

**THE SANTA CLARITA VALLEY
BOYS' & GIRLS' CLUB**

**1983
BENEFIT AUCTION**

OUR APPRECIATION AND WELCOME

The Santa Clarita Valley Boys' and Girls' Club gratefully acknowledges the generosity of all donations pledged in support of our 1983 Benefit Auction. It is through the far-reaching contributions of individuals, businesses and industries that tonight's Auction is presented. Your support continues to touch and enrich the lives of the youngsters of our community. It is through your concern and generosity that this youth organization exists.

We wish you a highly enjoyable evening and hope you continue to help us by bidding generously on the Auction items. The Santa Clarita Valley Boys' and Girls' Club welcomes you to its 12th Annual Benefit Auction.

THE BOYS' AND GIRLS' CLUB

The Boys' and Girls' Club is a youth guidance organization providing meaningful activity and character building programs for youngsters in the Santa Clarita Valley. Founded in 1968, it is part of a national network of organizations affiliated with the Boys' Clubs of America.

The most inclusive club in the valley, the Boys' and Girls' Club provides daily activities at 6 different program sites. Conveniently located on school grounds, the club is within easy walking distance for a large number of children. The well-rounded program includes Social Recreation, Co-ed Sports Leagues, Arts & Crafts and Special Events. Frequent trips and campouts are planned for weekends. The program operates during after-school and evening hours when youngsters are best able to attend.

The Boys' and Girls' Club employs a professional staff who are trained in the Boys' Club philosophy of providing informal guidance through individual and small group experiences. By recognizing and responding to the restless energies, curiosity, and youthful quest for "something to do", the Boys' and Girls' Club gives youngsters a chance to improve

their lives by allowing them to develop values and skills during critical periods of growth. All youngsters can benefit by the programs provided by the Club. Perhaps those who benefit most are children residing in families where there is only one parent.

The generous support of our community continues to provide the incentive for the Club's first permanent Clubhouse opened at Emblem School. The culmination of 5 years of planning, the facility has become the showcase for youth programming in the Santa Clarita Valley. In November of 1981 construction began on the Club's second permanent clubhouse, located on the campus of Sierra Vista Junior High School in Canyon Country. Similar in nature to the facility at Emblem, the ultramodern structure will double the capacity to serve the youngsters of this area.

From its inception the Boys' and Girls' Club has responded to growing needs for youth services through planned expansion and program development. Your continued support has brightened the dreams and hopes of thousands of youngsters.

818 THE BRONCO BUSTER, Remington's first bronze, was the first statue in America of a rider on a bucking horse. In the history of American Western bronzes, it is a landmark and has provided the standard for what today has become the most popular subject in Western sculpture. In modeling "The Bronco Buster", Remington faced many difficulties. Besides being his first attempt at sculpture, he had never before seen a statue of a rider on a bucking horse. Remington chose the bronco buster as his first subject because to him the bronco symbolized the story of the West. It was therefore appropriate that when the Rough Riders disbanded after the Spanish-American War in Cuba, they selected "The Bronco Buster" as the most suitable gift to express their admiration for their leader. Remington copyrighted the original statue on October 1, 1895. Because of the flexibility offered in the lost-wax process, a few of "The Bronco Buster" statues were cast with the rider wearing woolly chaps rather than the customary leather chaps. The replica of Frederic Remington's "The Bronco Buster" in woolly chaps is done from the original, now owned by Gene Autry. This famous and rare bronze will be on display auction night.
