A picture can say a thousand words. Take a portrait per se, there's a lot more to the photo besides the fancy lighting and felt background. It's the person in that portrait who makes it everything it is. There are no distractions and no guide; it's just you and that camera. With a simple pose and a simple flash, your personality has just been captured. With every portrait, there comes a story to be told. And with every story told, a Viking is remembered.

Through all these portraits it's easy to see how unique we all are. Some are calm and collected while others are giggly and vivacious. But no matter how different our personalities appear to be, we all have one thing in common. We are all Valencia Vikings.

# Fashion

With almost 3,000 students on campus, what you wear is essential to standing out in the large mass of students who make up Valencia High School. But for these Vikings individuality is not defined by what they wear, but how they wear it. Valencia students rock their own versions of this year's hottest trends: From the full force 80's comeback, complete with neon brights, to the feminine floral and lace details straight off the runway. Graphic tees to die for, all the way to fitted blazers and chic leather jackets, sported by Hollywood's most fashionable, Vikings have got it covered.

Sophomores **Tess Sieja** and **Lucas Daggon** spent their night at Mountasia. They first played miniature golf for \$14.00. Lucas' first putt was a hole in one, which Tess tried to top. After a half an hour, when they completed their round of miniature golf, they headed over to the arcade for some games for \$2.50. After this, they got ice cream from Foster's Freeze for \$2.00 and completed their night with some candy for \$1.50.

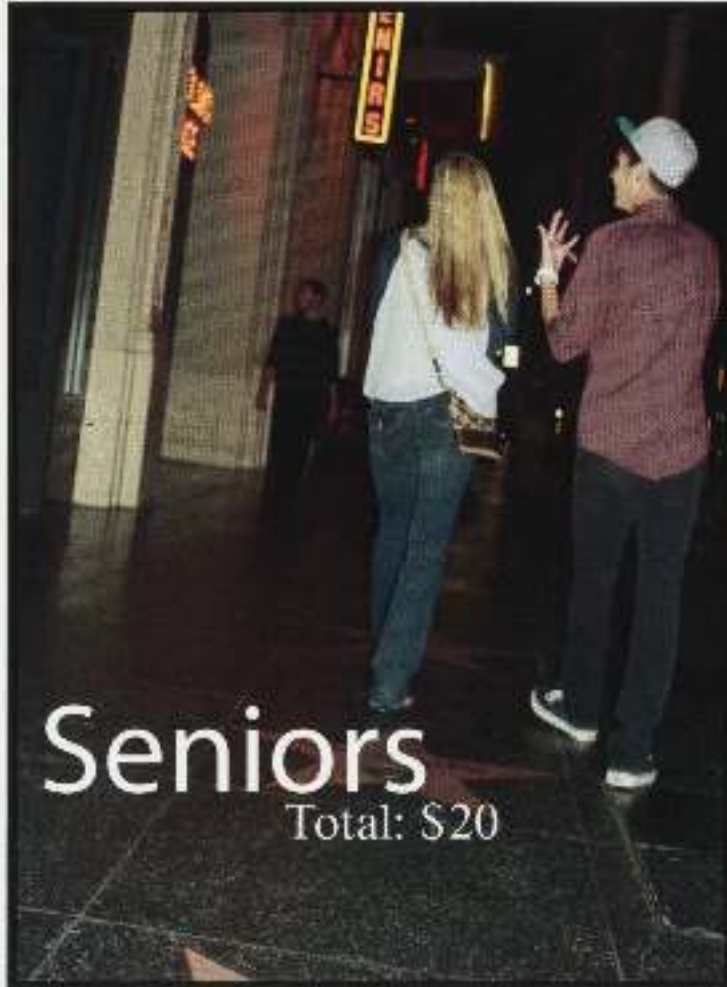

Sophomores  
Total: \$20

**20 Dollar Date:** The typical date between teenagers is an expensive affair, usually involving movies and dinner. This could end up costing as much as \$40.00, and this is just a first date. These students were chosen to see how much fun they could have while only spending \$20.00. Did they succeed? It sure seems so.

Seniors **Sarah Wilbert** and **Riley Reiss** went to Hollywood for their \$20 date. The night began around five o'clock when Riley went to the local Ralphs to get a rose (\$5.99) for Sarah. After this, Riley greeted Sarah at her house with a hug and her flower, and they drove to Hollywood listening to "Sleepy Head" by Passion Pit. Their first stop was at Diddy Riese for ice cream sandwiches. They parked at the nearest parking structure (\$2.00) and stood in the immense line for the delicious cookies and ice cream (\$3.00). After this they proceeded to Hollywood Blvd. to window shop at Urban Outfitters and American Apparel and take pictures with the costumed people in front of Grauman's Chinese Theatre. People like Bumblebee, Michael Jackson, and the Joker were entertaining that night. This and a balloon flower consumed the rest of their spending money. The date ended with Riley dropping Sarah off at home.

My life has come to this pivotal point, as my transgressions are judged and achievements rewarded, of partaking on the unimaginable, boundless journey that is my college career. My short time in school now seems just a glistening ember in my memory. I recall the roars of my peers in both appreciation and anticipation of the games to come at our rallies. Now that I am finally one of the elite and top tiers of our school, I can enjoy the small truly fulfilling elements of this time in my life. I used to indulge in fears of things to come, just like all the other lapdogs of the Earth. Now I am free to create my own destiny, my own road to greatness. I can breathe a great sigh of relief at the frivolous thought of my past and look forward to the monumental accomplishments that fate will put into my future. --Thomas Lapp

Being a senior automatically entitles us to be at the top of the food chain. We can do what we want when we want and not worry about a thing. Once you wake up from your dream-like state you realize that isn't entirely true. As a senior I've been fortunate enough to be a part of some of the best programs Valencia has to offer. I've been a part of STRIVE, Sports Med and the Track and Field team for years. Students and Teachers know they can count on me in the times of crisis. I've taken on the leadership role in most of the things I do. I love knowing that I've made a difference in someone's life no matter how big or small it might have been. I hope that with all my efforts I can leave Valencia knowing I did everything in my power to change the lives of people I encountered throughout my four years of high school. —Marisol Guzman

