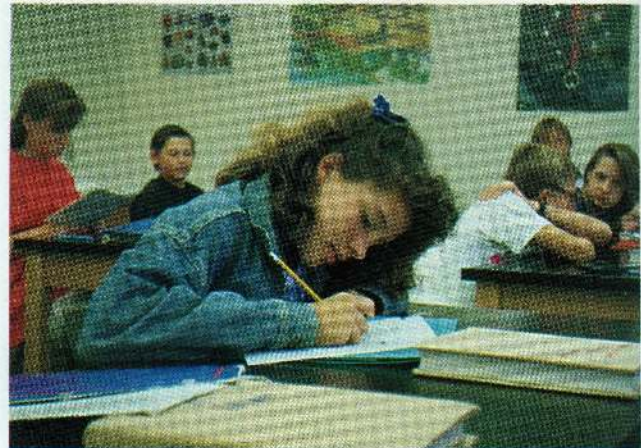

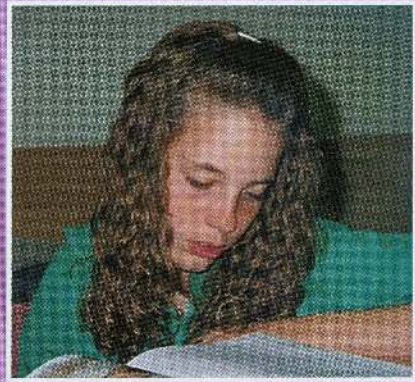

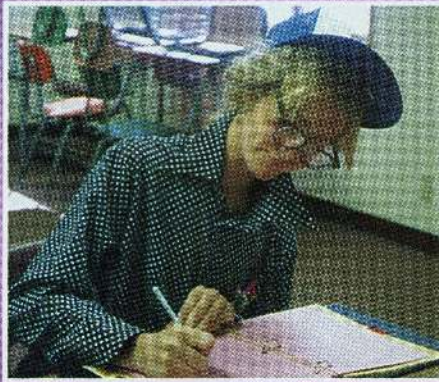

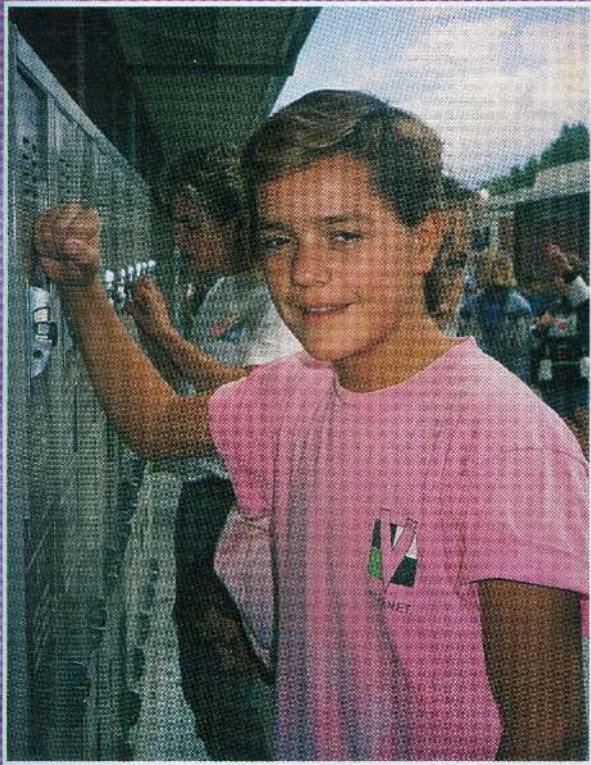

Slurp, slurp, slurp! A familiar sound at our school during lunch and brunch. Boys enjoyed that technique of noisy eating, while girls preferred the more subtle approach. Crunch, munch, crunch. Whether we were slurping sodas, crunching on Corn Nuts, or grinding on burgers, chowtime was our favorite time! We built up quite an appetite running miles, solving algebraic equations, and talking with our friends. What happy campers we would have been with longer lunch and shorter classes!