I would describe myself as a charismatic person, who looks forward to going to a university to start my own business. At Valencia High School I am a member of the Varsity football team and my four years at Valencia High School was definitely a pivotal experience. My favorite year was my senior year; I did everything I wanted to do as a freshman but couldn't...and more! My thoughts as a senior were focused on how long until I can buy a Maybach and then pull up to the school and show off. In ten years you will find me off the coast of Jamaica cruising to reggae music, having fun with family and friends, enjoying the finest Jamaican Cuisine and basking in the calm sunset and tropical Caribbean weather. --Darrol Mitchel

In my four years at Valencia I have had some memorable experiences. One is meeting life-long friends that have made my years as a Viking incredible. Everything from playing basketball to participating in school events has prepared me for the next phase of my life. With this, in 10 years I hope to be able to have accomplished my goal to become a pediatrician. I have aspirations to touch as many lives as possible and bring about change. As a senior, what was on my mind the most was graduation and the day I get to leave Santa Clarita. -Brittany Jackson

Hey, my name is Dalena Anessa Rangel. I'm sixteen and a junior at Valencia High School. I love going to Forever 21, Urban Outfitters and Charlotte Russe to buy clothes. Also I love hanging out and going on random road trips with my friends. I have a job and I love it. When I grow up I want to be a professional singer or in the movie/entertainment business but that's just a dream, hopefully it comes true. I'm in Circle of Friends with my best friend Leah Zabo. I'm in choir because I love to sing and be on stage. I'm a very outdoorsy person and I love adventure. I love listening to music and I can't live without my iPod.

Many of the people close to me say that I am energetic and bring a certain light into the atmosphere when I arrive, and that I always manage to see the good in people even when others don't. I am most proud of my calm composure, my adversity to frivolous on-campus gossip, and my mature and unparalleled style. Once my time here at Valencia is at its end, I plan to go pre med and pursue a career in plastic surgery or neurosurgery, and between now and then, possibly employ myself as a personal dresser for hire. What I will most miss about Valencia will be all the spectacular people I have met during my time here, peers, friends, and teachers collectively. A single principle of mine that will assist me through my life is that the less you speak the more others listen. -- Michael Shank

My name is Alex Barboza and I am fun, out-going, and I love to play sports. In the future I am looking forward to moving out of state. I think bravery defines a Viking and I contribute to Valencia with my actions. My favorite school activity is going to the rallies. In my free time I enjoy going outside to play some basketball. My most interesting school story is getting to school at 7:00am and going home at 3:00pm with two open periods in between. In ten years I see myself living in Florida, hanging out with Tim Tebow. My secret talent is beat boxing.

I'm Caitlin Ashjian. I'm a very easygoing person, and I have a sarcastic sense of humor. Some people take me too seriously, and others never do. I've been described as "interesting". My secret talent is, well it's not much of a secret, doing hair! I love everything that has to do with hair; cutting and styling. My free time is spent mostly outside of this valley with friends or at shows. I dig all sorts of accents and would love to travel the world someday. I plan on visiting my homeland, Armenia, soon after I graduate. In ten years, I'm hoping to be a heavily tattooed, professional hair stylist!

4. "Yes! His decisions are smart, and they will economically help us in this recession." -**Nicole Robinson**

Chelsea Handler. I

make the stupidest faces and the weirdest noises.

I am an outgoing, social, goofy, fun to be around type of girl. My contribution to Valencia High School is that I am an outstanding citizen in the community, I perform volunteer work at my church, and I bring a positive outlook on life to my peers. Being a Viking, I think consists of a person who is spirited and loyal to our school. In the next ten years I see myself working for a major fashion company or marketing. A hidden talent of mine is that I love sketching my clothing ideas in my spare time.

I am a fun, outgoing, social and smart girl. I love to Dance, play the piano, sing and most of all hang out with my friends. In the future I look forward to attending BYU and becoming a second grade school teacher. My contributions to Valencia High School are the clubs and extra-curricular activities I am involved in. These include choir and National Honor Society. In my free time I love to dance and practice the piano. I am an outstanding citizen to my community and perform volunteer work at my church. Out of the two years I have been at Valencia High School my most interesting school story was pushing a cart with my books in it from my church to school with my friends while have people drive by staring at us. --Rachel Cheney

I am a kind, caring person that strongly believes in equality for all. In the future I can't wait to get my own car, experience dorm life, and the college, Scripps. I also look forward to traveling; this has been a life long dream of mine. In my free time I really enjoy just being with my friends. On weekends we love to going shopping or to the movies. I also love listening to music, such as the Fray and Tegan & Sara. I am a person of honesty and integrity and I bring that to the school community. I have had a great time at Valencia so far and I can't wait to experience the years ahead. —Mckenna Miramon

# Wish You Were Here

Hey I'm Eddwane Moody, I'm a 'kool' and hilarious guy who's looking forward to being an NFL. I help out mentally challenged kids during my free time at school, but when I'm at home I like spending my time playing football or X-Box Live. I think in 10 years I'll be a successfull buisnessman, but I'll still be playing football whenever I can.

### What story or book would you want to be a character in and why?

1. "I would want to be in *Cloudy With a Chance of Meatballs*. I love food." -**Elijah Nunez**  
 "Powers That Be series by Anne McCaffery and Elizabeth Ann Scarborough. This world is awesome and the animals are telepathic, along with the sentient planet and the selkids." -**Marissa Gorlah** and "Megan Meade's *Guide to the McGowan Boys* because she lives with seven boys." -**Josephine Lee** 2. "I would want to be a character in the *Outsiders*. It's a book about friendship and that is important to me." -**Noah Bellen** 3. "*Harry Potter* because I think it would be very fun to attend Hogwarts and be able to do magic." -**Megan Oho**

### How would you design your own high school?

4. "Two stories with hover disks that would take you up to the next level. Lockers in the hallways, a sunroom to study, and a two story library. Go-karts, bumper boats, Wii Fit and, of course, swim available for PE. The curriculum would be like in the movie *Accepted*, and finally students could choose their teachers." -**Rachael Tiemann** 5. "It would be like Willy Wonka's Factory." -**Brigitta Benitez** 6. "I wouldn't because if I designed my own school, then I would actually want to go to school." -**Camila Moore** 7. "With a full service Panda Express in the middle! For free! Mmm!" -**Daniel Tuero**

Hi I'm Shaffer Grindstaff and I would say I'm a very interesting person to get to know. What many people don't know about me is that I was born in Pittsburgh, Pennsylvania. I usually over think things.

I think about how my actions affect those who are around me. I don't really see myself going to college for the rest of my life even though I enjoy school. I would rather be a welder and maybe go to a trade school like my step dad. In my free time I like designing things to weld. In ten years I see myself getting married. Hopefully at a young age I can meet that significant other. When I was younger I used to act. I was in many commercials and movies, and many people don't know that about me. I would wish to get back into the business again.

In the future, I look forward to getting a good job and making my own money. Every person wants to be independent and I would like to be like my parents, who inspire and drive me to work hard and do my best in everything I do. A Viking is basically a strong, powerful, and, most importantly, a hard working individual. Teachers, parents, and working officials in the school, always want you to work hard and do your best. I contribute by being a Viking who is a strong, powerful and hard working individual. Every school activity is something I look forward to everyday because everyday knowledge is implanted into your brain that will be used in the future to make your life more informed. People say I am smart, so I am hoping that I will be a pharmacist one day and I would make money. --Ian Severino

### What are you looking forward to this semester?

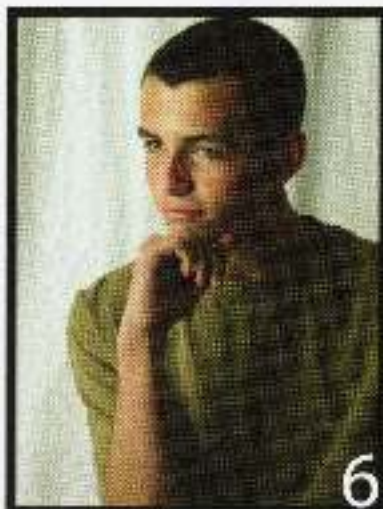

1. "What I'm looking forward to this semester is to meet new friends and get very good grades." -**Nicholas Ferraz** 2. "I am looking forward to all the games and rallies this semester." -**Jasmine Habis** 3. "Cold weather; it's burning outside." -**Catherine Caper** 4. "Coming into a new year and starting fresh." -**Taylor Pinkowski**