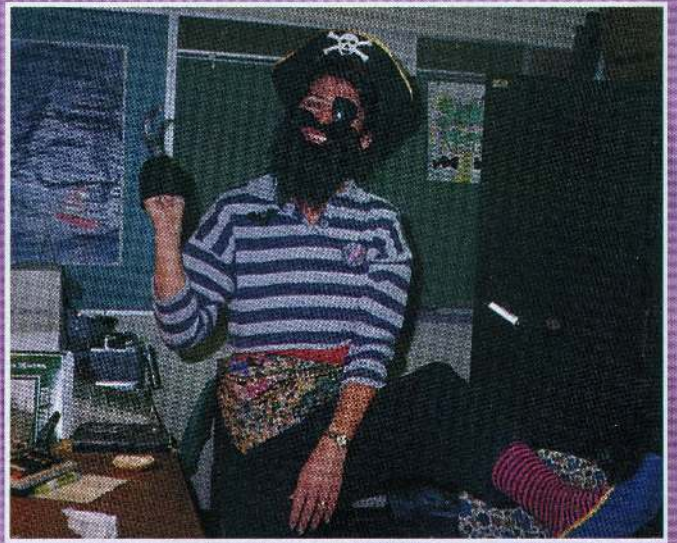

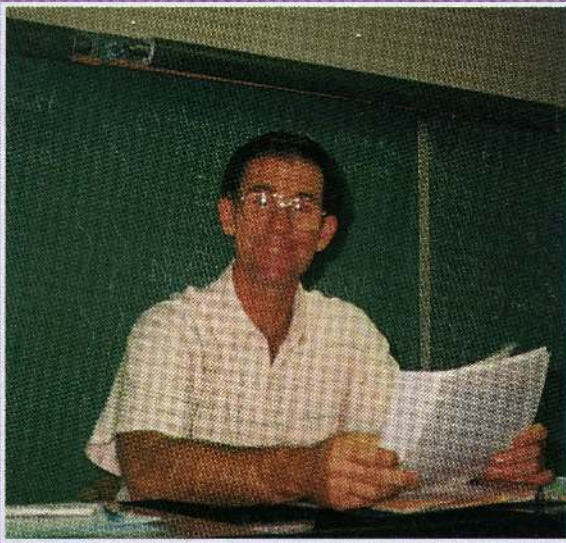

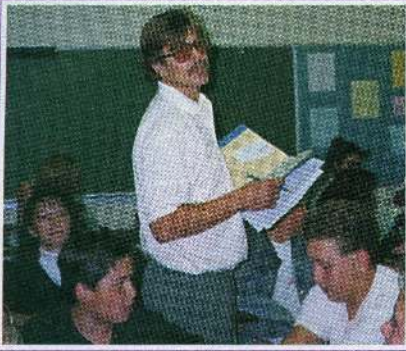

OVERTIME

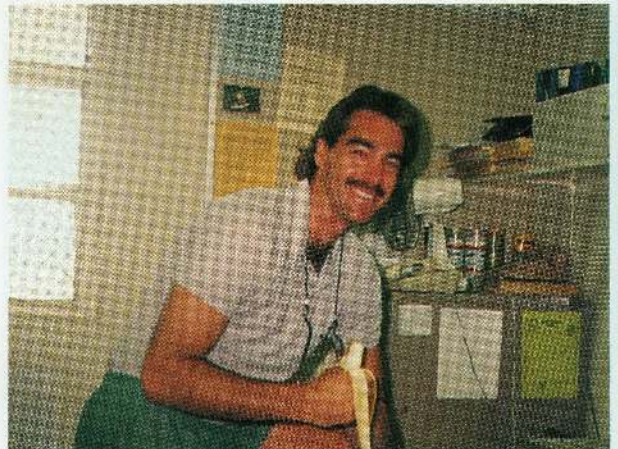

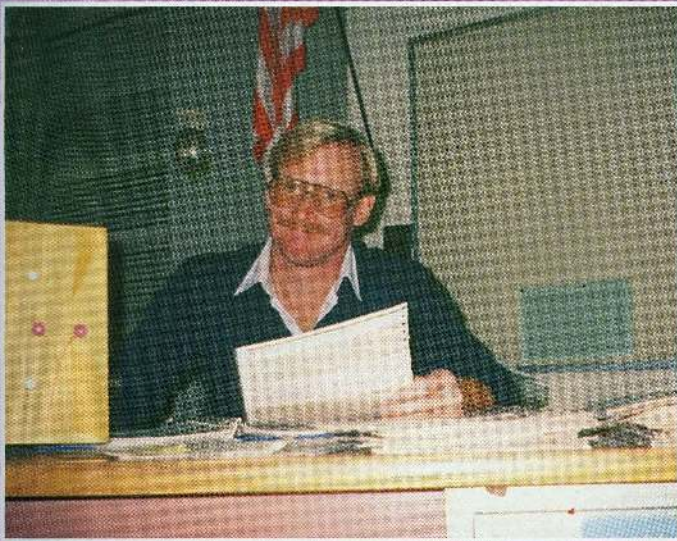

Whew! Some of our days were tough at Sierra Vista. No matter how much fun we had, there was always the reminder of work hanging over our heads. The studying was hard, the tests grueling, and listening to teachers sometimes got us exhausted, but we always had our friends to bring us back up. Our friends were a special part of what made up the tougher times. And though we complained, the success we had working overtime, made us feel great!