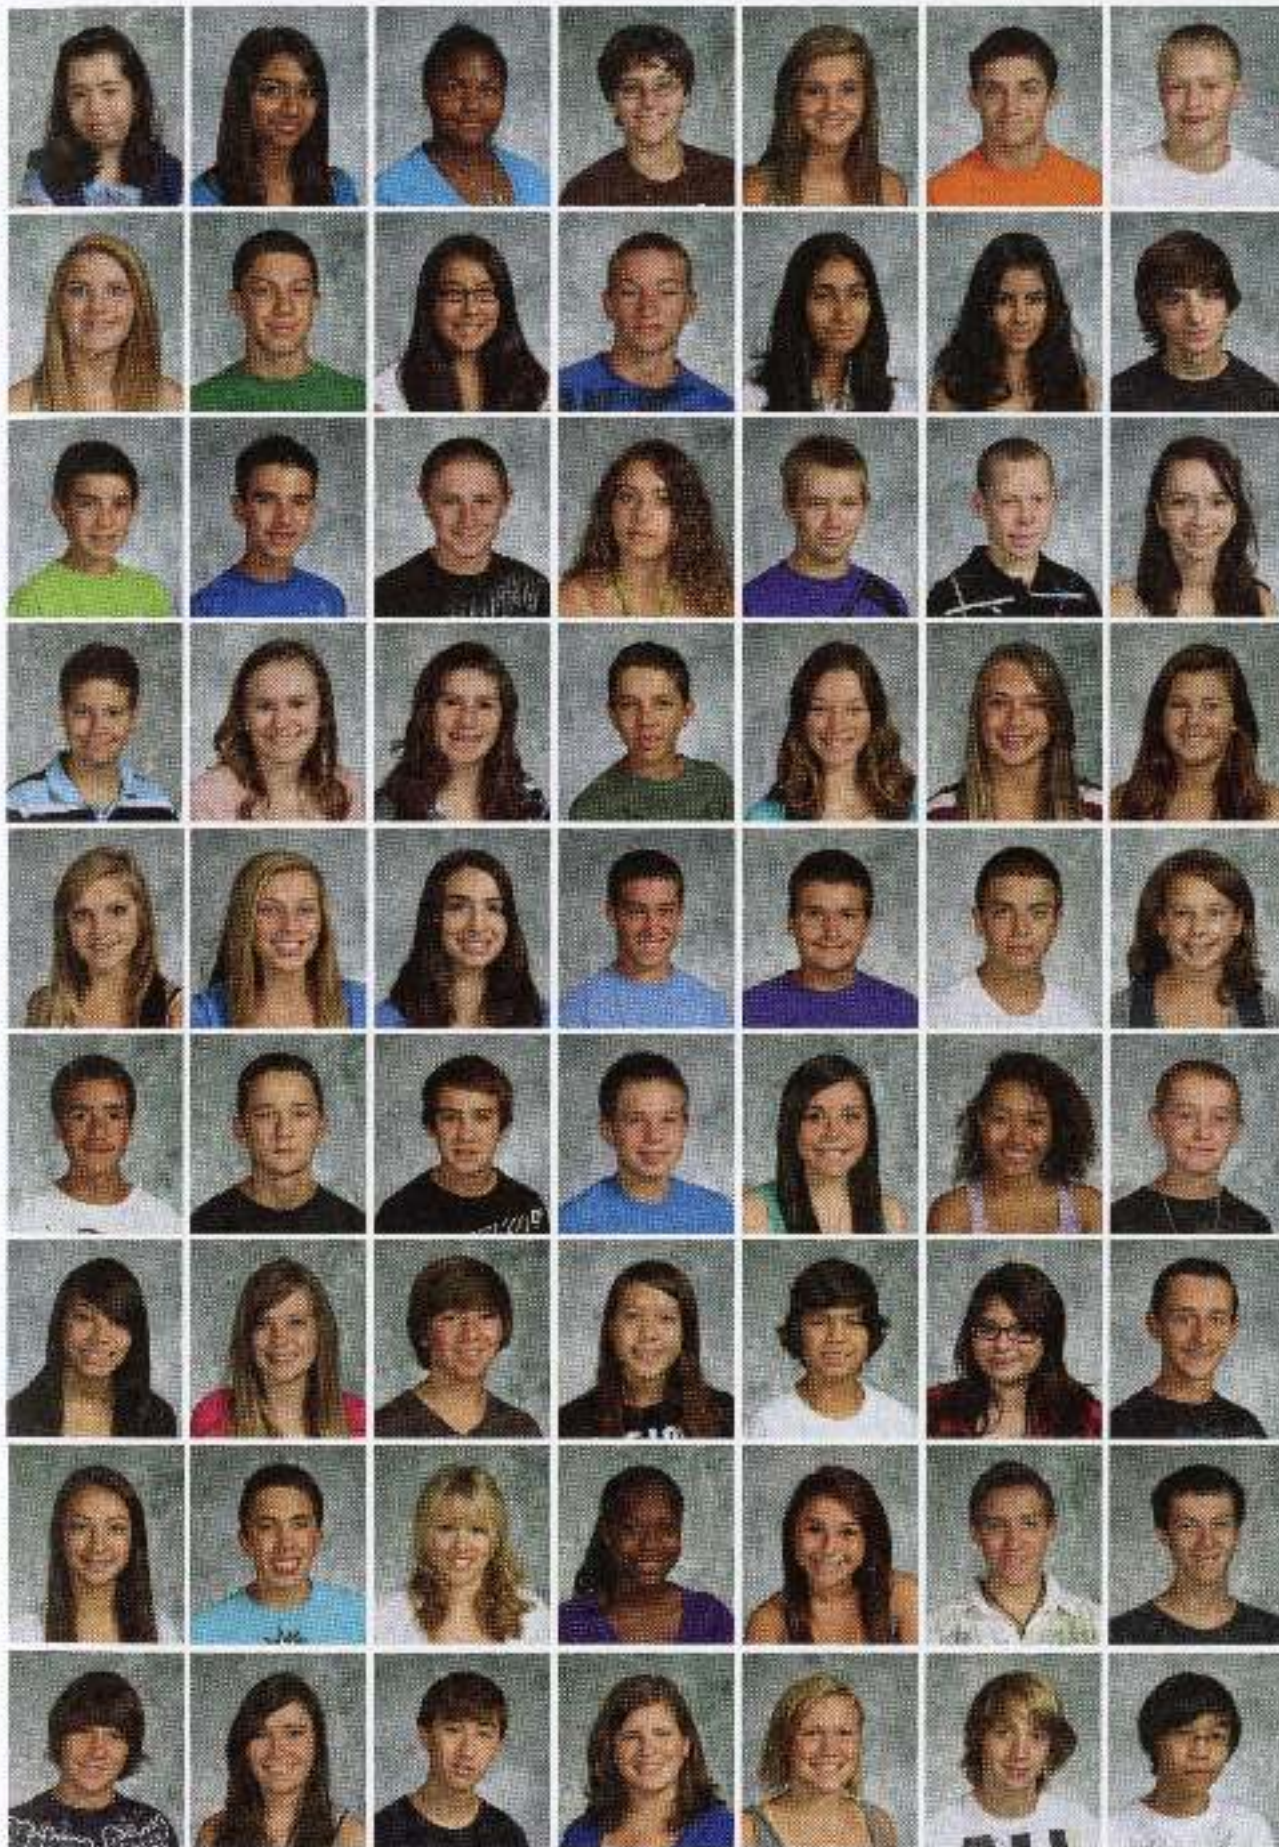

### How does it feel to go from being the oldest of the school to being the youngest of the school?

5. "It stinks. Everyone thinks that freshmen think they're the coolest people, but really we don't." -**Julianne Bermel** 6. "It doesn't feel weird to me because I am a little bit older for my grade and taller, so I fit right in with the other seniors, juniors, and sophmores." -**Garrett Mesa** 7. "It was a very different feeling, changing grades, but as the year moves on it's comfortable." -**Eric Huff** 8. "Being the youngest in the school is tough, but I've made a lot of older friends who look out for me and show me how things go." -**Danielle Antoine-Dawson**

I am a very friendly, confident, outgoing and overall cool person. In the future, I am looking forward to being a successful, hardworking woman and making money. What defines a Viking is someone with a lot of school spirit and has no shame in showing it. My favorite school activities are the dances, games and just being at school with all my friends. I spend

my free time with my friends and family. In ten years

I will most likely be in medical school training to become a surgeon.

Hi my name is Partick Dunkle, and I have been in the JROTC program since the summer before my freshman year. I started out at a summer camp and have been involved ever since. There was really no single person who inspired me to join JROTC, but both my grandfathers, as well as my father, served in the military, and I have a strong sense of pride and duty towards the United States. However, my own personal desire to improve who I was as an individual caused me to join JROTC. I love the potential that JROTC has to change a person. JROTC can take a shy awkward eighth grader and turn him/her into a confident, strong leader who has integrity and a sense of responsibility. I know that if any student truly commits to JROTC, they will emerge a student prepared for anything. I have already started my application to the Air Force Academy and will also apply to the Naval Academy and West Point. My plan is to make the military a career.

I could still use some work but I'm getting there. My biggest support system would definitely be all the friends I have made on the team; they've all been great and they know how to cheer you up when practice gets hard. Our "pre-game" routine is mostly stretching, but sometimes we do this "supermodel walk" in order to loosen ourselves up to go out and do our best. Mentally, I don't get as nervous as I used to and our team always gets pumped up with our "dance team cheer" before we perform. # Jv/Frosh Soccer

I have been playing soccer for twelve years and joined the school team as a freshman three years ago. I feel like I matured a lot this season, most likely because of the responsibility as captain. I was also proud of how I played this season, scoring more goals than my first two years combined. The most embarrassing moment of the season was when I tried to play with the flu and threw up Wanna Iguana nachos in the trash can by the field. My favorite moment of the season was the game against Canyon where I scored two goals and danced with Ryan Mahoney with our trademark Drum/Dog/Bunby-hop dance. I also love making up fake names to tell the other captains before games. I am grateful for Zack Gee and Andrew Fowble who came to cheer me on. Playing for Valencia High has been great experience that I will remember for my entire life.

# Girls Varsity Soccer

I've been playing soccer for 13 years. Of all my years at Valencia, this was definitely been one of the best because it was the tightest team I've been on at Valencia. I feel like I played really well this season because everyone on the team helps and supports each other. There are so many favorite memories, from the sleepover and rookie initiation to the pasta parties, crazy outfit days, comparing Kaci's boys at game day lunches and just having fun at practice. This season I improved mentally because I saw how team chemistry and the team's attitude can really change the outcome of the game and a season. Before games we liked to pump each other up with a long game day speeches, screaming while standing on desks in Coach Hayes room, and of course listening to "Hey Soul Sister" on our warm up CD. This season was so much fun and we did really well too; we were especially proud of beating Hart after they supposedly "dismantled" us the first time we played them. We called ourselves the Viking Vitals and proudly represented Valencia. This season will definitely be one to remember. Go VITALS! —Madi White

Out of my eleven years of playing soccer, this season as the Girls's Frosh/Soph captain was definitely one of the best. I saw this year as a chance to take my responsibility and grow. I improved both physically and mentally, and got stronger every game and practice. A lot of my success this year, however, was due to my amazing team. Through the ups and downs of bad referees, weather conditions, the Hart Tournament, and whatever else we faced, we bonded and became more like one unit able to have tons of fun, like getting slurpees after shutouts, sliding in the mud, and kidnapping the freshmen. As the season went on, we began to play for not only each other, but also for our school, G. I was so proud of my team as we huddled together, jumping and shouting, "Who's house... V-HOUSE!" after winning the championship. It was such a great experience representing everyone at Valencia and coming back as "Three-peat" League champions. I can't wait for next year. --Kara Hayes

I've been playing basketball for 14 years and have been on the Valencia Team since my freshman year. This has been a good season for me, with lots of great memories from team dinners and our tournaments in UCSB and UCSD. My most embarrassing moment this season was air balling against Highlands, but I have been working really hard to improve my game. I spent hours and hours in the gym to try to be the best I could be. My family, my team, Taylor and Jordan Spesak, and Kyle Chebbi have been my biggest support system throughout each and every game. It is an honor to play at Valencia because both my sisters played here so I am carrying on my family's legacy. I could not have asked for a better group of guys to be on the team with at Valencia throughout my high school years. —Steven Sanson

# FRESHMEN/JV BASKETBALL

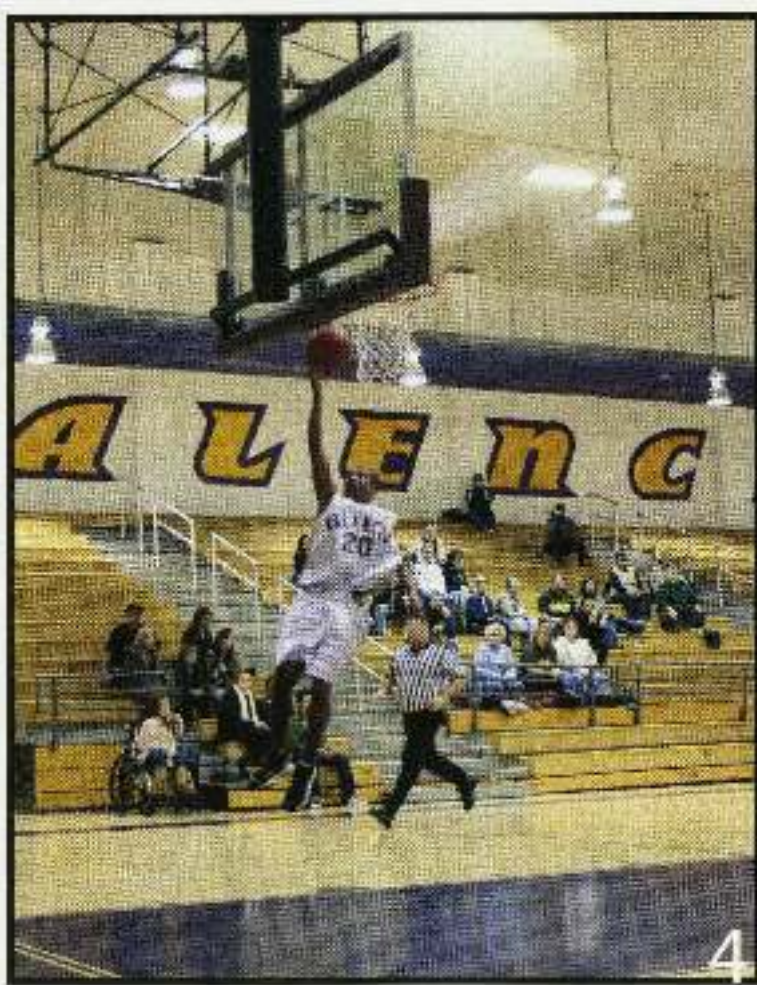

Hi, I'm Jeremy Paggao, and I've been playing basketball since I was seven years old. Basketball has always been my favorite sport to play and to watch. This season has been a lot of fun. My favorite memory of this season was winning the league championship and all of the jokes we have shared with our coach. My most embarrassing moment of this season was against Golden Valley, where I double dribbled for the first time since fifth grade. I felt like an idiot. As a point guard, this year has helped me improve my court vision. Before every game I would listen to my I-pod, "mollywop" with Austin Cherney, share South Park jokes with Chase Le Win, and get focused for the game. My biggest support system has always been my family.

1. Freshman **Timothy Joyce** jumps to make a two point shot against Canyon High School.
2. Sophomore **Daniel Salovich** steals the ball away from the Golden Valley offence to score two points for the Vikings.

5. The Vikings box out the Golden Valley defense to get a rebound.
6. Junior **Fitzgerald Correa** makes an easy free-throw against West Ranch High School.