SHOW TIME

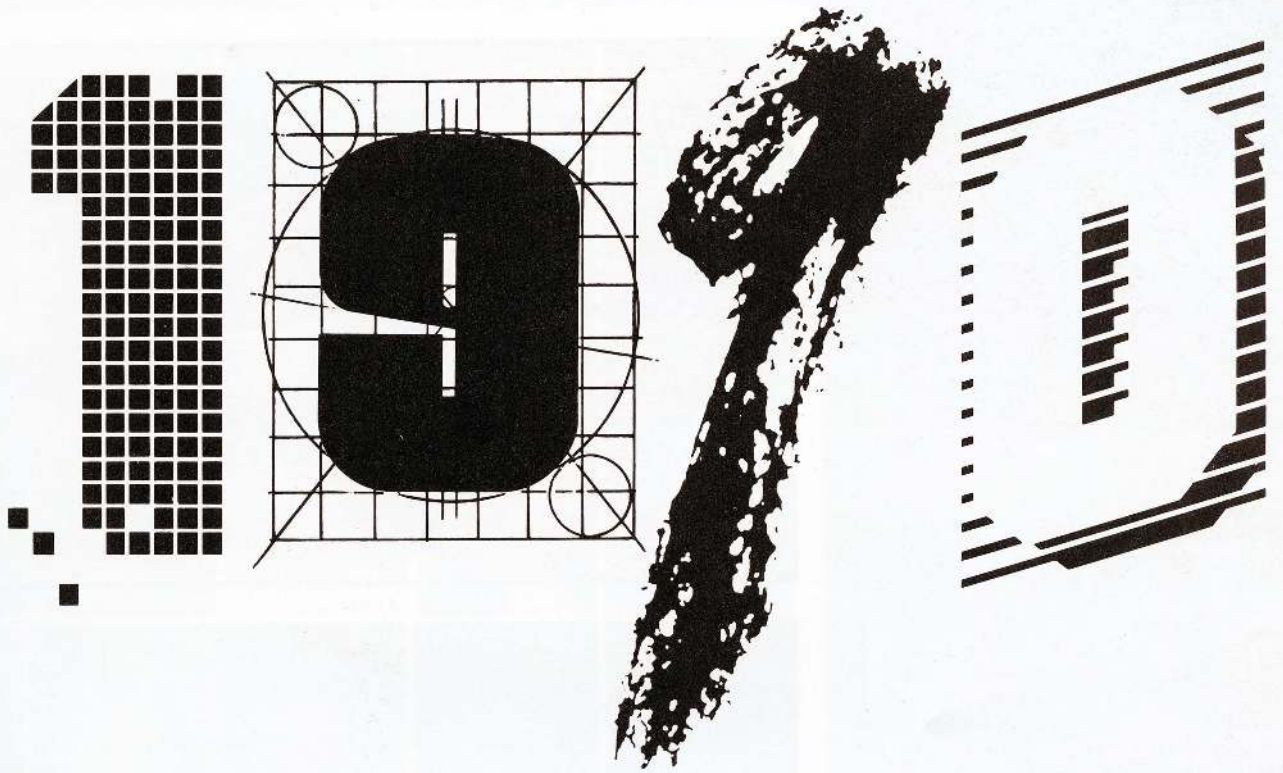

Our teachers tried to understand us. We argued and persevered, but we have all learned something. No matter what, the teachers made learning an experience. Our teachers were there to help us. Someday, we'll thank them for what they did for us.

8TH GRADE BEING YOU

Sometimes you just had to drop the act and let yourself be you. For some people, it was easy, but for others it was hard. Mike Rust and Billy Height were two of a kind because they were not afraid to be themselves.

During our Halloween activity, many 7th graders enjoyed dressing up. Among them were Amanda Budnik and Jeremiah Sparks. They looked like they were really having fun and enjoyed the companionship. This proves the theory that even nerds need love.

7TH GRADE BEING HIP

Look at all those hip styles we had this year. They just kept on changing on us. We couldn't keep track of them; boots, skirts, the works. We couldn't help but wonder what was going to happen next year. But, until then, keep on shopping. Maybe next year's new fashion fad will be one of your own.

We hung out together, as all 7th graders did, for security, comfort, and just for fun! It was "cool" being in a big group, or just with a few friends. Charles and Richard sure look like they're havin' a good time, don't they?

Ahh, Seventh grade! Our first year in junior high, although some still acted like elementary schoolers! Us SCRUBS, as those "ruling" 8th graders called us, had a great time goofin' off, as Mike Zielke was! Next year, though, will be *serious stuff!*

7TH GRADE DOLLS

Halloween really brings out the characters in us. We had clowns and babies and even jokers. Most of us were in the true spirit of Halloween and dressed up as gruesome creatures of the night. This year we had the largest number of people dress up, so we really enjoyed it.

Here we see Marina Vasquez as a Raggedy Anne, Beatriz Medina as a square dancer and a mystery person dressed as Kermit the Frog.

A very safe ten day method of skin rejuvenation which evens distorted pigmentation and smoothes fine lines from the damage of sun exposure.

DERMABRASION

A safe surgical planning of facial skin for the permanent removal of acne scars and fine line wrinkles of the cheeks and around the lips. This technique has also been effective in tattoo removal.

HAIR RESTORATION

Dr. McCray has specialized for years in Beverly Hills, California and published several articles on the newest techniques of hair restoration: hair transplantation, scalp reduction and flap hair loss. All procedures are done safely in the office setting and do not require hospitalization.