# Girls Varsity Basketball

I have been playing basketball since I was in 4th grade, but playing these past four years at Valencia has meant so much more to me. Overall I have played well my four years and earned a starting spot my senior year. I always play with passion and aggression but by working after practice and giving all my effort I have also improved my skills. My defense I would say was improved greatly this year because I always told myself that I could do better and always thought positive even if I was having a bad game. There were so many moments with this team I will remember; this year has been the best team ever and I couldn't have asked for a better way to end my senior year. My support system I would have to say were my parents and Coach Berns; he was a great positive role model throughout my four years at Valencia. After four years my most embarrassing moment was during sophomore year, I was leading my teams "V-House" chant and I did it completely wrong.—  
Madison Lanc

# JV/Freshmen Tennis

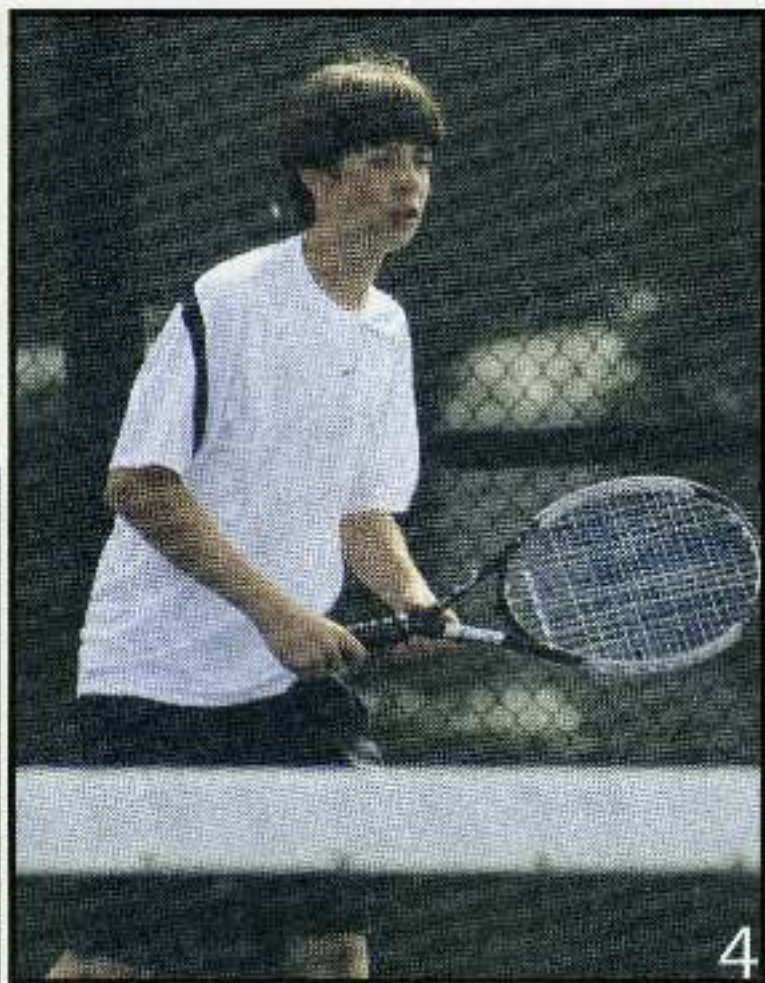

Hi my name is Tom Ellery I am a sophomore at VHS. I have been playing tennis since I was eight, but I never got serious till freshman year. In this season I have played great, my kick serve is getting better and my shot are more consistent too. One of the places that I practice is at the Paseo Club. It is one of the best places to play tennis, workout, swim or just hang out with friends. Paseo is great, but nothing compares to playing on Valencia's JV tennis team.

1. Freshman **Cameron Braun** is first to set the score in his singles tennis game. 2. Sophomore **Gabriel Sunga** is on the look out for the upcoming serve from the opposite team. 3. Hi, my name is Arianna Michaels, and I have been playing tennis for about 7 years. I started playing as a little girl just for fun and became more serious as I got into junior high. It is a really fun sport and I love being on the VHS team. I have learned so much and I have met so many new friends. My pre-game routine is relaxing, listening to music, usually Jonas Brothers, or talking to my teammates.

# Girls JV/ Freshmen Tennis

I have been playing tennis for a little less than three years. My favorite memory from this season was having a cupcake fight with Amanda and Jenny after practice one day while the rest of the team looked at us like we were crazy. The most embarrassing moment of this season was when I attempted to jump over the net, but my foot got caught and I ate it in front of the team. This year, I have improved mostly physically. I have been able to improve my strokes and notice what part of my game needs the most improvement. My biggest support system would have to be my coaches who help me better my game all the time. --**Jennifer Miller**

I have been pole vaulting on the Valencia High School Track and Field Team since freshman year. The season just started so I'm hoping to do well at the upcoming meets. Coming back from the off-season and not being able to get off the ground has definitely been tough. However, I have improved mentally, and I'm hoping to get better physically, too. Before I vault, I always do drills and listen to music while I warm up to get ready for the meets. So far, my favorite memory has just been hanging out with my friends on the track everyday at practice. My family and team have been my major support systems and always encourage me to help my vaulting improve.

I have been running track since freshman year.

I primarily run the 4 by 4 relay, 200 meters, and 400 meters. My favorite memory of track is practice and all of the fun games, jokes, and stretches everyone would make up (especially sponge scratch and table topping). I also enjoyed the invitational meets and competing against schools from all different areas. My pre-meet routine is to first take a nap to regain energy. Then at the meet I eat a pack of sport beans, put on chapstick, run two laps, stretch, and then put my spikes on and wait to run my race. For the future, I am going to major in kinesiology and hopefully become a physical therapist. I won't be running in college but running will still remain one of my favorite things to do. - Erica Guzman

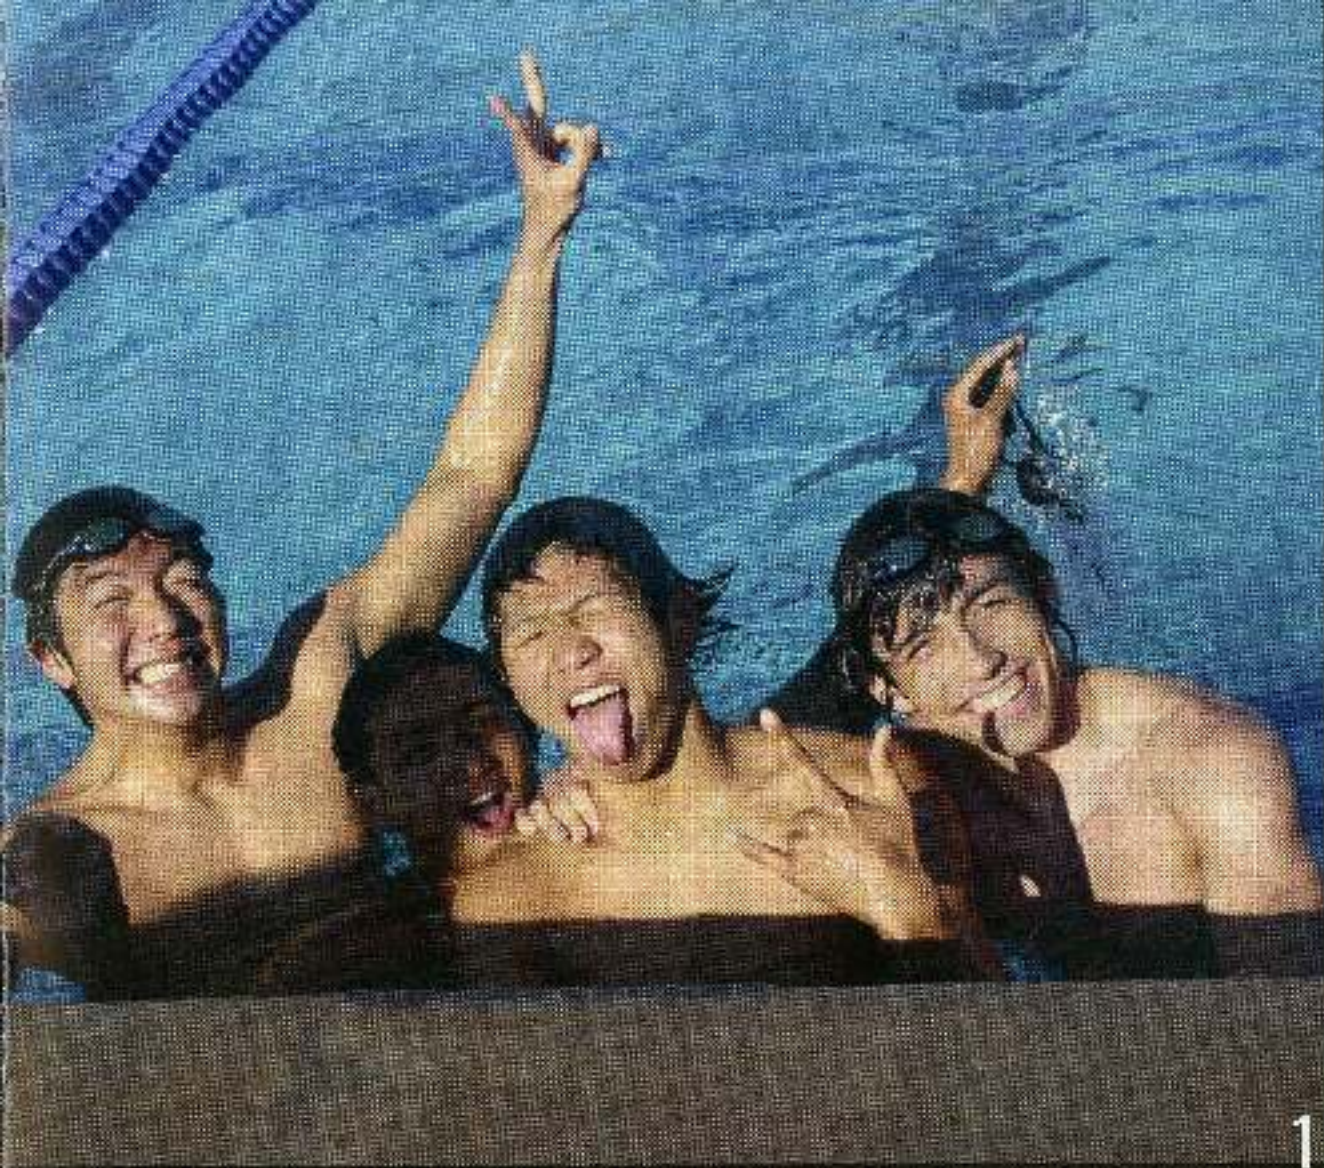

# Boys Swim and Dive

I have been swimming since I was nine for a summer swim team and I have been swimming competitively for club since I was thirteen. My favorite memory of the swim season so far has been the singing on the bus ride trips back from La Cañada High School and Crescenta Valley, just let me say, I think we have the making of a men's swimming choir team. My biggest support system, I would say, would have to be my mom. Being a Viking swimmer involves a lot of determination, perseverance, hard work, and most importantly, having an awesome time with friends. - **Blake Owens**

I have been competitively swimming since I was 8 years old. So far this season has been going well for me. My favorite memories are anything that has occurred on the bus rides on the way home from the away meets. I haven't had any really embarrassing moments this season. I have improved both physically and mentally this season, especially after being injured most of last season. My whole team is my biggest support system; I love when everyone cheers. My pre-race routine includes stretching my muscles, listening to music, eating fun-size snickers and getting myself pumped. It means a lot to me to be swimming for Valencia. Ms. Stroh and Mike Bechtoldt are the most hilarious people and the best coaches I've ever had. -Emma Jacobsen

I have been playing volleyball for four years and this season by far is my best one. My biggest improvement this year would be my ball control and serving. The biggest support system for me is my family, especially my dad. He cheers and jeers at every play, and it is funny to see him yell at the refs for a bad call. My favorite memory this season would be when Kurt Fultz yelled, "Saltine Crackers" at Nick Ferry during a drill at practice. My most embarrassing memory would be when I served the ball under the net during a game and had to buy my team doughnuts. My pregame routine involves a basic circle drill followed by bouncing balls in hitting lines while listening to bumpin' tunes. To play for Valencia is to uphold a tradition. The team has never lost to a league team in ten years. We are at game 92 and only five games away from breaking the record held from most consecutive league games won. — Josh Duarte

# JV / Frosh Baseball

My name is Jason Springer and I am on the JV baseball team at Valencia High School and I have been playing Baseball for 13 years. My favorite memory of this season was when Ives wore short shorts to practice. My most embarrassing moment playing baseball at Valencia was when I slipped in the dug out. My skills have definitely improved mentally, last year my attitude was not very good, but this year I worked harder than last year. This season I haven't played to the best of my ability but I intend to step up my game for next season. Hey I'm Madison Shipman. I play varsity softball and I'm going to the University of Tennessee next year. I'm really tall and I play short stop. I've been playing softball pretty much since I came out of the womb. Our team is extremely superstitious!

Everyone has their own thing they do but I absolutely have to have a Dr. Pepper before I play or I won't be able to function. I am the worst loser ever so I have to win at all times. Softball has completely consumed my life but I don't know what I'd do without it.

# JV/Frosh Softball

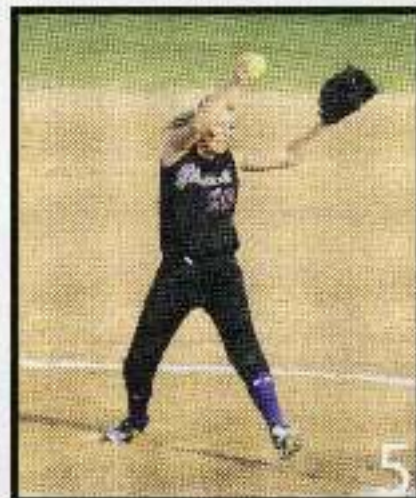

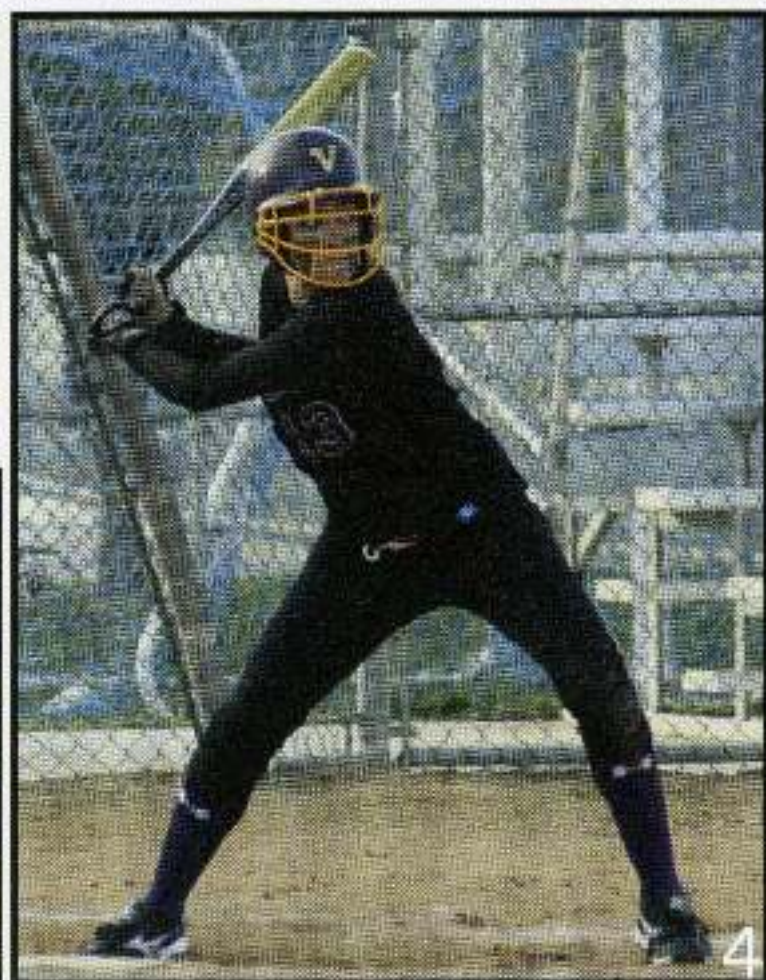

I've been playing softball since I was 8 years old. My parents are my biggest support system when it comes to my sport. My favorite memory this season was to play for Mr. Rooney again.  who you can lean on if you need to be  
 helped if you have to be because of your  
 responsibilities and the world around you and  
 more like you know, thank you for making  
 my life so much better and for being my  
 biggest support and for being all the things that

We would like to thank all of **Valencia High School** for your cooperation and patience with our efforts to produce this book. Every interruption and request has been done for you, and we hope that you enjoy all the hard work that has gone into this book. We specifically would like to thank the administration, including **Dr. Priesz**, the **assistant principles**, those in **the registrar office**, **the counselors**, **the attendance office**, and the **ASB office**. Special thanks also goes to **Mr. Ferry** who played a significant part in helping us finalize the pages and for giving us support when we needed it most. Many thanks goes to **Mark Frederking** who provided us with his innovative ideas and extensive knowledge. We'd also like to thank **O'Connor Photography** for their quality photographs and marvelous studio. Last but not least, thank you to **the custodians** for their assistance with the senior party and distribution.

**Mr. Rosenast**- Thank you so much for not only letting us occupy your classroom with our studio, but thank you for all your support during this past year. This book would not have been what it is if it weren't for you. Most importantly, thank you for dealing with Ms. Dollman's "insanity".

**Ms. Stoh**- Thank you for giving us everything we ever needed, including students (like the Haradas). We appreciate your support!

**The Harada Sisters (Kimberly, Allison, Kaitlyn)**- You guys never had to do more than you were asked, yet you always did. This book wouldn't have been nearly as creative or even complete if it weren't for your benevolence. Thank you!

**Kim Haglund**: Anytime Ms. Dollman couldn't be there, you were. It's because of you that this book even had a chance of being finished, and we would like to thank you for all of your help.

**The Abergels**- Thank you so much for your support, time, and physical assistance. I know it wasn't easy at times, but thank you for always putting up with me and my time in yearbook.

**Ms. Dollman**- There aren't enough words in the dictionary that could ever thank you for all your work and time that you have devoted to yearbook. You weren't just the advisor this year, but you were the foundation in creating and completing this book. I'm so happy to have been blessed with such a "role" advisor.

Autographs
